IDENTITY THEFT – PROTECT YOUR EBT BENEFITS

If someone calls you, don't give them personal information such as your social security number, EBT card number, or EBT PIN. Even if the caller claims to be a local agency worker, a State, a Federal or an EBT official, do not give them your personal information.

If you suspect or know:

- That your card or card number has been stolen;
- That someone not authorized by you has gained access to your PIN; or
- That someone has gained information about your identity that may result in your benefits being stolen.

Then follow these three (3) steps:

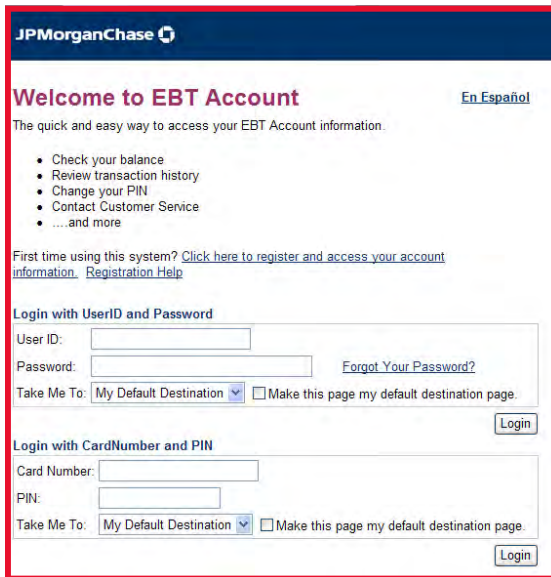

1. You **must** contact EBT Customer Service (**1-888-328-6399**) to report your EBT card stolen. EBT Customer Service will deactivate your card so that no one else can use it. Only by first contacting EBT Customer Service to deactivate your EBT card can you protect yourself against potential benefit theft.
2. Contact your local agency worker to report the problem and to request what is called EBT ARU PIN Restriction. You, as the cardholder, will need to sign a permission form at your local agency or assistance center in order for this procedure to be used. This is a procedure your local agency can use to make it impossible to change your PIN over the phone through the EBT Customer Service helpline or through the internet Cardholder Account website. Once this procedure is done, any PIN changes would have to be done by you, with your card in hand, at the local agency or assistance center.
3. Request that your worker issue you a new EBT card. It is recommended that you select a new PIN for your new card at the agency or assistance center.

CARDHOLDER ACCOUNT WEBSITE

You can now get information about your account(s) on the Internet by going to www.ebtaccount.jpmorgan.com . Once you sign in with your card number and PIN, you will be able to do the following:

- Get your account summary (account balances);
- Get your account(s) activity (transaction) details;
- Get an online account statement;
- Change your PIN (unless you have a PIN restriction in place);
- Communicate directly with EBT Customer Service; and
- Report your card damaged, lost or stolen.

The website also allows you to create your own account ID and password after you have logged in for the first time. You should use your most recent active card number to sign in. Authorized representatives can also use this website to access account information by using their own EBT card and PIN.

The screenshot shows the JPMorganChase EBT Account website. The page has a dark blue header with the JPMorganChase logo. Below the header, the text "Welcome to EBT Account" is displayed in a purple font, with a link for "En Español" to the right. A sub-header reads "The quick and easy way to access your EBT Account information." Below this is a bulleted list of services: "Check your balance", "Review transaction history", "Change your PIN", "Contact Customer Service", and "...and more". A link for "First time using this system? Click here to register and access your account information. Registration Help" is provided. There are two login sections. The first is "Login with UserID and Password", featuring input fields for "User ID:" and "Password:", a "Forgot Your Password?" link, a "Take Me To:" dropdown menu set to "My Default Destination", a checkbox for "Make this page my default destination page.", and a "Login" button. The second section is "Login with CardNumber and PIN", featuring input fields for "Card Number:" and "PIN:", the same "Take Me To:" dropdown and checkbox, and another "Login" button.

EXPUNGED BENEFITS

An expunged benefit is a benefit that is **removed** from a cash or food stamp account. In the cash benefit program, if you do not use your account for a period of 90 consecutive days, any cash benefit remaining in the account that is at least 90 days old will be expunged (removed) from the account. You may ask your worker to reissue any expunged cash benefit for which you are eligible.

In the food stamp benefit program, if you do not use your food stamp account for a period of 270 consecutive days, any food stamp benefit remaining in the account that is at least 270 days old will be expunged (removed) from the account. Expunged food stamp benefits cannot be reissued.

EBT TRANSACTION ERRORS

Occasionally an EBT **system** error occurs during a cash or food stamp transaction resulting in a mistake being made in the account balance.

Some examples of EBT system transaction errors:

- If you made a food stamp purchase, and the food stamp account was incorrectly charged twice for the same purchase; or
- If an ATM only gave you \$20 when you requested \$40, but your cash account was still charged the \$40.

If you think a **system** (not clerical or human) error has reduced your account incorrectly, you may file a claim for an account adjustment by contacting EBT Customer Service. You have 90 days from the date of the suspected transaction error to file your claim.

- Food stamp account claims are usually resolved within 15 days.
- Cash account claims may take up to 30 days to resolve.
- EBT Customer Service will provide you with a claim number that you can use to check the status of your claim.

While you are waiting for your claim to be resolved, your local agency or assistance center cannot replace the amount you are disputing. If you have an emergency or immediate need you may contact your local agency or assistance center regarding that need.
