LOCAL COMMISSIONERS MEMORANDUM

Transmittal No: 92 LCM-74

Date: May 12, 1992

Division: Medical Assistance

TO: Local District Commissioners

SUBJECT: Medical Assistance Reference Guide (MARG)

ATTACHMENTS: MARG Survey Form (available on-line)

At the March meeting of the Division of Medical Assistance's (DMA) local district advisory group, the Medical Assistance Reference Guide (MARG), its availability and use was discussed. The MARG is intended for use at the eligibility worker's desk, as a reference tool to assist in the eligibility process. Several districts indicated that due to increased workloads and staffing shortages, workers are no longer able to keep their the MARGs up to date. To respond to this problem, the districts are maintaining one updated copy in a "library". This approach ensures that examiners are accessing updated material.

While DMA continues to encourage districts to provide each examiner with an updated copy of the MARG, we must nevertheless address the practical and fiscal issues of this policy. Since the districts present at the advisory meeting indicated that two copies of the MARG (one as a master and one that could be used for reproduction) may be sufficient to meet their needs, we are asking subscribers to evaluate their districts' current use of the MARG. A district may want to continue receiving a MARG for each worker; one copy for each unit; or some other combination.
