The purpose of this release is to provide local social services districts with a list of the Department's Economic Security forms, including client notices, that were newly introduced, revised, or made obsolete in 1994. Please note that some of these forms are common forms/notices used by several program areas, but maintained by Economic Security. This listing should help local districts to guarantee that all new Economic Security forms have been implemented in their agency, to ensure that the latest versions of existing forms are being used, and to eliminate the use of forms which have been discontinued.

All forms and client notices are listed numerically under categories of new, revised, or obsolete. All forms with an asterisk (*) are not printed, but camera-ready boards are available for reproduction by the local districts. The 1994-95 HEAP forms are listed separately.
