Section 2

I. Purpose

The purpose of this informational letter (INF) is to inform social services districts (districts) that beginning on January 1, 2017, the Internal Revenue Service (IRS) adjusted the standard mileage rates, resulting in a decline of 1/2 cent in the rate used

for business mileage and 2 cents in the rate used for medical/moving mileage. Effective January 1, 2017, the IRS mileage rates are:

- 53.5 cents per mile for business mileage
- 17 cents per mile for medical/moving mileage

One of these mileage rates may be used by a district to reimburse Temporary Assistance (TA) and/or Supplemental Nutrition Assistance Program (SNAP) applicants and recipients who use personal transportation to attend assigned work activities.

A district may need to adjust its mileage reimbursement rate to be consistent with the rates identified in this INF.

II. Background

Section 333 of the New York State Social Services Law requires that every two years each district submit for approval to OTDA a local Employment Plan that describes the district's TA and SNAP employment services program. OTDA instructed districts to submit an Employment Plan for the calendar years 2016 and 2017 with release of 15 LCM-18.

Section 4.1(b) of the 2016-17 Employment Plan identifies the district's efforts to assist a TA or SNAP applicant or recipient in obtaining transportation necessary to get to and from a work activity approved by the district, including any mileage reimbursement rate used by the district. OTDA established a minimum reimbursement rate of no less than the IRS established rate for medical/moving purposes, unless an approved alternate rate and methodology was submitted by a district and approved by OTDA. The maximum reimbursement rate used by a district cannot exceed the mileage reimbursement rate established by the IRS for business purposes.

III. Program Implications

Districts need to be aware of the change in the IRS mileage reimbursement rates for business and medical/moving purposes and should adjust local policies accordingly. Districts should also review their 2016-2017 Employment Plan to determine if an amendment is needed and, if necessary, submit a Plan amendment following instructions provided in 15 LCM-18. In most instances a Plan amendment should not be required as the reimbursement rate is typically identified as equivalent to the IRS standard, without referencing a specific value.
