**Table 1 - Contracts Associated with TA and SNAP Employment Programs and Services**

Table 1 lists the local contracts or agreements with agencies to provide employment services to TA and SNAP clients. These activities and services may include, but are not limited to: employability determinations; development of assessments and employment plans; conciliation and grievance activities; provision of work activities such as job readiness training; education and job skills training; monitoring and support for compliance with treatment plans for exempt individuals with the potential for restoration to self-sufficiency; job development; job placement and retention services; and other employment related activities.

Districts must maintain oversight to ensure that contractors perform in accordance with the terms, conditions, and specifications of their contracts.

Greene County conducts a group orientation and job search meeting every Wednesday. At that time all non-exempt individuals, including individuals whose status has changed from exempt to non-exempt, are enrolled in job search and referrals are made for enrollment in additional activities including work experience as appropriate. This ensures that all non-exempt clients can be enrolled within seven days. Single parents with a child under six are required to participate up to forty (40) hours per week, Single Parents with all children over six are required to participate up to forty (40)hours per

week. Each adult with no children may be required to participate up to forty (40) hours per week in assigned activities and/or a combination of work activities to achieve the districts weekly standard participation rate. - d. Describe the extent to which the district requires Non-Temporary Assistance Supplemental Nutrition Assistance Program (NTA SNAP) recipients to participate in SNAP E&T work activities. If the district is offering Supervised Job Search as an E&T activity component, the district must describe how the job search activity will be supervised and tracked, including the frequency of monitoring the participant’s job search efforts. (Please note: Case management services must be provided to all participants enrolled in an E&T activity):

Greene County does not mandate Non-Temporary Assistance SNAP applicants and recipients to participate in SNAP E & T work activities, but does offer individuals assistance with job search activities at each contact. If requested, the applicant or recipient is referred to the employment unit who will meet with the individual on a weekly basis and also will provide case management services.

If the district is not mandating SNAP E&T work activity assignments, please describe how NTA SNAP work registrants are informed of the services available, upon request, for assistance with job search activities. (Please note: At a minimum, districts are required to make available job search as a SNAP E&T activity to NTA SNAP applicants and recipients):

Greene County does not mandate Non-Temporary Assistance SNAP applicants and recipients to participate in SNAP E & T work activities, but does verbally offer individuals assistance with job search activities at each contact.

- e. Describe the district procedure for Job Search, including the required number of job search contacts and hours per week assigned. Also include a description of how often individuals are generally required to report job search outcomes and if activities other than job search are routinely expected:

If yes, the process for engaging TA **applicants** is:

If the district always approves self-employment as part of an individual’s required work activities, please note this policy below. The self-employment must lead to self-sufficiency and the the number of hours of work for a self-employed individual will be determined by dividing the net income (after subtracting certain allowable business expenses) by the federal minimum wage. Additional activities will be assigned accordingly to achieve a 40 hour a week standard. Additional time will be given to transition from self-employment to a traditional work activity.

- g. The allowable work activities that are available in the social services district are listed and defined in the table on the next two pages. An “X” in the appropriate check box indicates the activity is available for individuals receiving Family Assistance (FA), Safety Net Assistance for households with children (SNA Fam), Safety Net Assistance for households without children (SNA IND), and/or Supplemental Nutrition Assistance Program (SNAP) benefits. ### **Section 3.7 Work Verification**

Consistent with New York State's approved Work Verification Plan (WVP), and in accordance with the requirements established by the United States Department of Health and Human Services, districts must develop a quality assurance plan to ensure that the data reported, from which their work participation rates are derived, are accurate. The plan must include the district's procedure for monitoring reported scheduled and actual attendance in paid employment and unpaid work activities and the controls in place to ensure that reported exemption statuses resulting in federal exclusions from the work participation rate calculation are accurately made, work eligible individuals are correctly identified, hours of attendance reported are accurate and documented, data entry is accurate and that the district and its providers adhere to the approved work activity definitions and the determination of countable

excused absences and holiday reporting within federal limits. Each district must maintain the documentation to verify what is being reported to NYS OTDA.

Each district must describe how it will conduct periodic self audits to determine that system entries are consistent with documentation in case files. The district must also explain how it will choose the sample size, select sample cases and establish the review period (no less frequently than semi-annually). The plan must indicate the district will maintain documentation on all pertinent findings produced through its self audit process and that case records for all reviewed cases will be available for State and other auditors in their review of the local work verification system for the standard 6 year period associated with such reviews.

The district will sample cases from each month within the (6 month) semi-annual period. The October to March review will be due by May 20th. The April to September review will be due by November 20th. The results of these audits will enable the district to identify policies, processes or cases that may need corrective action.

After each self audit is completed, the district must submit a summary of findings to OTDA A&QI at [AQI.WV.SelfAudits@otda.ny.gov](mailto:AQI.WV.SelfAudits@otda.ny.gov) for State review including specific information on each of the errors identified. In addition, when monitoring reveals substantial problems, the district must describe the corrective action it will take.

#### **The Quality Assurance (QA) plan must include the following elements:**

- Ensure that documentation of wages and actual hours of employment is verified and accurately projected/reported and present in the case file, is actual and is projected correctly;
- Ensure that the documentation for actual hours, supervision/attendance, excused absences, and holidays in other activities is present in the case file;
- Assess whether participation in the work activities reported for work eligible individuals meets the approved federal definition for the activity;
- Assess that the data entered into either WTWCMS, NYCWAY or other automated systems used for reporting work activities is accurate, including actual hours, excused absences and holidays; and is based on documentation in the case record; and
- Ensure that documentation necessary to determine an individual to be exempt due to being the parent caretaker of a disabled household member (Employability Code 38 or 48), and/or parent or caretaker relative of a child in the household under 12 months of age, (Employability code 31), is present in the case file and that individuals meet the exempt status based on the required documentation.

#### **The District's Quality Assurance Process is as follows:**

The district will perform a random sample of (6) cases semi-annually for **paid work activities** to review district worker collected documentation and data entry. Both the TA and employment case files will be reviewed. Hours of employment will be verified through receipt of pay stubs, employer verification forms or collateral contact with the employer. The review will ensure the hours of employment on the ABEL budget are consistent with the hours reported on WTWCMS

and documentation is in the file to support hours reported on WTCMS and that the scheduled hours on WTCMS is consistent with the documentation.

The district will perform a random sample of (6) cases semi-annually for participation in **unpaid work activities** to review district worker collected documentation and data entry. The employment case files will be reviewed. Actual hours of attendance will be documented by attendance sheets showing actual hours of attendance, any excused absences during the month, any unexcused absences during the month, and holiday time. The review will ensure the actual hours of attendance reported on the monthly attendance sheets has been correctly reported on WTCMS, excused absences and holiday time are documented in the case file and correctly reported on WTCMS in accordance with federal limitations, and documentation of actual hours of attendance is accurate and matches the hours of participation reported on WTCMS by district or provider staff.

The district will perform a random sample of (3) cases semi-annually in which a case member is reported as an employability code **38-needed in the home fulltime or employability code 48-time limit exemption** to care for a disabled household member to review district worker collected documentation and data entry. The TA case file will be reviewed to ensure there is presence of medical documentation to support the exemption and that the documentation has a timeframe for the exemption and that the individual is the appropriate caretaker.

The district will perform a random sample of (3) cases semi-annually in which a case member is reported as an employability **code 31-caretaker of a child under the age of 12 months** to review district worker collected documentation and data entry. The TA case file will be reviewed to ensure there is documentation from hospital, birth certificate or social security card present to verify the child under the age of one. TA records will also be reviewed to ensure that the household composition is in fact a one parent case and that the individual has not exceeded the 12-month lifetime limit.

The district will review district worker or approved provider/vendor collected documentation and data entry of the above listed elements. The district will assess and verify that participation in the reported work activities listed above meet the State approved definition for the activity.

### Use of Outside Providers/Vendors

Does the district utilize outside providers/vendors to collect documentation and enter data directly into WTCMS?

Yes       No

If Yes, does the district's provider/vendor collected documentation, data entry and management of WTCMS follow the same process that would be used by the district worker?

Yes       No

If No, please describe the process used below:

Greene County randomly selects the cases for review. We do not have any providers doing data entry. Our employment unit/social welfare examiners do the collecting and data entry.

### **Section 3.8 Strategies/Procedures for Accommodating Individuals with Limited English Proficiency**

The employment worker also goes over any available resources, as in childcare and transportation with the client. The worker discusses issues and also monitors attendance to alleviate any unnecessary absences.

### **Section 3.11 Strategies for reducing the need for TA**

District's strategies for reducing the need for TA are described below:

Greene County has a Community Resource Unit that meets with all clients requesting an application for Temporary Assistance. A Community Services Worker meets with clients to provide information on community resources and ensure that all options available to the individual have been explored. Information is also provided to individuals concerning job search services and employment requirements for non-exempt individuals. The child care program is discussed with the client and a referral is made if appropriate.
