Section 2

The purpose of this GIS is to notify Social Services Districts (districts) that there will be a delay in the September 2024 Public Assistance Reporting Information System (PARIS) match for this quarter.

Section 3

Each quarter, through the PARIS computer matching agreement, the Office of Temporary and Disability Assistance (OTDA) submits a file of active TA, SNAP, and MA recipients to be matched against other States’ data. Once OTDA receives and processes the returned file of matched active NYS clients to active clients in another state, the matches (hits) are disseminated to the districts for investigation.

OTDA was advised that the PARIS computer matching process for this quarter will be delayed. As such, the third quarter PARIS match (September 2024) is expected to be matched in October 2024.

Additionally, the delayed match will only include the Interstate match results. There will be no Veteran’s (VA) match, which provides Veteran status indicators within WMS. The VA match is expected to resume in a future quarterly cycle to be determined by the PARIS Board.
