I. PURPOSE

The purpose of this directive is to inform local districts about the cancellation of certain outdated or duplicative Administrative Directives.

II. BACKGROUND

As noted in 88 ADM-5, the Department will periodically notify local districts of those directives which have been cancelled. This directive is the seventh such effort and contains 147 Administrative Directives which have been identified as obsolete.

III. PROGRAM IMPLICATIONS

This process of review and cancellation of outdated or duplicative Administrative Directives will result in clearer and more concise program policy and procedures. Much of the material being cancelled is no longer relevant because:

- A. It pertained to a specific time period; or
- B. The program no longer exists; or
- C. The information was not policy-related; or
- D. The information is contained elsewhere, such as program manuals.

IV. REQUIRED ACTION

This directive includes a listing of directives which are obsolete and, therefore, cancelled. Local districts should choose one of the following options to insure that outdated program policy and procedures are not confused with effective policy and procedures.

- A. Remove and discard all directives which are herein identified as cancelled; or
- B. Remove all such directives from current files and place in separate file clearly identified as cancelled; or
- C. Keep all such directives in current files but clearly identify on the face sheet that the particular directive(s) are cancelled.

V. SYSTEM IMPLICATIONS

NONE.

VI. ADDITIONAL INFORMATION

Any local district choosing Option A above may contact PCU and request a copy of a cancelled directive if the need arises (e.g., for research or audit purposes). Such requests should be directed to:

Michael J. McNaughton
Local District Policy Communications Unit
NYS Department of Social Services
40 North Pearl Street
Albany, NY 12243

VII. EFFECTIVE DATE

This directive is effective June 1, 1990.

Nelson Weinstock
Acting Executive Deputy Commissioner
