- 1 This PNA amount is the minimum established in Social Services Law. SSI recipients with other income in addition to SSI are entitled to a PNA that includes any income disregarded by SSA in determining that recipient's SSI benefit. For example, SSI recipients receiving Social Security benefits will have a PNA that is \$20 higher than the amounts note above.
- 2 A TA-funded PNA is not provided to residents of publicly-operated facilities. This PNA is provided to each person in the family and only applies when the facility provides 3 meals a day.
- 3 This PNA, called *special needs allowance*, is provided to each person in the family and only applies when the Tier II facility provides 3 meals a day.
- 4 This is not a PNA. The facility may provide up to \$10 a month for work performed by the resident.
