The LIHEAP Household Report for use by the 50 States, District of Columbia, and insular areas with annual LIHEAP allotments of \$200,000 or more provides data on both LIHEAP recipient and applicant households for Federal Fiscal Year (FFY) 2002, the period of October 1, 2001 to September 30, 2002. The Report consists of the following sections: (1) Recommended Long Format for LIHEAP Assisted Households and (2) Recommended Format for LIHEAP Applicant Households.

There are two types of report data: (1) **required** data which must be reported under the LIHEAP statute and (2) **requested** data which are optional, as indicated by Senate Report 103-251. Both the LIHEAP Household Report (in Excel 97; file name is **hhsrptst.xls**) and the instructions on completing the LIHEAP Household Report, (in Word 97; file name is **hhrptins.doc**) can be downloaded at the Division of Energy Assistance's web site at: <http://www.acf.hhs.gov/programs/liheap/forms.htm>. The spreadsheet is page protected in order to keep the format uniform. The items requiring a response are not page protected. However, other areas of the spreadsheet can not be modified. For example, the number of assisted and applicant households can not be entered. Each total will be calculated automatically for each type of assistance by a formula when the poverty level data are entered.

Do the data below include estimated figures? Yes Mark "X" in the second column for each type of assistance that has at least one estimated data entry.

1. RECOMMENDED LONG FORMAT FOR LIHEAP ASSISTED HOUSEHOLDS

Type of assistance	Mark "X" to indicate estimated	Number of assisted households	REQUIRED DATA								REQUESTED DATA			
			2001 HHS Poverty Guideline interval, based on gross income and household size							At least one member who is			At least one member who is	
			Under 75% poverty	75%-100% poverty	101%-125% poverty	126%-150% poverty	Over 150% poverty	60 years or older	Disabled	Age 5 years or under	Age 2 years or under	Age 3 years through 5 years		
Heating		689,296	283,974	215,651	77,763	50,333	61,575	258,244	270,634	163,685	87,121	105,809		
Cooling		0												
Winter/year round crisis		192,000	77,850	36,132	26,324	19,956	31,738	23,460	35,977	57,239	29,399	40,028		
Summer crisis		0												
Other crisis (specify)		0												
Weatherization		8,409	6,289	1,993	63	28	36	3,110	1,194	1,498				

2. RECOMMENDED FORMAT FOR LIHEAP APPLICANT HOUSEHOLDS (regardless of whether assisted)

Type of assistance	Indicate estimated data	Number of applicant households	REQUIRED DATA					Income data unavailable
			2001 HHS Poverty Guideline interval, based on gross income and household size					
			Under 75% poverty	75%-100% poverty	101%-125% poverty	126%-150% poverty	Over 150% poverty	
Heating		722,504	291,204	221,550	79,884	51,754	78,112	
Cooling		0						
Winter/year round crisis		194,306	78,637	36,434	26,538	20,114	32,583	
Summer crisis		0						
Other crisis (specify)		0						
Weatherization		0						

Note: Include any notes below for section 1 or 2 (indicate which section, type of assistance, and item the note is referencing):

32,673 Households were assisted in the Cooling Program for which Poverty Level and Vulnerability data is unavailable.

Denials for Weatherization Households served (8,409) is not available.
