

**Consultative Medical Examinations for Local Social Service Districts – Issued 3/14/2016**

**AMENDMENT**

**Amendment to: CE Draft Contract, Paragraph E- Reporting Requirements, page # 7, is amended as below, to add section E.15**

- **Section E.15, page # 7,**

E. 15. If the Contractor to whom the client is referred issues an opinion that differs from the client's treating health care practitioner, the Contractor shall provide a written determination that specifies why the Contractor disagrees with the client's treating health care practitioner's disability determination and present evidence that supports the opinion. This determination must be based on the background information received with the referral, history secured, and the medical examination, to include any testing or studies performed in connection with the examination.
