Page No. 2

The total local share on the MR-065 sheets should equal the amount on line 3 of the Shares Report.

Please note that there may be small differences between the reports due to rounding.

A new facet of the overburden process now provides relief (effective 1/94-3/94) for Medicare Part-B premiums paid on behalf of overburden eligibles. The Mentally Disabled % (MD %) used to reimburse for administrative costs will be applied to the quarterly local share of the Part B premiums. This will be a new component of the computation sheet. The MD% will be calculated using the ratio of Total MD Local Share/Total FP Local Share, using MMIS processing for the quarter to provide the data.
