<b>Attachments:</b>	<a href="#">Attachment 1 HEAP Allocations</a>
<b>Attachment Available On – Line:</b>	yes

**Section 2**

**I. Purpose**

This Local Commissioners Memorandum (LCM) provides information on the 2012-13 Home Energy Assistance Program (HEAP) local district administrative allocations and program allocations for locally issued HEAP payments.

All local districts receive administrative funds to support the administration of the HEAP program. Additionally, counties receive program allocations for locally issued payments. This LCM outlines the requirements for use of these funds and provides each district with the amounts of the administrative and program allocations.

**II. Background**

As in 2011-12, each district's administrative allocation was based on the number of autopay, regular, and emergency applications processed during the previous year, weighted to reflect the administrative effort required in processing each case type.

Program allocations are based on the number of local payment issued in 2011-12. Local payments include heat included benefits issued directly to recipients, either through EBT or

through check issuance, and two party check payments issued to vendors participating in HEAP under the Option E provision of the HEAP Vendor Agreement. This provision allows payments to vendors who participate in HEAP only for their customers who have a signed service contract.

### **III. Program Implications**

#### Administrative Allocations

The initial 2012-13 HEAP district administrative allocation amounts were established based on the President's budget proposal for 2012-13. Although a Continuing Resolution (CR) that provides funding for LIHEAP at the FFY2012 level has been enacted, distribution of funds and final appropriations have yet to be determined. If final funding is higher than the President's budget proposal, local district administrative allocations may be adjusted. Districts will be notified if this occurs.

Administrative funds are to be used to establish your local HEAP certification network (including obligations to your alternate certifier(s)) and to meet staffing and operational needs for the 2012-13 program. Acceptable uses of administrative funds include, but are not limited to, staff salaries, staff overtime, temporary staff costs, alternate certifier contract costs, fringe benefits, indirect costs, and equipment purchases to aid in the administration of the program

As in the past, reimbursement of administrative costs in excess of your allocation cannot be guaranteed. Administrative costs incurred on and after October 1, 2012, may be charged against the 2012-13 allocation.

#### Program Allocations

The attached program allocations reflect the anticipated amount of funds needed for local issuance of 2012-13 HEAP payments. Cash advances will be provided to local districts on or after the HEAP program opening date of November 19, 2012. OTDA will provide additional instructions regarding the payment start date once information is received about the federal FFY 2013 LIHEAP allocation. **Local districts may not make any local payments until further instructions are received.**

Districts will be notified of the date to set locks "off", but locks must remain "on" until notified by OTDA. Once districts are issued instructions about 2012-13 payments, locks may be turned "off" and local payments issues.
