Progra	am goals and services	
A.	Describe the target population and the process that the district will use to identify appropriate individuals who are eligible to participate in the program. Please also describe how individuals will be matched with employment opportunities in the heal care job sector.	th
В.	List the types of jobs targeted within the health care sector, including prospective employers who will be targeted to provide the subsidized employment opportunities	

Provide an estimate of the range of wages to be paid, the number of hours to be subsidized each week, and the expected length of the subsidy period.
For those districts that will use Health Care Jobs 2 funding to support training, describe the pre-employment, concurrent or on-the-job training that will be provided to program participants, including the anticipated length of the training and the anticipated provider.
Provide a description of the expectations at the end of the subsidy period. Districts should identify if the subsidized employment position is expected to be permanent. If the job subsidized is not expected to be permanent, the district must justify the decision to subsidize these jobs rather than permanent employment and must describe the job placement services that will be provided to program participants to secure unsubsidized employment once the timeframe for the subsidy has expired.

F.	Describe the types of supportive services, including child care and transportation supports and the job retention services that will be provided to program participants. This section should include a description of how participants will be informed of available work supports, including earned income tax credits and transitional program benefits and any case management services provided to help individuals adjust to work and retain
	employment.
