Commissioner

Temporary and Disability Assistance Statistics

DECEMBER 2013

Temporary Assistance

Temporary Assistance: Temporary Assistance recipients totaled 566,424 in December 2013, decreasing by 2,559 (-0.4%) from the previous month. Related expenditures totaled \$183,182,513 in December 2013, increasing by approximately \$3.5 million (+1.9%) over November 2013.

Supplemental Nutrition Assistance Program

Supplemental Nutrition Assistance Program: Supplemental Nutrition Assistance Program recipients totaled 3,158,376 in December 2013, decreasing by 84,780 (-2.6%) from the previous month. Related expenditures totaled \$435,481,255 in December 2013, decreasing by approximately \$94.0 million (-17.8%) from November 2013. The bulk of the decreases from November 2013 were caused by the fact retroactive payments issued to settle litigation inflated recipient and expenditure counts for that month (see note on the cover page of the November 2013 report for details).

Supplemental Security Income

Supplemental Security Income: Supplemental Security Income recipients (including Mental Hygiene) totaled 693,571 in December 2013, decreasing by 10,498 (-1.5%) from the previous month. Related expenditures totaled \$404,362,371 in December 2013, increasing by approximately \$2.9 million (-0.7%) over November 2013.

The Calendar Year 2013 Annual Summary begins on page 32 of this issue

Note: Data pursuant to a New York State Legislative mandate S. 6057-B/A. 9557-B, Chapter 57, L. 2004.

Based on local district claims submitted on claims Schedules A and C. Includes reimbursable expenditures for basic assistance, rent supplements, family shelters, domestic violence shelters, security deposits, transitional services, diversion transportation, diversion payments, and other non-assistance. These claims are net of cancellations and refunds, and include any reconciliations and supplemental claims applied to the month after initial expenditure reporting is done. Thus, these data differ from the expenditure data presented elsewhere in this document, which are derived from original payment issuance activity during the month, net of cancellations and refunds in that month.

District claiming activity for recent months is generally not complete before the statutory required due date for this report. Thus, claims for recent months may appear substantially below those for earlier months. Claims tables in future months of this report will continue to include the historical periods above, adjusted for claiming activity occurring subsequent to this report.

Note: Data pursuant to a New York State Legislative mandate S. 6057-B/A. 9557-B, Chapter 57, L. 2004.

Based on local district claims submitted on claims Schedules A and C. Includes reimbursable expenditures for basic assistance, rent supplements, family shelters, domestic violence shelters, security deposits, transitional services, diversion transportation, diversion payments, and other non-assistance. These claims are net of cancellations and refunds, and include any reconciliations and supplemental claims applied to the month after initial expenditure reporting is done. Thus, these data differ from the expenditure data presented elsewhere in this document, which are derived from original payment issuance activity during the month, net of cancellations and refunds in that month.

District claiming activity for recent months is generally not complete before the statutorily required due date for this report. Thus, claims for recent months may appear substantially below those for earlier months. Claims tables in future months of this report will continue to include the historical periods above, adjusted for claiming activity occurring subsequent to this report.

* Statewide and New York City participation rates are estimated from federal disaggregated reporting samples, which are the source of the rates used by the United States Department of Health and Human Services to determine if a state has met participation goals. Because the sample size is insufficient to permit rate estimates for non-New York City districts, rates for those districts are derived directly from automated systems data. Thus, Rest of State and New York City numerators and denominators will not sum to the statewide total. Estimates are from fourth quarter Federal Fiscal Year 2013 samples.
