Section 2

I. Purpose

This Local Commissioners Memorandum (LCM) notifies local social services districts (districts) of the implementation of claiming deadlines for certain expenditure claims consistent with State Fiscal Year (SFY) 2020-21 state budget provisions.

II. Background

Pursuant to Chapter 53 of the Laws of 2020, SFY 2020-21 appropriation authority is available for federal and state reimbursement of eligible public assistance and adult shelter expenditure claims, provided the SFY 2020-21 claiming deadlines are met.

Pursuant to Section 4 of Part F of Chapter 56 of the Laws of 2012, the federal and non-federal shares of district Medical Assistance Administration expenditures for SFY 2012-13 and thereafter have been capped. Districts were notified of their respective non-federal caps in letters from the New York State Department of Health (DOH) dated July 18, 2012.

Pursuant to Chapter 53 of the Laws of 2020 for SFY 2020-21 appropriation authority to the extent that the statewide amount of the non-federal share of districts' Medicaid administrative expenditures is less than the statewide cap, DOH is authorized to allocate up to \$23.0 million from the Medical Assistance Administration Program State Local District Administration appropriation, for the purpose of reimbursing certain districts for administrative expenses in excess of such districts' cap amounts as established in the DOH letter dated July 18, 2012.

III. Program Implications

Subject to the above provision, to obtain federal and state share reimbursement, federal and state reimbursement claims for eligible public assistance program expenditures paid from January 1, 2020 through December 31, 2020 must be final accepted in the Automated Claiming System (ACS) by **March 1, 2021**.

For New York City only, adult shelter claims for January 1, 2020 through December 31, 2020 must be final accepted in the ACS by **March 31, 2021**, in order to receive state reimbursement.

Positive claims for these programs final accepted after the above deadlines will not be paid. Districts will see a reversal of such claims on the monthly RF2/2A settlement as a bottom line adjustment. Districts should not submit a negative or reversal claim in the ACS as a result of these unpaid claims submitted after the deadline. If a district must submit a claim correcting an erroneously submitted claim and the initial claim was not paid because it was submitted after the deadline, then these claims should be identified in the comment field as Correction to Unpaid Claim S_ _ _.

Medicaid Admin Claiming Limitations After March 31, 2013

Effective April 1, 2013, in accordance with provisions established by Section 4 of Part F of Chapter 56 of the Laws of 2012, there will be no reimbursement made for administrative expenditures in excess of each district cap amount. However, if the statewide amount of the non-federal share of district administrative expenditures is less than the statewide cap, the reserve, up to \$23 million, may be utilized to cover district expenditures in excess of administrative caps.
