*SNAP households containing any aged or disabled members, and households that pay out-of-pocket dependent care costs, that pass the 200% FPL gross income test and do not contain a SNAP-sanctioned or an Intentional Program Violation (IPV) member are categorically eligible for SNAP, meaning that such households are not subject to a resource test, and that such households of one or two persons are, minimally, eligible to receive the \$23 minimum allotment for households of one or two persons.

**Elderly (60 years of age or older) or household members (and their spouses) who are incapable of buying food or preparing meals due to a disability may apply as a separate food unit if the income of the others with whom the individual resides (excluding the income of the elderly and disabled individual and his/her spouse) do not exceed the 165% FPL amount.

***SNAP households with **earned** income budgeted for the purpose of determining SNAP eligibility and benefit amount that **do not** contain a household member that is sanctioned or disqualified for an Intentional Program Violation (IPV), failure to comply with work rules or voluntary job quit, that **do not** contain an aged or disabled member, and that **do not** pay out-of-pocket dependent care costs, must pass the 150% FPL gross income test.

It should be noted that, per USDA rules, all households of three or more people, after the applicable Gross and/or Net Income Test(s) are passed, must have their monthly Net Income calculate out to a positive SNAP Allotment to be eligible to receive benefits.

Additionally, effective October 1, 2022, the resource limit for households will increase from \$2,500 to \$2,750, and the resource limit for households where at least one person is age 60

or older, or is disabled, will increase from \$3,750 to \$4,250. A resource test continues to apply only in situations where the household is not considered to be categorically eligible.

Also, effective October 1, 2022, the threshold for required reporting of changes in household income will increase from \$100 to \$125.

There will be **changes** to the amounts of the Heating/Air Conditioning Standard Utility Allowance (“HT/AC” SUA in Upstate ABEL) as well as the Utility SUA (UTIL in Upstate ABEL), and “Combined Heat/Utility/Phone SUA” in NYC ABEL) as well as the Utility (UTIL) SUA (“Limited Utility Allowance” or “LUA” in NYC ABEL). The Phone SUA remains unchanged. The SUA amounts are as follows effective October 1, 2022:
