ATTACHMENT B: PROJECTS/PILOTS (Available On-Line)

As part of our continuing effort to keep you informed about Department initiatives, we are forwarding two reports that detail programs and projects being conducted throughout the State, arranged by the Region in which the activities are taking place. The reports are separated into those tasks which deal with electronic systems issues, primarily, and those activities which deal, essentially, with program policy and procedural initiatives.

These reports will be up-dated, periodically, and stored in the ELIB "REGION" file for your review. Any comments you may have, any inquiries, or, indeed, any suggestions you may wish to make, may be directed to Robert Murphy at (518) 473-6369, Userid AY4280.
