

RESOURCE FILE INTEGRATION (RFI) UPSTATE RESOLUTION CODES

Action Code (Worker Entered)	Resource	Definition	Supplemental Code (VED Resource Only)
1	VED	Closed Prior to the Match	A, B, C, N
	WRS UIB NHR BDX FRM	No case change - Application denied or withdrawn or case closed without regard to RFI information.	
2	VED	No Case Action.	A, B, C, N
	WRS UIB NHR BDX FRM	No case change. Current case data is correct.	
3	VED	Rebudgeted, but Case Remains Open.	A, B, C, N
	WRS UIB NHR BDX FRM	Case rebudgeted due to RFI Data. (Old and New Budget Amounts Required).	
4	VED	<i>NOT ALLOWED; VED is only for recipients, not applicants. Error message "Action Code is Invalid for VED Resource".</i>	
	WRS UIB NHR BDX FRM	Application denied or withdrawn due to RFI data.	
5*	VED	<i>NOT ALLOWED; VED is Verified Upon Receipt--Clients are not asked to respond for requests for explanation. Error message "Action Code is Invalid for VED Resource".</i>	
* Old Budget Amount Allowed with New Budget Amount Prohibited.			
	WRS UIB NHR BDX FRM	Case closed - Client failed to respond to request for RFI explanation.	

Action Code (Worker Entered)	Resource	Definition	Supplemental Code (VED Resource Only)
6* * Old Budget Amount Allowed with New Budget Amount Prohibited.	VED	Closed as a Result of the Match.	A, B, C, N
	WRS UIB NHR BDX FRM	Case closed - Financially or categorically ineligible due to RFI data.	
7	VED	<i>NOT ALLOWED; VED wants workers to use a 2 Resolution Code + Supplemental A. Error message "Action Code is Invalid for VED Resource".</i>	
	WRS UIB NHR BDX FRM	No case change - referred for investigation	
8	VED	Wrong Individual Matched.	N
	WRS UIB NHR BDX FRM	Client and matched individual not the same person.	
9	VED	<i>NOT ALLOWED; This code is for Bendex daily resource only. Error message "Action Code is Invalid for VED Resource".</i>	
	WRS UIB NHR BDX FRM	SSA data acknowledged. (Bendex daily only)	
X	VED	<i>Temporary Override (but not a permanent resolution code).</i>	<i>There is NO allowable value--if a value is entered, the following error message must appear, "Supplemental Code is Invalid for VED Action Code".</i>
	WRS UIB NHR BDX FRM	Emergency processing required. This code releases the flag for only three business days to allow emergency processing. The RFI data remains and requires resolution. This code should not be used for closings. Only workers with the correct security can use this code.	

Action Code (Worker Entered)	Resource	Definition	Supplemental Code (VED Resource Only)
Space or Blank	VED		Allowed only if worker enters space or blanks out a resolution within same business day and the case is still locked in RFI.
	WRS UIB NHR BDX FRM		Allowed only if worker enters space or blanks out a resolution within same business day and the case is still locked in RFI.
Anything <u>other than</u> the above	VED		NOT ALLOWED; Error message "Action Code is Invalid for VED Resource".
	WRS UIB NHR BDX FRM		NOT ALLOWED; Error message "Action Codes is Invalid".

Action Code (System Generated)	Resource	Definition	Supplemental Code (VED Resource Only)
C	VED	Closed prior to resolution of the hit.	<i>There is NO allowable value -- hit has been system-resolved.</i>
	WRS UIB NHR BDX FRM	Case closed by daily process.	
D	VED	<i>NOT ALLOWED; When hits are loaded into RFI, they are run only against the active recipient file, not the active applicant file, when looking to assign the RFI hit to an active case. Therefore this Code should never be generated for a VED hit.</i>	
	WRS UIB NHR BDX FRM	Case denied.	
N	VED	A monthly process is run in which all case numbers associated with unresolved RFI hits are matched against WMS CASE NUMBERS. If the case number associated with the RFI hit no longer matches a WMS case number (opened or closed), the RFI hit is system-resolved with an N.	<i>There is NO allowable value -- hit has been system-resolved.</i>
	WRS UIB NHR BDX FRM	App/Case not found.	
P	VED	Closed prior to resolution of the hit.	<i>There is NO allowable value -- hit has been system-resolved.</i>
	WRS UIB NHR BDX FRM	Case closed by monthly process.	

Action Code (System Generated)	Resource	Definition	Supplemental Code (VED Resource Only)
R	VED	Duplicate Data (duplicate of hit that has already been resolved).	<i>There is NO allowable value -- hit has been system-resolved.</i>
	WRS UIB NHR BDX FRM	Resolved.	
S	VED	An RFI hit is open longer than a year, either upstate or downstate, or there is no flag on the case because the person who had the hit was removed from the case.	<i>There is NO allowable value -- hit has been system-resolved.</i>
	WRS UIB NHR BDX FRM	App/Case not locked, or it is 1 year prior.	
W	VED	<i>NOT ALLOWED; When hits are loaded into RFI, they are run only against the active recipient file, not the active applicant file, when looking to assign the RFI hit to an active case. Therefore this Code should never be generated for a VED hit.</i>	
	WRS UIB NHR BDX FRM	App Withdrawn	

VED Supplemental Code	Code Definition	Valid with Resolution Codes
A	Referred to Investigation Unit for IPV.	1, 2, 3, 6
B	Recoupment being Assigned.	1, 2, 3, 6
C	Recoupment being Assigned AND Referred to Investigation Unit for IPV.	1, 2, 3, 6
N	No Supplemental Code Assigned.	1, 2, 3, 6, 8
Space or Blank	Allowed ONLY with X Resolution Code; or if worker blanks out resolution within same business day and the case is still locked in RFI.	X
Any Value other than above	NOT ALLOWED; error message "Supplemental Code is Invalid for VED Resource".
