Section 2

I. Purpose

- ❑ To inform local districts that the January 1, 2004 cost-of living adjustment (COLA) for RSDI (regular and disability Social Security benefits) and SSI has been set at 2.1%, and
- ❑ To provide local districts with the *SSI Benefit Levels Chart effective January 1, 2004*, and
- ❑ To provide the new *Food Stamp Group Living Budget Data: Effective January 1, 2004* chart.

II. Background

Every year, the Social Security Administration (SSA) adjusts RSDI (Title II - regular Social Security) and federal SSI (Title XVI - Supplemental Security Income) benefits to reflect the increase in the cost of living. This increase is based on the change in the Consumer Price Index (CPI) between the third quarter of the current year and the third quarter of the previous year.

The January 1, 2004 COLA for RSDI and federal SSI benefits has been set at 2.1%.

The *SSI Benefit Levels* chart is provided as a resource for informational purposes.

The increases in client income of TA and Food Stamp recipients will be addressed by the annual Mass Rebudgeting. A forthcoming ABEL Transmittal will provide more information about the annual Mass Rebudgeting.
