Commissioner

BARBARA C. GUINN
Executive Deputy Commissioner

General Information System (GIS) Message

Section 1

Transmittal:	23 TA/DC031 Upstate and New York City
Date:	April 20, 2023
To:	Subscribers
Suggested Distribution:	Commissioners, SNAP Directors, TA Directors
From:	Valerie Figueroa, Deputy Commissioner Employment and Income Support Programs
Subject:	FFY 2023 Supplemental Nutrition Assistance Program (SNAP) Process and Technology Improvement Grants
Effective Date:	Immediately
Contact Information:	OTDA SNAP Liaison, SNAP Bureau, (518) 473-1469
Attachments:	Attachment 1 - USDA SNAP FFY 2023 Process and Technology Improvement Grants

Section 2

The purpose of this GIS is to inform social services districts (districts) that the United States Department of Agriculture (USDA) has issued a grant competition for Process and Technology Improvement grants to support efforts by state agencies (which includes local districts in locally-administered states like New York) and their community-based and faith-based partners to develop and implement plans to:

- improve customer service, or
- improve the application and interview process.

As indicated in the attached Request for Applications (RFA) and at FFY 2023 Process and Technology Improvement Grants (PTIGs), USDA is seeking diverse proposals that would make the entire process easier and more efficient for applicants and participants.

The multi-year grants seek to improve the experience of SNAP participants by enabling grantees to update inefficient or ineffective processes or use technology to streamline operations and provide better customer service. The application process also requires grant applicants to demonstrate how their initiatives will affect SNAP with respect to equity and inclusion, which supports the Administration’s focus on advancing racial equity.

Districts are strongly encouraged to apply. Grant proposals should focus on improving the client’s experience. This year’s applicants will be required to address one of the following areas:

- Modernize SNAP customer service and client communication to improve accessibility, transparency, and responsiveness in processing applications and determining eligibility;

- e.g., projects that improve telephone interview capabilities, modernize verification processing (document imaging scanning, and indexing software and equipment) or public health emergency, disaster and pandemic response training for staff.
- Improve administrative infrastructure and day-to-day SNAP operations in processing applications and determining eligibility; and/or
- Invest in technology and systems to encourage cross collaboration and cross enrollment between SNAP and other Federal, State, and local assistance programs.

Please note on page 14 of the RFA that all applications will require a “letter of endorsement,” from the New York State Office of Temporary and Disability Assistance (OTDA). Requests for letters of endorsement should be submitted to OTDA, along with a synopsis of your district’s grant proposal, no later than close of business on Monday, May 29, 2023.

If your district is considering developing a proposal for a Process and Technology Improvement Grant, we recommend discussing your proposal first with OTDA before requesting a letter of support and prior to committing resources to the development of a proposal. OTDA will discuss with interested districts the scope of the State’s Integrated Eligibility System (IES) program which is now underway as it pertains to any such proposal. Knowing what technology, equipment and business process re-engineering are within the scope of the IES program before developing a grant will help to ensure that whatever technology, equipment, or business process re-engineering investment a district pursues will not be duplicative of efforts within the scope of IES and will be able to be integrated into IES. If your district would like to have a conference call to discuss a grant proposal, please contact your district’s SNAP Bureau liaison at: (518) 473-1469 to arrange a conference call.

To request a letter of support, please visit: <https://otda.ny.gov/legal/letter-request/> and follow the procedures as directed.

Applications for the grants are due to the USDA-FNS no later than 11:59 PM (EST) on Thursday, June 15, 2023. Applications MUST be submitted electronically to the USDA-FNS through [View Opportunity | GRANTS.GOV](#)

Several NYS districts have been awarded grants in the past. To review SNAP grant applications from counties previously awarded grant monies, please contact your OTDA SNAP liaison. Additional assistance in grant writing may be found at <http://www.federalgrantswire.com/writing-a-federal-grant-proposal.html>. To learn more about finding and applying for other federal grant opportunities, please go to: www.grants.gov.
