Overview

Introduction and Rationale

This *Flexible Fund for Family Services (FFFS) System District User Manual* was designed to provide District Users with an overview of the FFFS system. This manual includes tips and instruction on how to navigate the FFFS system; view, modify, and submit a district plan; view the project summary and modify project details; access plan history; complete district reporting; generate reports; and view contacts and additional documents.

Purpose

The purpose of this manual is to provide District Users with an overview of how to view, modify, and submit a district plan using the FFFS system.

The Home Screen

The **Home** (Welcome) screen is the first screen to display upon logging into the FFFS system. The screen provides tabs at the top of the screen to navigate to additional screens. The screen also provides system messages for the user and direct links to the district plan(s) the user has access to view and/or modify.

Accessing the FFFS Home Screen

- Access the Flexible Fund for Family Services (FFFS) system via the intranet at <u>https://fffs.otda.ny.gov</u> or via CentraPort. To access, the user must have access to the state network.
- The NY.gov ID Login screen displays. Enter a username and password in the appropriate fields and then click the Sign in button.
 Note: Users who are locked out of their account and need support accessing the system should contact

the Human-Services-Information Technology Services (HS-ITS) Enterprise Service Desk: (800) 697-1323.

- The Home screen displays, with tabs appropriate to the user's role located at the top of the screen in the Navigation bar. These tabs allow users to navigate to additional FFFS screens.
 Note: The system displays the full name and the roles assigned to the user.
- Click the link in the **Plans Status** column of the **Plans** grid to view the plan on the **FDE** (Fiscal Data Entry) screen, as shown on the next page.

General FFFS System Tips

- Save often!
- Exiting before saving will result in losing any modifications made to the plan.
- Adding a project from the **FDE** screen will navigate the user to a new screen and will delete all unsaved data; remember to save any data entered on the **FDE** screen before adding a project.
- After modifying the FDE or Project Details screens, click the Save button and then click the Exit button.
- Only one user can modify a district plan at a time. If a user is in "Modify" mode, the plan will be locked to other users. A message will display in FFFS indicating that the plan is locked for modification by another user and the **Submit Plan** and **Modify Plan** buttons will not display. Click the **Exit** button after saving any changes to unlock the plan.

The FDE (Fiscal Data Entry) Screen

The **FDE** (Fiscal Data Entry) screen displays allocation information about the selected district plan, including the **Plan Header** and **Allocation Details** sections. Modifications to the district plan and plan submission are completed on this screen.

Collapsed View of the Allocation Details Section

- The default view in the Allocation Details section is "collapsed."
- All allocations, including both program and project allocations, can be entered on the FDE screen.
- Click a plus (+) symbol to expand and view an individual project category.
- Click the **Expand All** button for an expanded view of all project types to view the associated projects in lines 1, 2 and 3 of the district plan.
- Use the scrollbar on the right to scroll up and down the screen.

Adding/Editing Project Details

Note: The Project Details screen must be completed for each project prior to plan submission.

- Project details carried over from a prior plan year should be updated, as appropriate.
- Ensure that the **Project Details** screen is in "Modify" mode by accessing it via the **FDE** screen, or by clicking the **Modify** button on the **Project Details** screen to edit.
- To enable the **Submit** button on the **FDE** screen, the following fields are required (as indicated by a red asterisk) and must be completed prior to saving and navigating from the **Project Details** screen:
 - Project Status
 - **Operational Months** Defaults to 12 months. Uncheck any months the project is not operational to avoid reporting requirements.
 - Project Description

- Families/Individuals to Serve Monthly (Estimated)
- Participant Eligibility Type
- Target Populations(s)
- Project Services
- **TANF Purpose** Select only one. If more than one, select the one that best fits the project.
- **Project Contractors** If applicable.
- Note: When FFFS plans are initially released, only the amounts in the Estimated column in the Families/Individuals Served Monthly section and the Project Status field are required to be completed for existing projects. The average estimated to serve per month is a calculated field.

Flexible Fund for Family Services Certification (Columbia 2018-19)

The Local District Commissioner of Columbia hereby submits its Flexible Fund for Family Services (FFFS) Plan, and certifies that funds will be used in a manner consistent with federal and State law and regulations, and for a purpose permitted under 42 U.S.C. §601 or §604 and consistent with the ADM for the 2018-19 FFFS.

Funds will be used to provide services only to recipients of TANF funded assistance (Family Assistance WMS case type 11, Safety Net Assistance-Federally Participating (SNA-FP), WMS case type 12) and SNA Maintenance of Effort (SNA Cash-WMS case type 16 and SNA non-case-WMS case type 17) with State/federal charge code of 63 or 64, or to TANF eligible individuals and families whose incomes do not exceed 200 percent of the federal poverty level, except as specifically noted in the ADM for the 2018-19 FFFS.

No funds shall be used to provide assistance as that term is defined in the federal regulations for the Temporary Assistance for Needy Family block grant program, except as specifically authorized in the ADM for the 2018-19 FFFS.

It is further certified that although my social services district has flexibility in determining which program it wishes to use its FFFS Allocation in accordance with its FFFS plan, the social services district still is required to provide all services mandated by State Social Services Law.

Submission of this FFFS plan electronically certifies that the district has read and accepts the terms of this certification.

The D/A Assessments and NCP Reporting Screen

- From the **District Reporting** tab, click **D/A Assessments and NCP's** from the drop-down menu to display the **D/A Assessments and NCP's** reporting screen, as shown below.
- On the **D/A Assessments and NCP's** reporting screen, click the plan year link in the **Year** column to view the months available for reporting.
- Districts are required, on a monthly basis, to report the number of Drug/Alcohol (D/A) Assessments completed.

**Note:** It is important to ensure the numbers entered for each individual month in the **Month** column are totals for *completed assessments* only, and do not include screenings and referrals.

- Districts are also required to report the number of Non-Custodial Parents (NCP's) who are participating in FFFS-funded work activities.
- Reporting should be completed by the 15th of the month following the report month .Enter a **0** for any months where no assessments were completed or there was no NCP participation.

#### Families/Individuals Served Reporting

- Districts are required to report the number of individuals or families served supported by FFFS funding for all TANF Services, TANF Services Non-Recurrent Costs, and TANF Employment projects for the months they are operational.
- From the **District Reporting** tab, click **Families/Individuals Served** from the drop-down menu to display the **Families/Individuals Served** reporting screen, as shown below.
- The view will default to the current plan year and will show all projects with reporting months as completed or not completed, as shown below. Click the reporting month link in the **Month** column to unlock reporting for modification.
- A family/individual served more than once per month in a project should be counted only once for each month served.
- A family/individual who receives services from more than one project in a month should be counted once for each project and month of participation.
- Reporting months will be available the *first* of the month following the report month.
- Enter a **0** for any months a project was operational and no families/individuals were provided services.
- Important: Reporting should be completed by the 15th of the month following the report month!
