Section 2

This GIS message is a follow-up to the one sent last week which reported that the Daily Unemployment Insurance Benefit (UIB) match in RFI hadn't posted new hits since 5/29/20. We are now pleased to inform all Districts that the file transmission issue has been resolved and the Daily UIB match is posting hits from new applicants once again. The system should now be up to date with all of the new UIB hits that didn't post over the last week and a half.
