Earned Income Tax Credits (EITC)

Earned income tax credits are for people who work and meet certain income guidelines. The amount of the credits vary, depending on your filing status, family's earned income, and the number of qualified children. You may get money back when you file your tax return, even if you do not owe any taxes.

The Internal Revenue Service (IRS), New York State, and New York City all offer earned income tax credits.

Are you eligible?

In order to qualify for any of the EITCs, you must meet certain requirements:

- earn wages from employment or self-employment;
- have a valid social security number (ITIN filers are not eligible to claim credits);
- have a qualifying child living with you for more than half the year, or, if you do not have a qualifying child, be at least 25 years of age and under age 65; and
- have investment income less than \$3,300.

You can help your family make ends meet.

How to apply

You must file an income tax return in order to receive the credit, even if you do not owe any taxes. Electronic filing is the easiest way to file your return and the fastest way to get your refund. If you cannot e-file, use these forms:

- **Federal (IRS) EITC:** file Form 1040 (or 1040A) and attach Schedule EITC
- **New York State EITC:** file Form IT-201 and attach Form IT-215
- **New York City:** city residents who qualify for the NYC EITC can claim it on their New York State returns
