1. Administration

1.1 Administrative Structure

- a. This agency's organizational chart is attached. It identifies the units and staff within the agency that are involved in the operation of the district's employment program.
(Attachments must be uploaded to the system through the "Documents" screen prior to submitting the plan. Use the textbox below to provide any additional information.)

Albany County Department of Social Services Organizational Chart A-1

Albany County Department of Social Services Employment Unit Organizational Chart A-2

- b. Below is a description of the office(s) in and/or outside of the Department of Social Services that are involved in the operation of the district's employment program and include the responsibilities of each office.

The Employment Unit is the office within Albany County Department of Social Services that is responsible for the operation of the Welfare-To-Work (WTW) program. This unit will design programs to identify and meet the needs of the TANF, SN-MOE, SN non-MOE and SNAP program's clientele. The Employment Unit is responsible for the development of Requests for Proposals (RFP) pursuant to Albany County's procurement policies for many of the employment services offered in Albany County. Such RFP's may be completed on a yearly basis or less frequently, as need arises. The RFP is intended to recommend the purchase of services that are not already provided by the New York State Office of Temporary and Disability Assistance or by the Capitol Region Workforce Development Board (WDB) or are otherwise available without cost. Employment Unit administrative staff works with the WDB to recommend programming for eligible TANF recipients (and others at risk) under the WTW funding. When possible, that collaboration will include participating in the WDB's RFP process.

Employment Unit staff monitors and reports on all WTW programs through local databases, which are maintained by this office. State requirements for reporting and tracking through updates to the WTW Caseload Management System (WTWCMS) are accomplished by the Employment Unit staff. WTWCMS, which is maintained by New York State, calculates local district's federal and state participation rates. The employment services contract awarded through Albany County's Comprehensive Employment Services RFP are monitored by the Employment Unit Director and Resource Development Specialist. Provider payments based upon performance and achievement of benchmarks are paid directly through the Comptroller's office once the claim is approved by the Resource Development Specialist and Director.

Employment Unit staff will directly provide or participate in the delivery of services such as orientation classes, job fairs, conduct outreach to employers with potential employment opportunities suitable for our client base and job placement. Employment Unit staff will provide call-in services to meet recruitment requirements when it is deemed necessary, as well as provide liaison services between case management staff and service providers when necessary. Department of Social Services staff including Employment Unit staff are available as needed at the Department of Labor located at 175 Central Avenue to assist the underemployed Temporary Assistance population.

Employment Unit staff contacts the Temporary Assistance recipient to complete an employment assessment. Assessments are completed for individuals ages 18 and over (or 16 and 17-year-olds without a high school diploma [not attending secondary school]) in households with dependent children, are completed within time frames required by federal and state regulations and updated as needed no less than annually. During the assessment and employment plan development, Employment Unit staff will determine the recipient's employability level, then refer to either the appropriate program, monitor employment, request medical verification for those indicating a personal barrier to employment, or a combination of these. Medical verification can come from the recipient's practitioner/provider and/or the recipient may be referred for a consultative examination for further review. Employment codes can be changed to reflect present status, making the recipient either exempt from employment requirements or non-exempt and requiring participation.

Activities will be held virtually, or in-person based on circumstances and client need.

Employment Unit staff works with all applicants and recipients to assist them in becoming and remaining employable.

c. Monitoring and Oversight of TANF and SNAP E&T Funded Contracts/Agreements

Described below is the process used to monitor district held contracts/agreements with providers that use TANF and SNAP E&T funds for employment services:

Our contracted employment services providers regularly monitor all clients daily, weekly and monthly, including those clients that may be engaged with other capital district providers. They have established databases that document, track and report all employment related activities. In addition to these databases, information will be retained on paper in case files.

Our contracted services providers electronically submit attendance reports, as well as progress evaluations, on each individual to the Employment Unit no less than monthly, but more often weekly. Monthly, all attendance and/or data from the various agencies that clients are involved with is compiled by our contracted service providers into a single document to be provided to the Employment Unit. They record all information on a DSS time sheet, which is subsequently entered monthly into WTCMS by Employment Unit staff so participation rates may be generated.

On a monthly basis, the contracted employment services provider will submit a multitude of reports and supporting documentation to the Employment Unit. These reports are reviewed and assessed for qualified benchmark and performance payment approval. Benchmarks that are not met without good cause will result in a reduction in quarterly performance payments. The Director or Assistant Director of the Employment Unit is responsible for reviewing and assessing these reports.

District Orientation Procedures

Yes or No:	District Orientation:
Yes	The district provides orientation in accordance with 18 NYCRR 385.5 and no additional information is provided at orientation.
No	In addition to the requirements outlined in 18 NYCRR 385.5 of the regulations, the district's orientation provides the following:

- b. Described below is how the district completes the required orientation for all applicants and recipients of TA at application and recertification. Orientation can be held in-person, either in a group setting, individually, or a combination of both. It can also be held virtually, over the phone, or by sending orientation material to the client by mail. Please include the orientation procedure for exempt individuals and non-exempt individuals, if different:

We start our orientation process by providing applicants/recipients the Client Information Books (LDSS-4184 A, B, and C) with every TA application. Orientation is completed individually, over the phone, for our applicants and recipients as part of the assessment process in accordance with NYCRR Section 385.5. The Employment Unit worker makes four phone calls to the recipient to either conduct the interview or schedule a day and time that works for the recipient for the completion of the assessment. If we are unable to reach

the recipient by phone, due to no phone number listed or the number is no longer valid, the Employment Unit worker will send a contact letter to the recipient (Attachment B.) During orientation, the Employment Unit worker reviews the rights and responsibilities for both the Agency and the applicant/recipient. We discuss the role of the Employment Unit, describe work activities they may be assigned to, and supportive services available, including transportation, childcare, clothing, etc.

If the recipient requests orientation as an in-person activity, we will set up an appointment for the recipient to come into the Agency to see an Employment Unit worker.

3. Engagement

3.1 Federal “Engaged in Work” Requirement (Reference 18 NYCRR 385.2 (f))

- a. Federal requirements state that parents or caretakers must be engaged in work as soon as the district determines they are ready, but no later than within 24 months of receiving federally funded assistance. The district’s definition of “Engaged in Work” is:

Compliance with assessment, employment planning, all activities included in the individual’s Employment/Self-Sufficiency plan, including any need to attend treatment/rehabilitation programs, or any of the work activities listed in Section 4.1. Also included is pursuit of other forms of income such as SSI and SSDI.

There is no additional information to add regarding Engaged in Work activities.

3.2 Strategies/Procedures for Accommodating Individuals with Limited English Proficiency

- a. Described below is how the district accommodates non-English speaking participants' access to employment activities and services:

Participants with limited English comprehension, verbal and/or written, will be assisted by Employment Unit staff in order to assure full understanding of all parties' responsibilities. The Employment Unit staff will assign non-English speaking participants to services provided by organizations such as United States Committee for Refugees and Immigrants of Albany (USCRI), Refugee and Immigrant Support Services of Emmaus, Inc. (RISSE), Refugee Welcome Center, Albany International Center, Altamont Program, Boards of Cooperative Educational Services of New York State (BOCES) and Capital District Educational Opportunity Center (EOC) that provide bilingual instruction and will assist those participants in obtaining Limited English Proficiency (LEP) services. Our contracted employment providers will be utilizing translation services to assist our recipients with assigned work activities.

We utilize the Interpreter Services Guides (PUB # 4843) to determine native language and where possible, provide publications and notices using the identified language (as well as in English) from the OTDA library. The district staff have access to interpretation and translation services in the following manner:

1. Telephone interpretation and translation services are contracted through Language Line Services, Inc.
2. Written translation services and face-to-face interpretation and translation services are contracted through Language Today.
3. Sign language interpretation services are contracted through Geneva Worldwide.

3.3 Strategies/Procedures for Increasing Program Attendance

- a. Described below are the district policies and/or procedures used to reduce the number of times participants fail to participate in work activities. This includes absences with good cause:

Participants that continually fail to meet the required hours of participation will be contacted by phone by their Employment Unit worker. The purpose of this additional contact is to allow the Employment Unit worker and the participant an opportunity to review the issues surrounding the non-compliance and stress the importance of future compliance. Intervention may assist in uncovering underlying issues such as, but not limited to, mental health barriers, basic day care or transportation issues. Referrals for other services will be identified and occur as needed. The participant's response will be monitored for improvement. If outreach is unsuccessful, the State developed conciliation notice will be issued to offer conciliation in accordance with Section 341 of the Social Services Law and 18 NYCRR 385.11.

Activities will be held virtually, or in-person based on circumstances and client need.

3.4 Strategies/Procedures for Engaging Sanctioned TA Participants

- a. The following are strategies used to engage sanctioned participants. If a district uses one of the options, a description will be provided (reply yes or no to the options as they apply and provide a description for “yes” responses):

Strategies and Procedures for Engaging Sanctioned TA Participants

Yes or No:	Strategies and Procedures for Engaging Sanctioned TA Participants
Yes	<p>Described here are the strategies the district uses to attempt to engage sanctioned participants as soon as they are sanctioned:</p> <p>We make every attempt to uncover any obstacle or barrier that has prevented an individual's compliance prior to imposing a sanction. We give each participant the opportunity to comply and engage in appropriate employment activity. It is our hope that this process will reduce the number of participants that are sanctioned, thereby reducing or eliminating actions required by both the Employment Unit workers and the Temporary Assistance examiners.</p> <p>The sanctioned participant will be given the opportunity to demonstrate their willingness to comply with employment programming by participating in an employability assessment/evaluation to ensure that any barriers to compliance have been mitigated. The sanctioned participant is afforded the opportunity to demonstrate their willingness to comply by engaging in 10 days of employment programming. This would allow the sanctioned participant to be added to the case and the budget as soon as possible.</p> <p>Activities will be held virtually, or in-person based on circumstances and client need.</p>
Yes	<p>Described below are the strategies the district uses to attempt to engage sanctioned participants when the durational period of the sanction is completed:</p> <p>One month prior to the end of the durational period of a TA sanction, the sanctioned participant will be given the opportunity to demonstrate their willingness to comply</p>

Yes or No:	Strategies and Procedures for Engaging Sanctioned TA Participants
	<p>with employment programming by participating in an employability assessment/evaluation to ensure that any barriers to compliance have been mitigated. The sanctioned participant is afforded the opportunity to demonstrate their willingness to comply by engaging in ten days of employment programming. This would allow the sanctioned participant to be added to the case and the budget as soon as the day after the durational portion of the sanction expires.</p> <p>Activities will be held virtually, or in-person based on circumstances and client need.</p>
Yes	<p>All sanctioned participants remain assigned to their Employment Unit workers who attempt to re-engage the sanctioned individual in employment activities before, during and after the sanction period as indicated above. The Employment Unit worker sends a contact letter to the sanctioned participant to have them call to get into compliance to get the sanction lifted. If they do not respond to the contact letter, we send a new contact letter to the sanctioned participant every three months. If the sanctioned participant calls or comes into the Agency, we explain the how they can get into compliance to get the sanction lifted. Periodic call-ins and/or investigative interviews may be completed during a sanction period and the individual is offered additional opportunity to engage in employment activities and discuss issues that may be contributing to the non-compliance.</p> <p>Activities will be held virtually, or in-person based on circumstances and client need.</p>

3.5 Strategies for Reducing the Need for TA

- a. Described below are the district’s strategies for reducing the need for TA:

At orientation, Employment Unit staff meets with individuals to describe the availability of Childcare subsidies to TANF and SN-MOE applicants and also describe the work activity process.

The Employment Unit worker will assist with non-recurring needs if necessary to help an individual sustain employment. Our contracted services provider for Job Coaching, Pine Ridge Industries, works with our employed clients to help them address barriers to maintain their employment.

Emergency Assistance to Families (EAF) funds may be issued to provide a single issuance payment in lieu of ongoing Temporary Assistance when such payment will allow the client to maintain self-sufficiency. Examples of these payments include a payment to halt an eviction, or emergency automobile repairs when transportation problems cause disruption in employment.

4. Work Activities

4.1 Allowable Work Activities

- a. Below is a list of activities available to individuals receiving Family Assistance (FA), Safety Net Assistance for households with dependent children (SNA Fam), Safety Net Assistance for households without dependent children (SNA Ind), and Supplemental Nutrition Assistance Program (SNAP) benefits. In the chart below, the case type is listed next to each activity available to it in the district.

Allowable Work Activities by Case Type

Activity and Definition	Case Type
<p>Unsubsidized Employment – Full time or part time employment in the public or private sector that is not subsidized by TANF or any other public program (excluding employer tax credits). Unsubsidized employment includes self-employment and/or paid internships.</p>	<p>FA SNA FAM SNA Ind SNAP</p>
<p>Work Experience – Unpaid work performed at a public or not-for-profit organization to enable a participant who has not obtained unsubsidized employment to improve his or her employability. Work experience provides participants with an opportunity to acquire training, knowledge, work habits, and work references necessary to obtain and retain employment. Daily, job postings are shared, job solicitations are offered, job fair invitations are generated, upcoming events are shared and community networking at its best happens. 4.3 Training Approval and Activity Enrollment Policies (Reference 18 NYCRR 385.9)

- a. Described below is how the district identifies appropriate education program providers for services of Adult Basic Education (ABE), High School Equivalency (HSE) diploma preparation, and English Language Instruction that are available to clients whose assessment indicates such services would be an appropriate work activity assignment. Please ensure to include providers the district partners with for the provision of ABE, HSE, and English language instruction in Table 1 or Table 2 under section 1.2 of this Plan.

The Resource Development Specialist of the Employment Unit is charged with outreaching throughout the community to identify educational programs that have successful outcomes that are available for our clients. When a new program is identified, the Resource Development Specialist meets with the provider, gathers the information about the program and their target population, and disseminates the information to the Employment Unit workers so that they may discuss all options with their clients at assessment and reassessment. In addition to the assessment and reassessment information about each client, this information is also disseminated to our contracted employment services provider so they may discuss all options with clients they are working with.

- b. Described below is how the district identifies appropriate program providers of Vocational Education and Job Skills Training programs that are available to clients whose assessment indicates such services would be an appropriate work activity assignment. Please ensure to include the current providers the district partners with for the provision of Vocational Education and Job Skills Training in Table 1 or Table 2 under section 1.2 of this Plan.

This information is also disseminated to our contracted employment services provider so they may discuss all options with clients they are working with.

- c. Described below are the district's process and guidelines workers follow to ensure that individuals who have not attained a basic literacy level and/or have not attained a high school diploma are offered the opportunity to participate in an educational activity. This includes individuals who are 18 and older and individuals aged 16 or 17 who are not attending secondary school or its equivalent.

A list of the ACDSS approved training providers is available as part of the orientation process and a review of those providers and the programs they offer are addressed during the assessment process prior to program enrollment. Participants previous work history and personal interests are taken into consideration as the employment plan is developed.

Participants with limited English comprehension, verbal and/or written, will be assisted by Employment Unit staff in order to assure full understanding of all parties' responsibilities. We utilize the Interpreter Services Guides (PUB # 4843) to determine native language and where possible provide publications and notices using the identified language (as well as in

English) from the OTDA library. This agency has access to interpretation and translation services through the Language Line for telephone translations, Language Today for written and face-to-face translation, and Geneva Worldwide for sign language services to insure all persons have accurate translation.

During the assessment and reassessment process, the Employment Unit workers discuss educational opportunities with all recipients who have not attained a basic literacy level and/or obtained their high school diploma or the equivalent. An educational component is then added into the employment plan when appropriate and desired by the individual. In addition, our contracted employment services provider offers collaboration with basic literacy and/or HSE/Basic Education providers which allows the recipient further opportunity to incorporate these activities into their employment plan.

Clients under 18 years old who are not enrolled in high school or HSE, will be given a mandatory assignment of High School Equivalency classes.

Activities will be held virtually, or in-person based on circumstances and client need.

- d. Described below are the district's process and policy, including the guidelines workers follow, when determining whether participation in educational activities is approved for individuals who have not attained a high school diploma who are interested in participating in an educational activity. Include in this section instances when the district would deny participation in educational activities.

Clients under 18 years old who are not enrolled in high school or HSE, will be given a mandatory assignment of High School Equivalency classes.

We do not deny participation in educational activities that are related to HSE/basic education as this is often a minimum qualification for many entry level employment opportunities.

Activities will be held virtually, or in-person based on circumstances and client need.

- e. Described below is the district's process and policy for determining whether a participant is approved/assigned to participate in job skills or vocational education activities.

As part of the employment assessment the Employment Unit staff have taken into consideration the educational level completed along with basic literacy abilities of the participant, as well as the participant's interest in pursuing a job skill or vocational educational activity. The Employment Unit staff will follow the written protocol detailed in Training Approval Process (Attachment C and referenced supporting forms Attachments D, E and F), and pursuant to 18 NYCRR 385.9 (C) (4), would approve enrollment in training unless the Employment worker makes the determination, based upon an assessment and employability plan that the job skills or vocational educational activities are not appropriate (i.e.: the participant has already completed 12 months of Voc. Ed.), or if such individual has failed to make satisfactory progress in educational activities.

Activities will be held virtually, or in-person based on circumstances and client need.

- f. Described below are the standards by which education and training providers are evaluated.

Training providers are limited to accredited educational programs and those listed on the NYS DOL website as training providers.

- g. Described below is the district's procedure for advising participants of approved training.

A form letter is signed by the participant requesting approval for training/vocational educational education program (Attachment D) with their expectations clearly identified. Signature on this form indicates the participant's interest in participation in a program, their agreement to meet minimum expectations and the reasons for possible discontinuance by this agency. Following the request to participate, the Training Approval Request (Attachment F) is signed by both the participant and the Employment Unit worker and sent to the training/education program for completion to verify such specifics as start date, anticipated completion date, proposed schedule, etc. Once the Employment Unit worker receives this completed and signed Training Approval Request from the program the participant is issued a Training Request Decision of approval (Attachment E).

- h. Described below is the district's procedure for notifying participants they are approved for training or enrollment in a work activity.

See letter "g" above for the procedure for notifying participants of approval for training. All trainings and enrollment in work activities are built into every employment plan which is developed in partnership with each individual. A copy of Activities will be held virtually, or in-person based on circumstances and client need. Every employment plan, including changes, is signed by both the individual and the Employment Unit worker or contracted employment service provider and is provided to the participant.

- i. Described below is how the district will monitor the high school attendance for 16-18 year-olds in order for them to retain their TA exempt status.

Temporary Assistance staff verify school enrollment at application and at each recertification. Albany County will follow the policy of the appropriate school district where the individual teen attends regarding school attendance.

- j. Described below is the district's procedure for ensuring that an individual's health related limitations are accommodated when assigning the individual to a work activity.

TANF, SN-MOE or SN-non-MOE individuals coded employable with limitations will be referred to our contracted employment services provider. This provider is notified of an individual's health related limitation(s) in the WTCMS appointment letter. Included in this letter is a description of the limitation(s) (i.e.: no heavy lifting, pulling, pushing, etc.). During the contracted employment services provider's assessment, a more detailed investigation into the work limitations is conducted and taken into consideration when assigning an individual to any work activity, ensuring the activity is within the scope of the individual's health related abilities.

Activities will be held virtually, or in-person based on circumstances and client need.

4.4 Post-Secondary Education Approval and Enrollment Policies

- a. Described below is the highest level of post-secondary level education that the district will approve as a work activity, up to a four-year college program (please ensure to include the current providers the districts partners with for the provision of post-secondary education programs in Table 1 or Table 2 under Section 1.2 of this plan):

A four-year college program is the highest level of post-secondary level education that ACDSS will approve as a work activity.

- b. In accordance with 18 NYCRR 385.9(b), regardless of whether the college program is approved for the participant as an employment work activity, the district will approve as a work activity a work-study, internship, externship or other work placement that is part of a non-graduate student's curriculum unless one or more of the following conditions applies as described below (reply yes or no to options as they apply):

5. Work Requirements

5.1 Meeting TA Work Requirements

- a. Described below is how the district plans to meet federal and State TA participation rate requirements. Included in this description is the weekly hours standard participation requirements for individuals in the different case and household types, along with the typical time period it takes for nonexempt individuals to be engaged in activities for both newly opened cases and individuals whose status changed from exempt to nonexempt. (Information regarding engaging exempt individuals is entered in Section 9).

The participation standard for all households, with or without children regardless of age, is up to 40 hours a week. Typically, the time frame that it takes for non-exempt SN individuals to be engaged in activities for newly opened cases and SN individuals whose status changed from exempt to non-exempt is within one month, if they are not homeless. Homeless SN individuals will be engaged in activities within one month after finding permanent housing. Newly opened TA or SN FAM cases or individuals on those cases whose status changed from exempt to non-exempt, with children who do not need childcare and are not homeless, will be engaged in activities within two months. Newly opened TA or SN FAM cases or individuals on those cases whose status changed from exempt to non-exempt, who are not homeless but require childcare for participation in work activities will be engaged in activities within three months. All TA and SN FAM households who are homeless, regardless of childcare needs, will be engaged in activities within one month of securing permanent housing if the previous engagement period for their situation has passed.

Note: The number of individuals expected to receive employment services in Section B below may decrease or increase based on in-person activities resuming.

- b. Estimate the number of individuals expected to receive employment services for:

Number of Individuals Who Receive Employment Services

Household Type	Number Served
Households with Dependent Children Average Monthly	375
Households without Dependent Children Average Monthly	315

- c. Described below is how the district uses work participation management reports available through COGNOS or other reports and activities to monitor district progress toward meeting work participation requirements and ensuring full engagement by adults in work or work preparation activities:

The Employment Unit Supervisory staff examines COGNOS reports to monitor countable and non-countable activities and the number of participating recipients. Non-participating recipients who are non-exempt are targeted for engagement in countable activities. COGNOS reports are provided to Employment Unit staff for ongoing management of their caseload. Additionally, Employment Unit Supervisory and Employment Unit staff utilize the various reports in WTCMS to maximize engagement and participation.

Self-employment is approved as part of an individual's required work activities if the self-employment is anticipated to lead towards the individual's self-sufficiency and the individual is earning at least the federal minimum wage. The number of hours that may be reported as self-employment may be determined by dividing the individual's net income after subtracting business expenses by the federal minimum wage. The individual may have to participate in additional employment activities to maintain their hourly participation requirement.

5.2 Informing SNAP Applicants and Recipients of Work Requirements

The district informs SNAP households where at least one member is subject to a work requirement of the applicable work rules at certification, recertification, and when a previously exempt household member or new household member becomes subject to work requirements. (Please note: At a minimum, districts are required to offer job search assistance to NTA SNAP applicants and recipients):

During the application/recertification interview all NTA SNAP applicants/recipients are screened for employability status. Client rights and responsibilities are discussed at this time, and they are informed of the availability of job search assistance as well as supportive services available.

5.5 Provider Determinations

- a. Not every activity assignment/referral to training might be the right fit for every participant. As such, districts are required per federal regulations at 7 CFR 273.7(c)(18) to have procedures in place for when a provider/contractor determines an individual is not a good fit for a particular activity or program they are referred or assigned to. This is called the provider determination process. Described below is the district's process for provider determination, including the process for screening individuals prior to referral to a provider, how to communicate information related to provider determinations with the district, how workers communicate information related to provider determinations with the client, and documenting provider determinations.

The Employment Unit worker screens our recipients during the assessment, prior to referring to our contracted provider, to ensure they would be a good fit for their program.

Sometimes, the recipients do not disclose everything to us, but they may disclose it to our contracted provider during their initial needs assessment. If it is determined that the recipient is not a good fit for the program, our contracted employment services provider notifies us within five days on either the referral feedback form generated through WTCMS or email that a client is not a good fit for a particular E & T activity component and why.

Once this is received from the provider, we follow up with the client within five calendar days. If we need more information from the client, we will first try to contact them by phone. If we are unsuccessful reaching the client by phone, within three calendar days from the initial phone call, we will mail a contact letter (Attachment B) to the recipient. If the provider determination is the client is not a good fit due to a medical reason, physical/mental health, we will send for documentation of the disability within five calendar days of notification from the provider. We will then redetermine the client's employability. If the provider determination is for a reason not related to a medical issue, we will send a referral to the client for a new work activity that is more appropriate within five calendar days of the provider determination. The client is informed of the provider determination verbally, in writing (a new referral or request for documentation,) and/or both. This is then documented in WTCMS comments and IEDR comments. If written notification is sent to the client, it will be scanned into IEDR.

- b. Described below is the district process for informing providers of their authority and responsibility to determine if an individual is not a good fit for a particular activity or program.

Albany County has an open line of communication with our contracted providers and we meet with them monthly. If during their initial assessment with the recipient, it is discovered that they are not a good fit for the program or activity, our contracted employment services provider notifies us within five days. This is done on either the referral feedback form generated through WTCMS or by email stating the recipient is not a good fit for a particular E & T activity component and why.

- c. Described below is the district process for provider oversight to ensure that provider determinations are not unfair or used to discriminate against protected classes.

All provider determinations will be reviewed by Employment Unit Supervisory staff to ensure the recipient was returned for an adequate reason. Their oversight will ensure that provider determinations are not unfair or used to discriminate against protected classes.

6. Quality Assurance/Work Verification

6.1 Quality Assurance Process - Random Case Sampling

Consistent with New York State's approved Work Verification Plan (WVP), and in accordance with the requirements established by the United States Department of Health and Human Services, districts must develop a quality assurance plan to ensure that the data reported, from which their work participation rates are derived, are accurate. The plan must include the district's procedure for monitoring reported scheduled and actual attendance in paid employment and unpaid work activities and the controls in place to ensure that reported exemption statuses resulting in federal exclusions from the work participation rate calculation

are accurately made, work eligible individuals are correctly identified, hours of attendance reported are accurate and documented, data entry is accurate and that the district and its providers adhere to the approved work activity definitions and the determination of countable excused absences and holiday reporting within federal limits. Each district must maintain the documentation to verify what is being reported to NYS OTDA.

Each district must describe how it will conduct periodic self audits to determine that system entries are consistent with documentation in case files. The district must also explain how it will choose the sample size, select sample cases and establish the review period (no less frequently than semi-annually). The plan must indicate the district will maintain documentation on all pertinent findings produced through its self audit process and that case records for all reviewed cases will be available for State and other auditors in their review of the local work verification system for the standard 6 year period associated with such reviews.

The district will sample cases from each month within the (6 month) semi-annual period. The October to March review will be due by May 20th. The April to September review will be due by November 20th. The results of these audits will enable the district to identify policies, processes or cases that may need corrective action.

After each self audit is completed, the district must submit a summary of findings to OTDA A&QI at AQI.WV.SelfAudits@otda.ny.gov for State review including specific information on each of the errors identified. In addition, when monitoring reveals substantial problems, the district must describe the corrective action it will take.

The Quality Assurance (QA) plan must include the following elements:

- Ensure that documentation of wages and actual hours of employment is verified and accurately projected/reported and present in the case file, is actual and is projected correctly;
 - Ensure that the documentation for actual hours, supervision/attendance, excused absences, and holidays in other activities is present in the case file;
 - Assess whether participation in the work activities reported for work eligible individuals meets the approved federal definition for the activity;
 - Assess that the data entered into either WTWCMS, the Self-Sufficiency, Employment, Assessment and Management System (SEAMS) or other automated systems used for reporting work activities is accurate, including actual hours, excused absences and holidays; and is based on documentation in the case record; and
 - Ensure that documentation necessary to determine an individual to be exempt due to being the parent caretaker of a disabled household member (TA Employability Code 38 or 48), and/or parent or caretaker relative of a child in the household under 12 months of age, (TA Employability Code 31), is present in the case file and that individuals meet the exempt status based on the required documentation.

Refer to the Instruction Guide for the minimum number of cases per district and guidance regarding review requirements.

- a. Described below are the supports and strategies the district will provide to support job retention:

The Employment Unit staff remain involved with an employed individual to offer assistance with potential issues as long as the case remains financially eligible to receive Temporary Assistance benefits. Assistance is provided for transportation, uniform expenses, childcare, licensing, and other items if they are needed/required to obtain and maintain employment. Albany County also provides information to individuals and providers on free tax preparation assistance, to maximize the utilization of the Earned Income Tax Credit (EITC). We offer financial literacy workshops to our participants which includes tax preparation, utilization of EITC and other classes in support of financial stability such as credit counseling, banking skills and financial planning. Our contracted job coaching provider works with our employed individuals to promote job retention and assistance with any barriers that arise.

- b. Described below are the support services (for up to 90 days after case closing) the district will provide to individuals whose TA cases have closed due to employment:

Transitional Childcare (TCC) assistance will be provided to eligible households whose case closed as a result of employment for one year as long as the household remains employed. If employment is lost, childcare assistance will continue for three months of inactivity. If the household remains employed when the TCC eligibility period has expired, a redetermination

for ongoing eligibility for childcare will be completed by ACDSS staff to determine if the household retains financial eligibility for low-income childcare. Additionally, continued services from Brightside Up, Inc. remain available to obtain safe and reliable alternative and/or back-up day care arrangements to support job retention. This service continues indefinitely with no income eligibility requirements.

Transitional Medicaid (TMA) will be provided for up to twelve months to income eligible TANF recipients on cases closed as a result of employment. Once the TMA eligibility period has expired, a redetermination for ongoing eligibility for Medicaid will be completed by ACDSS staff to determine if the household retains financial eligibility for this program.

Transitional SNAP benefits (TSNAP) at the same pre-employment benefit amount will be provided for five months if the TANF household is eligible and is receiving TA/SNAP at the time of closing as a result of employment. Once the TSNAP eligibility period has expired, a redetermination for ongoing eligibility for SNAP will be completed by ACDSS staff to determine if the household retains financial eligibility for this program.

In Albany County, transportation benefits will be provided through the Employment Unit or our contracted employment services provider for up to six months to individuals whose TA case closed as a result of employment and as long as the individual remains employed and provides monthly verification of income to their Employment Unit worker or contracted employment services provider.

Described below is the district's procedure for determining if an individual, who is unable to work due to mental or physical impairment, has the potential through treatment or other rehabilitative activities to improve the ability to work. This determination is different from the determination of the individual's disability exemption as covered in Section 9.1 of this Plan. Indicate who makes or assists in this determination that an individual can restore or improve employability through treatment or other rehabilitative activities (e.g., medical practitioner, employment worker, TA worker, local review team, etc.). Also indicate the source and type of information used to make the determination (e.g., information from individual's medical practitioner, district contracted provider, specialist evaluation obtained as result of district referral, etc.).

The Employment Unit has a medical review team (MRT) comprised of case managers and a supervisor who reviews all medical documentation available to determine, based on the totality of all information received, if the individual has the potential through treatment or other rehabilitative activities to restore or improve the ability to work. This is a team review and consensus-based decision. Information is provided by the individual's medical practitioner and/or consultative evaluation.

- b. Described below is the district's procedure for developing a treatment plan and for referring the participant to appropriate treatment, etc.

The Employment Unit worker accepts the recommendations for appropriate treatment of the treating practitioner or consultative evaluation practitioner. The Employment Unit staff also provides individuals with a list of community resources for mental health treatment. Individuals are requested to engage in appropriate treatment as defined by the practitioner and as availability of the treatment provider allows. Individuals are requested to inform their Employment Unit case manager of engagement, schedule and treatment plan.

Activities will be held virtually, or in-person based on circumstances and client need.

- c. Described below is the district's procedure for tracking the participant's compliance with their treatment plan, including who in the district is responsible for monitoring compliance. Include elements such as monthly confirmation of attendance at rehabilitation or other factors to judge participation and progress, along with how often the treatment plan is updated.

As documentation is provided, the Employment Unit worker will review and assess if the documentation meets the employment plan in place for self-sufficiency or if a revised plan is needed. Treatment plans are the responsibility of the provider and will be required as often as treatment needs change. Updated treatment plans will be requested by the Employment Unit worker as needed but no less than annually.
