DSS-4037EL (Rev. 9/89)

Transmittal No: 97 LCM-34

Date: April 28, 1997

Division: Services and
Community
Development

TO: Local District Commissioners

SUBJECT: Allocations for Expansion of Child Care Subsidy Programs

ATTACHMENTS: District Child Care Allocations
(Available On-Line)

The purpose of this Local Commissioners Memorandum (LCM) is to inform social services districts of the availability of additional federal funds for the expansion of child care subsidy programs. New York State has received the first two quarters of federal funds granted to the state under the Child Care and Development Fund. The Department has identified funds in excess of the projected amount needed to maintain the caseload of child care subsidies under the Temporary Assistance, Transitional Child Care, State Low Income Day Care, At Risk Low Income Child Care, and the Child Care and Development Block Grant programs.

The Department is allocating \$26,050,000 to districts to expand child care subsidies for families with incomes up to 200% of the State income standards that need child care in order to work, seek employment, or attend approved job training or educational programs, or as a part of a child protective case. Districts should continue to operate the Title IV-A and Transitional Child Care programs. Families entitled to receive child care under the Title IV-A or Transitional Child Care programs should be claimed under those programs on the DSS-187 Schedule A, line 1a, column 4, and the DSS-4283 Schedule H, line 2, column 7, respectively.

There is no requirement for a local match in order to access these additional subsidy funds. There is no requirement for districts to submit an application to receive these funds. Social services districts electing to participate in the expansion program must provide child care services funded with these additional funds in accordance with the requirements for the Child Care and Development Block Grant as set forth in Department regulations.

Districts should note that the Child Care and Development Block Grant Act requires that funds be used to supplement and not supplant local funds. Additionally, the Personal Responsibility and Work Opportunity Reconciliation Act requires a maintenance of effort at the level of expenditures for child care in federal fiscal year 1995. Therefore, districts are expected to maintain their local commitment to child care and utilize these additional funds to expand services.

ALLOCATION INFORMATION

The expanded child care subsidy program funds are allocated for the period October 1, 1996 to September 30, 1997. The attachment indicates the allocation of federal funds to each district.

The annualization of the expanded caseload is factored into the Governor's proposal for a new seamless block grant for child care subsidies.

CLAIMING INSTRUCTIONS

Program expenditures from the expanded child care funds should be claimed under the Child Care and Development Block Grant (CCDBG) program on the DSS-4283 Schedule H, line 2, column 10. The Department will reconcile and apportion district expenditures to the appropriate claiming categories to maximize federal funding.

Claims for these additional funds must be liquidated by social services districts by September 30, 1997. Social services districts cannot carry over unspent funds into the next federal fiscal year. Final claims of expenditures for the period October 1, 1996 through September 30, 1997 must be submitted by November 7, 1997. Any unspent allocation will be reallocated to other districts to the extent permitted by federal regulations.

SYSTEMS INFORMATION

Authorization and payment of child care services under the expanded child care funds will be designated in WMS Services by Services Type Suffix Code L, which is used for the CCDBG program. A WMS Service case must include the Direct Service Type 03L and the corresponding POS Service Type of 30L through 37L, or 3AL through 3GL.

The system also supports monitoring the issuance and return of child care certificates. Instructions for the child care certificate can be found in 92 LCM-138 and in the BICS Operations Manual, page A-82, BICS Production Request 32, in the addition dated April 1, 1993. Information is also provided in the BICS Services Payment Processing Manual, II. Authorizations, E. Self Selected Day Care Certificates, pages II 25-27.
