

Title: Advance Response to RFP Questions and Answers

RFP Section: 1.6

Date: October 3, 2007

Question: Will the Letter of Intent be held as Confidential Information until after the proposal submittal date?

OTDA Response: The due date for the Official Answers to Questions is October 10, 2007. Letters of Intent (LOI) are subject to disclosure pursuant to the Freedom of Information Law (FOIL), Public Officers Law 84 et. seq. Upon request, the OTDA routinely provides to requesting bidders a list of the Letter of Intent submitters. However, unless specifically requested via the FOIL process, OTDA does not provide to requesting bidders copies of the actual Letters of Intent. Please note that failure to submit an LOI does not preclude a vendor from bidding.
