The LIHEAP Household Report for use by the 50 States, District of Columbia, and insular areas with annual LIHEAP allotments of \$200,000 or more provides data on both LIHEAP recipient households for Federal Fiscal Year (FFY) 2001, the period of October 1, 2000 to September 30, 2001. The Report consists of the following sections: (1) Recommended Long for LIHEAP Assisted Households and (2) Recommended Format for LIHEAP Applicant Households.

There are two types of report data: (1) **required** data which must be reported under the LIHEAP statute and (2) **requested** data which are optional, as indicated by Senate Report 103-the LIHEAP Household Report (in Excel 97; file name is **hhsrptst.xls**) and the instructions on completing the LIHEAP Household Report, (in Word 97; file name is **hhrptins.doc**) can be downloaded at the Division of Energy Assistance's web site at: <http://www.acf.dhhs.gov/programs/liheap/forms.htm>. The spreadsheet is page protected in order to keep the forms. The items requiring a response are not page protected. However, other areas of the spreadsheet can not be modified. For example, the number of assisted and applicant households entered. Each total will be calculated automatically for each type of assistance by a formula when the poverty level data are entered.

Do the data below include estimated figures? Yes Mark "X" in the second column for each type of assistance that has at least one estimated data entry.

1. RECOMMENDED LONG FORMAT FOR LIHEAP ASSISTED HOUSEHOLDS

Type of assistance	Mark "X" to indicate estimated	Number of assisted households	REQUIRED DATA					REQUESTED DATA				
			2000 household poverty level using gross income and household size					At least one member who is			At least one member who is	
			Under 75% poverty	75%-100% poverty	101%-125% poverty	126%-150% poverty	Over 150% poverty	60 years or older	Disabled	Age 5 years or under	Age 2 years or under	Age 3 years through 5 years
Heating		697,465	308,157	205,105	72,883	50,053	61,267	233,805	244,080	146,527	78,958	91,965
Cooling		0										
Winter/year round crisis		159,390	67,876	28,353	21,145	16,752	25,264	18,619	30,245	46,439	26,159	30,490
Summer crisis		0										
Other crisis (specify)		0										
Weatherization		9,320	3,168	1,211	1,212	1,119	2,610	3,177	1,015	3,231		

2. RECOMMENDED FORMAT FOR LIHEAP APPLICANT HOUSEHOLDS (regardless of whether assisted)

Type of assistance	Indicate estimated data	Number of applicant households	REQUIRED DATA					
			2000 household poverty level using gross income and household size					
			Under 75% poverty	75%-100% poverty	101%-125% poverty	126%-150% poverty	Over 150% poverty	Income data unavailable
Heating		731,040	317,315	211,741	74,792	51,472	75,720	
Cooling		0						
Winter/year round crisis		166,377	70,923	28,938	21,581	17,198	27,737	
Summer crisis		0						
Other crisis (specify)		0						
Weatherization		9,320	3,168	1,211	1,212	1,119	2,610	

Note: Include any notes below for section 1 or 2 (indicate which section, type of assistance, and item the note is referencing):

* The Aged/Disabled breakdown for 41,061 NYC SSI cases was estimated using a 27/73 % ratio which is based on NYS statistical report.
