Each year, The United States Department of Health and Human Services (HHS) updates the official Federal Poverty Guidelines. OTDA uses these guidelines annually when establishing the income guidelines for Emergency Safety Net Assistance (ESNA) and Emergency Assistance to Needy Families with Children (EAF). The newly calculated income guidelines for ESNA and EAF become effective on April 1 each year.

Congress has taken action to keep the 2009 poverty guidelines in effect until at least March 31, 2010. In the absence of newly published poverty guidelines for 2010, agencies must continue using the 2009 income guidelines listed below when determining eligibility for ESNA and EAF, until further notice:
