1. Administration

1.1 Administrative Structure

a. This agency’s organizational chart is attached. It identifies the units and staff within the agency that are involved in the operation of the district’s employment program. (Attachments must be uploaded to the system through the “Documents” screen prior to submitting the plan. Use the textbox below to provide any additional information.)

see attached

b. Below is a description of the office(s) in and/or outside of the Department of Social Services that are involved in the operation of the district’s employment program and include the responsibilities of each office.

1) Human Resources Building. 301 Tenth Street Niagara Falls, 14301
2) Lockport DSS, 20 East Avenue, Lockport. 14094

Employment Units are located at each of the above sites. The Employment Unit obtains referrals from both the Intake and Undercare Units within the Department. Employment Case Managers conduct assessments and develop Employment Plans in consultation with the participant. These plans outline the steps needed for the participant to attain self-sufficiency. Employment Case Managers assign any non-exempt participants to appropriate work activities. Exempt individuals are required to attend activities such as, counseling, physical therapy, as appropriate, designed to assist in the restoration to self-sufficiency. Activity assignments are made in consultation with the participant. Employment Case Managers handle all the exempt individuals that have Substance Abuse issues. Participation in activities is monitored to determine successful completion. The failure to participate in assigned activities results in the implementation of conciliation/non-compliance process.

NCDSS current staff size is 399

1.2 TA and SNAP Employment & Training (SNAP E&T) Provider Agencies

a. Table 1 lists the local contracts or agreements with agencies to provide employment services to TA and SNAP clients. These activities and services may include, but are not limited to: employability determinations; development of assessment and employment plans; conciliation and grievance activities; provision of work activities such as job readiness training; education and job skills training; monitoring and support for compliance with treatment plans for exempt individuals with the potential for restoration to self-sufficiency; job development; job placement and retention services; and other employment related activities.

Each contract listed in Table 1 contains an assurance that the activities are not otherwise available from that provider on a non-reimbursable basis, and, if not a performance-based contract, a statement regarding use of a cost allocation methodology that satisfies Generally Accepted Accounting Principles, as well as the requirements of U.S. Office of Management...
and Budget Circulars A-122 for nonprofit organizations, A-21 for educational institutions, or A-87 for State and local governments. Districts must maintain proper monitoring and oversight to ensure that contractors perform in accordance with the terms, conditions, and specifications of their contracts.

1.4 Access to Services at New York State Career Centers

a. Described below is how the district provides access to its programs and services with Career Center partners (select all that apply):

☐ The district has employee(s) physically present at a Career Center
☐ The district has contract staff physically present at a Career Center
☒ The district makes available direct access to its program staff via phone or technology at a Career Center
☒ The district makes available copies of the LDSS-2921 (Common Application) at a Career Center
☐ Other:

b. Described below is how the district coordinates with Career Center partners to provide services to the district’s clients, including referral and information sharing mechanisms, or other collaboration such as participation on the local WIOA Business Services Team, etc.

The Employment Case Manager refers clients to the Career Center at Assessment. Information regarding the Career Center is also provided to clients at the Exempt and Non-Exempt Orientations. The Job Developer also provides non-exempt recipients with information regarding the services available at the Career Center. The Career Center sends the Job Developer, via E-mail, a monthly calendar of activities and information regarding any career fairs or recruitments for specific employers. This information is then relayed from the Job Developer to the Employment Case Managers.

2. Orientation, Assessment and Employment Plan

2.1 Orientation (Reference 18 NYCRR 385.5)

a. Check one of the following:

☒ The district provides orientation in accordance with 18 NYCRR 385.5 and no additional information is provided at orientation.
☐ In addition to the requirements outlined in 18 NYCRR 385.5 of the regulations, the district’s orientation provides the following:

b. Described below is how the district completes the required orientation for all applicants and recipients of TA (e.g. in a group setting, individually, or a combination of both). Please include the orientation procedure for exempt individuals and non-exempt individuals, if different:

Niagara County currently mails an orientation packet to all TA applicants regardless of employment status. In addition they are mailed an informational letter outlining what will be required of them, supportive services which are available along with contact numbers, and the Work Experience Program Rules and Regulations, the Restoration to Self-sufficiency requirements, information on applying for Social Security Benefits, and the OTDA Works Pays informational handout. (see attached)

This process will be reevaluated if COVID restrictions are lifted.
2.2 Temporary Assistance (TA) Employment Assessment

a. The district conducts assessments as required by 18 NYCRR 385.6(a) and 385.7(a). Check one of the following:

☐ The district enters assessments directly into WTWCMS

☐ The district uses the LDSS 4980 (New York State Assessment) and later enters information into WTWCMS.

☒ The district conducts assessments using a local equivalent tool, and later enters information into WTWCMS. Please attach the local equivalent tool. If the local equivalent contains additional elements beyond what is required, list them below:

See attached

b. Described below is the district procedure for the completion of an employment assessment:

All applicants and recipients in households with dependent children (regardless of employment status) receive a staff-assisted assessment within 90 days of their eligibility for assistance. Households without dependent children receive a staff assisted assessment within a year of application. All applicants are required to complete a four-page self-assessment (form #2280) at their Employment Orientation. Once their case opens, they are then scheduled for a face-to-face assessment with an Employment Case Manager. At this interview, the Employment Case Manager will review the self-assessment form with the individual and complete the assessment. They will then develop an Employment Plan with the client. This plan will address the assignment to appropriate work activities and any necessary supportive services. Client preferences will be considered when the work activity assignments are made. Non-exempt individuals will also undergo TABE testing. Test results will be used to help develop the Employment Plan. Exempt individuals with medical issues will, when appropriate be required to participate in activities (counseling, physical therapy, etc.) designed to restore them to self-sufficiency. Both the assessment information and the Employment Plan are entered into WTWCMS.

3. Engagement

3.1 Federal “Engaged in Work” Requirement (Reference 18 NYCRR 385.2 (f))

a. Federal requirements state that parents or caretakers must be engaged in work as soon as the district determines they are ready, but no later than within 24 months of receiving federally funded assistance. The district’s definition of “Engaged in Work” is:

       Compliance with assessment, employment planning, all activities included in the individual’s Employment/Self-Sufficiency plan, including any need to attend treatment/rehabilitation programs, or any of the work activities listed in Section 4.1. none

3.2 Strategies/Procedures for Accommodating Individuals with Limited English Proficiency

a. Described below is how the district accommodates non-English speaking participants’ access to employment activities and services:

When an applicant is identified as non-English speaking Niagara County uses the Language Line when interviewing the individual. For assessment purposes they are referred to Orleans/Niagara BOCES for testing (Best Test). Based on the results of the Best Test the applicant is enrolled in ESL classes. The client's progress is monitored to determine when they will be ready to engage in other activities. The Job Developer works with employers who are willing to hire non-English speaking applicants.

3.3 Strategies/Procedures for Increasing Program Attendance

a. Described below are the district policies and/or procedures used to reduce the number of times participants fail to participate in work activities. This includes absences with good cause:

Applicants and recipients that are deemed work eligible are scheduled to attend an Employment Assessment with their Employment Case Manager. During the assessment there is a discussion as to why it is important to comply with work requirements as it relates not only to their on-going eligibility but also their ability to achieve self-sufficiency. It is stressed that with any activity they need to have reliable transportation and day care plus back up for both. We discuss supportive services the district can provide in those areas. A referral is provided to those who need assistance finding a day care provider. The assessment also covers work supports available (EITC, etc.) and budget comparisons to show the value of working. These discussions are reinforced at every contact with employment unit personnel. Exempt individuals are encouraged to participate in workshops when offered by our community partners that deal with finding, keeping and succeeding in a job.

3.4 Strategies/Procedures for Engaging Sanctioned TA Participants

a. Select all that apply:

☐ Described below are the strategies the district uses to attempt to engage sanctioned participants as soon as they are sanctioned:
Described below are the strategies the district uses to attempt to engage sanctioned participants when the durational period of the sanction is completed:

Sanctioned clients are scheduled to report to a maximum of one meeting per month, Project Source, with their Employment Case Manager where they must report how they are supporting themselves while on a sanction. During this meeting clients are given a list of Hot Jobs openings in the area and an income comparison worksheet. Failure to attend a Project Source meeting constitutes a failure to comply with an eligibility requirement and results in the TA case being discontinued. Per 08-INF-12 local districts have the authority to meet with recipients as often as necessary to monitor ongoing eligibility for TA (18 NYCRR 351.1, 351.2, 351.21, 351.22).

Described below are the strategies the district uses to attempt to engage sanctioned participants during different times in the sanction period:

3.5 Strategies for Reducing the Need for TA

a. Described below are the district’s strategies for reducing the need for TA:

Niagara County provides supportive services to divert applicants from needing Temporary Assistance. These supportive services are provided on a case-by-case basis and are only approved for individuals who are either already employed or have a promise of employment. Verification of employment (current pay stub) or a statement on the company’s letterhead indicating a promise of employment (with an expected start date) is required for the individual to be considered for these services. The OTDA JOBS Program staff person is available to provide job search/job placement services to applicants to divert applicants from needing Temporary Assistance.

4.2 Job Development

a. Does the district conduct or access job development services to expand job opportunities for TA and SNAP participants?

☑ Yes

☐ No

If Yes, select how the district participates in job development activities.

District staff contacts employers to solicit jobs for TA and SNAP Participants. Describe below how this is done, including number of staff, frequency of contacts, etc.

NCDSS has a Job Developer working within the Employment Unit. He is a member of the Niagara County Workforce Development Group which meets on a monthly basis. The Job Developer participates in the planning of area Job Fairs that are held twice per year in Niagara Falls and once a year in Lockport and North Tonawanda. Job leads are shared among the Workforce Group participants with a "Hot Jobs Listing" mailed out on a weekly basis. The Job Developer will engage with clients both in the office and at WEP sites to go over the clients Job Searches and to offer new leads. When appropriate, the Job Developer also writes OJT/TEAP contracts with area employers.

District contracts or has an agreement with another agency to contact employers and solicit jobs for TA and/or SNAP participants. Describe below how this is done, including number of staff, frequency of contacts, etc.

Niagara County does not have any contracts or agreements with other agencies to contact employers and solicit jobs for TA and/or SNAP participants.
4.3 Training Approval and Activity Enrollment Policies (Reference 18 NYCRR 385.9)

a. Described below is how the district identifies appropriate education program providers for services of Adult Basic Education, High School Equivalency (HSE) diploma preparation, and English Language Instruction that are available to clients whose assessment indicates such services would be an appropriate work activity assignment:

Niagara County identifies appropriate Adult Basic Education, High School Equivalency (HSE) and English Language providers through local interaction with the Niagara County Workforce Investment Board.

b. Described below is how the district identifies appropriate program providers of Vocational Education and Job Skills Training programs that are available to clients whose assessment indicates such services would be an appropriate work activity assignment:

Niagara County DSS has a partnership with Niagara County Employment and Training. NC E&T as part of its mandate provides funding for tuition for Vocational Education. As part of that process NC E&T works with employers and training providers to make sure that programs being offered match the skills the employers are looking for. They will not provide funding for training programs that fail to meet that standard. The NCDSS Job Developer participates in meetings with other agencies to determine what the needs of local employers are in order to determine training needs of recipients.

c. Described below are the process and guidelines workers follow to ensure that individuals who have not attained a basic literacy level and/or have not attained a high school diploma are offered the opportunity to participate in an educational activity:

All employable applicants are TABE tested to determine their literacy needs. Applicants who haven't reached a basic literacy level (scoring at or beneath a 9th grade level) are assigned to a Job Readiness Class. This class includes a literacy component. Once their case opens, they are called in for an Employment Assessment. Using the assessment tools available and the client's interest and ability, the client may be assigned to educational activities for hours above their required core hours. Individuals who have not attained a high school diploma are highly encouraged to pursue educational activities. They may be required to do so in addition to enrollment in another work activity, but every effort will be made to accommodate the schedule of the educational activity.
d. Described below are the district’s process and policy, including the guidelines workers follow, when determining whether participation in educational activities is approved for individuals who have not attained a high school diploma who are interested in participating in an educational activity. Include in this section instances when the district would deny participation in educational activities:

All employable applicants are TABE tested to determine their literacy needs. Any applicant who hasn't achieved either a high school diploma or a High School Equivalency (HSE) is assigned to a Job Readiness Training Program. The JRT includes a literacy component. Once the case opens the individual is required to attend an Employment Assessment interview with an Employment Case Manager. Considering the results of the assessment tools along with the client's interests and abilities, the client may be assigned to educational activities for hours above the required core hours. A client may be denied the opportunity to participate in an educational activity when the scheduled educational activity’s dates/times directly conflict with the client’s scheduled countable work activity assignment (i.e. work experience).

e. Described below is the district’s process and policy for determining whether a participant is approved/assigned to participate in job skills or vocational education activities:

They must not have exceeded their vocational education limit and the desired training must be for something that could result in job placement, for example: does an area employer seek the skills that will result from the education/training. We will also look at their history to see if they have followed through on previous plans which were made with the department.

f. Described below are the standards by which education and training providers are evaluated:

New York State Education Standards

g. Described below is the district's procedure for advising participants of approved training:

Niagara County Employment and Training establishes a list of approved program areas and providers. The list is made available at assessment or when requested by an interested client. The list is also posted near our client reception area.

h. Described below is the district's procedure for notifying participants they are approved for training or enrollment in a work activity:

Participants are notified either in person, or by phone with a notation to the case narrative.

i. Described below is how the district will monitor the high school attendance for 16-18 year-olds in order for them to retain their TA exempt status:

The Social Services Worker in the TA unit obtains verification of school attendance/enrollment at application and recertification. If it is determined that a 16 to 18 year-old is not in school, they are required to complete the Employment Assessment form (2280). The Employment Assessment form is then forwarded to an Employment Case Manager for review. The individual will then be required to attend an Employment Assessment with an Employment Case Manager.
j. Described below is the district's procedure for ensuring that an individual's health related limitations are accommodated when assigning the individual to a work activity:

When a health-related limitation is identified, the district will make all accommodations to comply with requirements of the Americans with Disabilities Act, including assigning said individual to a worksite which will accommodate the work limitations. Providers and worksites are notified in writing of an individual's work limitations. The district may make unscheduled visits to worksites to monitor compliance with our notification of the client's work limitations to ensure they are complying. The client is consulted regarding being assigned to a provider or worksite which is within their limitations.

4.4 Post-Secondary Education Approval and Enrollment Policies

a. Described below is the highest level of post-secondary level education that the district will approve as a work activity, up to a four-year college program:

NCDSS will allow up to a four-year college program as an activity provided that the program leads directly to employment. The assessment of the program is based on criteria NCDSS gets from Niagara County Employment and Training as stated in section 4.3 (g)

b. Described below is how the district will ensure that enrollments in post-secondary education beyond the 12-month lifetime limit are combined with a weekly average of at least 20 hours in paid employment activities which may include work study, work experience or community service:

The 12 months are tracked through a combination of the yearly assessment and alerts that are generated through the enrollment and scheduling process in WTWCMS. Prior to the 12-month limit being reached the participant is called in and a new Employment Plan is developed. The participant is then scheduled for core activities in addition to educational activity. Participation is tracked monthly.

c. In accordance with 18 NYCRR 385.9(b), regardless of whether the college program is approved for the participant as an employment work activity, the district will approve as a work activity a work-study, internship, externship or other work placement that is part of a non-graduate student's curriculum unless one or more of the following conditions applies as checked below (Select all that apply):

☐ It has been determined that the student voluntarily quit their job or reduced earnings to qualify for initial or increased TA.
☐ A job or on-the-job training position that is comparable to the work-study, internship, externship or other work placement cannot reasonably be expected to exist in the private, public or not-for-profit sector.
☐ The student is not maintaining a cumulative C average (or the equivalent). The district may disregard this provision if the student documents an undue hardship.
☐ The institution or student fails to monitor and report information regarding the student’s attendance and performance as required.
☐ The student fails to progress toward the completion of a course of study without good cause, as determined by the district.
☐ The student has previously enrolled in work-study, internship, or other work placement and failed to complete the work placement without good cause as determined by the district.
Additional reasons as stated below:

5. Work Requirements

5.1 Meeting TA Work Requirements

a. Described below is how the district plans to meet federal and State TA participation rate requirements. Include in this description the weekly hours standard participation requirements for individuals in the different case and household types, along with the typical time period it takes for nonexempt individuals to be engaged in activities for both newly opened cases and individuals whose status changed from exempt to nonexempt. (Information regarding engaging exempt individuals is entered in Section 9).

The typical time period it takes to engage non-exempt individuals in activities, for both newly opened cases and individuals whose status changed from exempt to non-exempt, is between two and four weeks. The development of an Employability Plan and the assignment to a work activity such as Supervised Job Search can be accomplished more quickly than the assignment to another activity (i.e. work experience) where the assignment may involve additional factors (a suitable worksite, more extensive supportive services). The importance of the monitoring of participation rate performance along with the tracking of individuals engaged in activities cannot be overstated. The local district's Sr. Employment Case Manager makes extensive use of State provided management reports available through Cognos. Niagara County’s weekly standard participation requirement varies. First and foremost, individuals are assigned to at least the minimum number of hours needed for their respective case to count in the participation rate. Individuals assigned to the Work Experience Program will usually be assigned to the maximum number of hours that the TA grant and SNAP benefits will allow (not to exceed 40 hours per week). Individuals with a child under six will be expected to participate for a minimum of 20 hours per week. They often participate for additional hours. Those engaged in literacy as part of their job readiness continue to attend in addition to their WEP assignment. BOCES administers the literacy classes around their WEP assignments. Participants are required to share their work schedule with the literacy instructor. This determination is made on a case-by-case basis and is incorporated into the individual’s Employability Plan. The goal for these individuals is financial self-sufficiency.

b. Estimate the number of individuals expected to receive employment services for:

</table>
c. Described below is how the district uses work participation management reports available through COGNOS or other reports and activities to monitor district progress toward meeting work participation requirements and ensuring full engagement by adults in work or work preparation activities:

Niagara County relies heavily upon Cognos reports to meet work participation rate requirements. Both current and monthly reports are reviewed with staff on a regular (usually monthly) basis. Current reports used most often are, Not Countable Participating Cases, Non-participating Cases, and Cases in Sanction status. Monthly reports most commonly used include, TANF Engagement Reports, SN MOE Engagement Reports, TANF and SN MOE Detail Reports. The "TANF and SN MOE Worker Participation/Engagement Summary Reports" is used (and shared with NCDSS Employment Case Managers) to monitor possible trouble spots and to focus attention/resources on these areas.

d. Does the district assign TA applicants to Job Search? If yes, describe the district procedure for Job Search, including the required number of job search contacts and hours per week assigned. Use the “Additional Information” column in the chart below to describe how often individuals are generally required to report job search outcomes and if activities other than job search are routinely expected:

f. Described below is the district’s process and policy used for determining whether participation in self-employment is approved as part of an individual’s required work activities, including the guidelines workers follow. If the district always approves self-employment as part of an individual’s required work activities, please note this policy below.

At Assessment the Employment Case Manager will review the reported income to determine if the client is earning minimum wage. If the client is not earning minimum wage, they will be advised they have 90 days from the date of assessment to be earning minimum wage or higher in addition to working the minimum number of hours per week to meet participation requirements. If they are not meeting these requirements at the end of 90 days, they will be assigned to work activities.

5.2 Meeting SNAP Work Requirements

a. Described below is the extent to which the district requires NTA SNAP recipients to participate in SNAP E&T work activities. (Please note: Case management services must be provided to all participants enrolled in SNAP E&T activity):

Niagara County will require Non-Temporary Assistance Supplemental Nutrition Assistance (NTA SNAP) recipients to participate in SNAP E&T work activities. All non-exempt NTA SNAP individuals will be called in for an assessment at certification and recertification and an Employment Plan will be developed by the Employment Case Manager while meeting with the client. The Employment Plan will be updated yearly or if there is a change in circumstances. The client will be assigned to supervised Job Search for a minimum of 20 hours per week (approx. 10 contacts per week). This can include time spent in case management, identifying, applying, interviewing and follow-up. These contacts are submitted each week on a Participant Job Search Log and are monitored by OTDA Jobs Staff, NCDSS Employment Case Managers, NCDSS Job Developer for hours and reasonableness. The number of hours of participation is tracked through WTWCMS. The supervised Job Search assignment is to be made for a period not to exceed 90 days. If an individual is not successful at finding a job, then an assignment to another work activity, such as Work Experience may be made. NTA SNAP work registrants are informed at application and recertification of services available. If the client has any questions regarding job search services, the Employment Case Manager will address them. The Case Manager will also assist with other activities including referrals to WorkSourceOne, the OTDA Job Specialist, NCDSS Job Developer or Work Experience if slots are available. They will also address barriers to employment and provide supportive services if needed. The Case Manager will monitor the assigned individual’s progress in their assigned SNAP E&T work activity and will document their progress in the case record.

b. If the district is offering Supervised Job Search as an E&T activity component, describe below how the job search activity will be supervised and tracked, including the frequency of monitoring the participant’s job search efforts.

see above

c. If the district is not mandating SNAP E&T work activity assignments, please describe below how NTA SNAP work registrants are informed of the services available, upon request, for assistance with job search activities. (Please note: At a minimum, districts are required to offer job search assistance to NTA SNAP applicants and recipients):
NTA SNAP work registrants are mandated to participate in E&T work activity assignments.

6. Quality Assurance/Work Verification

6.1 Quality Assurance Process - Random Case Sampling

Consistent with New York State’s approved Work Verification Plan (WVP), and in accordance with the requirements established by the United States Department of Health and Human Services, districts must develop a quality assurance plan to ensure that the data reported, from which their work participation rates are derived, are accurate. The plan must include the district’s procedure for monitoring reported scheduled and actual attendance in paid employment and unpaid work activities and the controls in place to ensure that reported exemption statuses resulting in federal exclusions from the work participation rate calculation are accurately made, work eligible individuals are correctly identified, hours of attendance reported are accurate and documented, data entry is accurate and that the district and its providers adhere to the approved work activity definitions and the determination of countable excused absences and holiday reporting within federal limits. Each district must maintain the documentation to verify what is being reported to NYS OTDA.

Each district must describe how it will conduct periodic self audits to determine that system entries are consistent with documentation in case files. The district must also explain how it will choose the sample size, select sample cases and establish the review period (no less frequently than semi-annually). The plan must indicate the district will maintain documentation on all pertinent findings produced through its self audit process and that case records for all reviewed cases will be available for State and other auditors in their review of the local work verification system for the standard 6 year period associated with such reviews.

The district will sample cases from each month within the (6 month) semi-annual period. The October to March review will be due by May 20th. The April to September review will be due by November 20th. The results of these audits will enable the district to identify policies, processes or cases that may need corrective action.

After each self audit is completed, the district must submit a summary of findings to OTDA A&QI at AQI.WV.SelfAudits@otda.ny.gov for State review including specific information on each of the errors identified. In addition, when monitoring reveals substantial problems, the district must describe the corrective action it will take.

The Quality Assurance (QA) plan must include the following elements:

- Ensure that documentation of wages and actual hours of employment is verified and accurately projected/reported and present in the case file, is actual and is projected correctly;
- Ensure that the documentation for actual hours, supervision/attendance, excused absences, and holidays in other activities is present in the case file;
- Assess whether participation in the work activities reported for work eligible individuals meets the approved federal definition for the activity;
- Assess that the data entered into either WTWCMS, NYCWAY or other automated systems used for reporting work activities is accurate, including actual hours, excused absences and holidays; and is based on documentation in the case record; and
• Ensure that documentation necessary to determine an individual to be exempt due to being the parent caretaker of a disabled household member (Employability Code 38 or 48), and/or parent or caretaker relative of a child in the household under 12 months of age, (Employability code 31), is present in the case file and that individuals meet the exempt status based on the required documentation.

a. Below is the number of random sample cases of participation in paid work activities the district will review semi-annually. Refer to the Instruction Guide for the minimum number of cases per district and guidance regarding review requirements.
   12 cases

b. Below is the number of random sample cases of participation in unpaid work activities the district will review semi-annually. Refer to the Instruction Guide for the minimum number of cases per district and guidance regarding review requirements.
   12 cases

c. Below is the number of random sample cases in which a case member is reported as an TA employability code 38 – “Parent needed in the home full time to care for an incapacitated/disabled household member” or TA employability code 48 – “Needed in the home to care for an incapacitated child full time – time limit exemption”. Refer to the Instruction Guide for the minimum number of cases per district and guidance regarding review requirements.
   6 cases

d. Below is the number of random sample cases in which a case member is reported as an employability code 31 – “Parent or caretaker relative of a child under 12 months of age”. Refer to the Instruction Guide for the minimum number of cases per district and guidance regarding review requirements.
   6 cases

The district will review district worker or approved provider/vendor collected documentation and data entry of the above listed elements. The district will assess and verify that participation in the reported work activities listed above meet the State approved definition for the activity.

6.2 Use of Outside Providers/Vendors

a. Does the district utilize outside providers/vendors to collect documentation and enter data directly into WTWCMS?
   □ Yes
   ☒ No

b. If Yes, does the district’s provider/vendor documentation collection, data entry and management of WTWCMS follow the same process that would be used by the district worker?
   □ Yes
   □ No

c. If No, describe below the process used:
7. Supportive Services

7.1 TA and Non-TA SNAP Applicants and Recipients in Work Activities Approved by the District

a. The district must provide childcare in accordance with the childcare section of the district’s Child and Family County Services Plan. The district will also provide the following expenses, which the district deems necessary for the individual to participate in orientation, assessment, employment planning, approved work activities and activities to restore self-sufficiency:

I. Transportation-public transportation, mileage reimbursement, motor vehicle repair, registration, and insurance.
   All Motor Vehicle Expenses:
   a) requires participant to have a valid driver’s license
   b) vehicle must be titled and registered to a member of the applicant's household
   Repair:
   c) requires two estimates of cost from licensed auto repair shops including a statement of the necessity of the repairs to keep the vehicle working and road legal
   d) requires the cost of the repairs to be in line with the value of the vehicle
   Insurance:
   e) NCDSS will pay up to three months auto insurance per year

II. Work-related expenses (including uniforms, tools, licenses, test fees)
   a) uniforms-up to $100.00
   b) tools-up to $500.00
   c) license and fees-considered on a case by case basis

III. Tuition-upon prior approval for training when no other funding source is available and:
   a) determination that the training will lead to an offer of employment. This is based on criteria established by Niagara County Employment and Training
   b) an evaluation determines if the participant has enough background to reasonably determine success in the program
   c) case by case evaluation of any program lasting more than 12 months
   d) all tuition must be approved by a Manager. Any amount over $1,000.00 must also be approved by the Director of Eligibility.
b. Indicated below are the services the district will use to assist those participants who need transportation to and from an approved work activity site, including any applicable mileage reimbursement rate, and the method used by the district to arrive at that reimbursement rate. OTDA policy establishes a mileage reimbursement rate of no less than the IRS established rate for medical/moving purposes. In all instances, should the actual cost of transportation needed to participate in an assigned work activity exceed the reimbursement rate determined by the district, the district will reimburse for the actual costs based on reasonable documentation submitted by the work activity participant. (Select all that apply)

- Bus pass/token
- Mileage reimbursement at IRS Business rate (effective 1/1/21 is 56 cents/mi)
- Mileage reimbursement at IRS Medical/Moving rate (effective 1/1/21 is 16 cents/mi)
- Other mileage rate (please explain methodology used to establish reimbursement rate):

Whenever possible public transportation will be used to help those individuals who need transportation to and from their approved work activity site. The department provides monthly bus passes or day passes depending on the individual's needs. For those participants who live where public transportation isn't available and have their own vehicle or the offer of a ride the department issues a mileage allowance. The allowance is $4.00/day for a distance up to 8 miles (one way). Distances over 8 miles will be calculated at the IRS medical/moving rate per mile.

c. OTDA policy establishes a distance not to exceed two miles as the maximum distance that the district can require a participant to walk to a work activity assignment or to access public transportation. Describe below the distance an individual may be required to walk, each way, to a work activity or to access public transportation:

The maximum distance the district may require a participant to walk to a work activity assignment or to access public transportation is not to exceed 2 miles.

d. Described below are the services the district will provide to assist individuals at risk of needing TA to improve their opportunities for employment or to maintain their employment:

Niagara County provides supportive services to divert applicants from needing Temporary Assistance. The services provided will vary depending if the household is an individual or a family. Each situation is evaluated on a case by case basis and are only approved for individuals who are either already employed or have a promise of employment. Verification of employment (current pay stub) or a statement on Company letterhead indicating a promise of a job, including start date is required for the individual to be considered for services. The anticipated wages would need to be high enough to project the household as being ineligible for Temporary Assistance. All diversion services need a manager's approval. Any cost exceeding $1000.00 also needs the approval of the Director of Eligibility.

Additional criteria are as follows -

I. Transportation-all motor vehicle expenses
   a) requires participant to have a valid driver's license
   b) vehicle must be titled and registered to a member of the applicant household
   
   Repair:
   c) requires two estimates of cost from licensed auto repair shops including a statement of the necessity of the repairs to keep the vehicle working and road legal
d) requires that the cost of the repairs be in line with the value of the vehicle Insurance:
e) NCDSS will pay up to three months auto insurance per year

II. Work-related expenses (including uniforms, tools, license and test fees)
   a) uniforms-up to $100.00
   b) tools-up to $500.00
   c) license and fees-considered on a case by case basis

III. Job Development:
The OTDA JOBS Program staff person is available to provide job search/job placement services to applicants to divert applicants from needing Temporary Assistance

7.2 Post-Employment/Transitional Supportive Services

a. Described below are the supports and strategies the district will provide to support job retention:

   Transportation- District will provide assistance for up to three months for TANF eligible households and one month for non-TANF households after case closing for transportation costs. This can be in the form or a bus pass or mileage expenses at the IRS Medical/Moving rate.

b. Described below are the support services (for up to 90 days after case closing) the district will provide to individuals whose TA cases have closed due to employment:

   Transportation- District will provide assistance for up to three months for TANF eligible households and one month for non-TANF households after case closing for transportation costs. This can be in the form or a bus pass or mileage expenses at the IRS Medical/Moving rate.

7.3 Extended Support Services

a. Described below are the support services the district will provide for individuals who are eligible under the TANF Services 200% of poverty eligibility guidelines. These services can be provided as long as funding is available (FFFS, etc):

   None
8. Conciliation, Sanction and Dispute Resolution Procedures

8.1 Conciliation

a. The district's conciliation process for TA applicants and recipients must be conducted in accordance with 18 NYCRR 385.11(a). Indicate below how conciliations are conducted. (Select all that apply and describe the procedure below).
   ☒ In person
   ☒ By phone
   ☒ By mail

   When a failure to comply occurs, the Employment Unit worker will issue a Conciliation Notice. The recipient must respond within 10 days. The conciliation process will last no longer than thirty (30) days for TANF participants and no longer than fourteen (14) days for Safety Net participants unless both the Department and the participant agree that the timeframe should be extended. The conciliation process provides the individual with the opportunity to inform the local district of the reason(s) for their failure to comply. During the conciliation period the Case Manager will determine if the TA recipients failure to comply was willful and without good cause.

b. Who makes the TA good cause/willfulness determination? (Select all that apply)
   ☒ The client's employment worker
   ☐ A supervisor in the district
   ☐ A separate entity (describe below):

c. The district's conciliation process for SNAP applicants and recipients must be conducted in accordance with 18 NYCRR 385.11(d). Indicate below how conciliations are conducted. (Select all that apply and describe the procedure below)
   ☒ In person
   ☒ By phone
   ☒ By mail

   When a failure to comply occurs, the Employment Case Manager will issue a Conciliation Notice. The recipient must respond within 10 days. The conciliation process will last no longer than thirty (30) days unless both the Department and the participant agree that the timeframe should be extended. The conciliation process provides the individual with the opportunity to inform the local district of the reason(s) for the failure to comply. During this time frame the individual would also be given the opportunity to provide documentation supporting a claim of exemption from SNAP work activities.

d. Who makes the SNAP E&T good cause/willfulness determination? (Select all that apply)
   ☒ The client’s employment worker
   ☐ A supervisor in the district
   ☐ A separate entity (describe below):
e. Described below is the district’s procedure for engaging SNAP recipients in a work activity to demonstrate compliance to avoid a SNAP E&T related sanction:

If a SNAP recipient contacts the agency to engage in a work activity to demonstrate compliance, we attempt to schedule them to the activity they were originally assigned to. If that's not possible then the agency will determine what activities are available and assign the SNAP recipient to one of them. Attendance in the activity is then tracked to ensure compliance. To demonstrate compliance the recipient must either participate on the Work Experience Program for 10 hours or provide verification of 5 Job Search contacts.

8.2 Sanction

a. Described below is the district’s procedure for determining compliance for those TA recipients who wish to end their employment sanction (18 NYCRR 385.12, 385.13), including the time period established for demonstrating compliance to the satisfaction of the district:

Niagara County has the individual sign a willingness to comply form that provides an opportunity to remind the individual of the importance of compliance and participation requirements. The sanctioned individual will then be assigned to an activity. Once the individual has participated for ten days they will be considered "in compliance". An individual is also considered "in compliance" when they obtain employment that meets their participation requirement. At that point, a referral is sent to the client's eligibility worker to end the sanction at the end of the durational sanction period if any. Temporary Assistance benefits will be restored retroactive to the date the individual indicated a willingness to comply, (but no earlier than the minimum duration period) in accordance with 09-ADM-20.

b. Describe below the district’s procedure for determining compliance for those SNAP recipients who wish to end their employment sanction (18 NYCRR 385.12, 18 NYCRR 385.13), including the time period established for demonstrating compliance to the satisfaction of the district:

When a sanctioned individual reapplies for TA/SNAP or NTA/SNAP benefits or asks to be added to an existing SNAP case Niagara County has the individual sign a willingness to comply form following the end of the durational sanction period. Individuals may reestablish SNAP eligibility during the durational sanction period if the individual is determined by the district to be exempt from SNAP work requirements.

8.3 Dispute Resolution

a. The district’s procedure for individuals who wish to dispute their work activity assignments, including individuals who dispute the district’s response to their request for health-related accommodations must be conducted in accordance with 18 NYCRR 385.11(c). Indicate below who mediates the grievance.

☐ An independent entity which has an agreement with the district
☐ Supervisory staff who are trained in mediation and who have no direct responsibility for the individual’s case
☒ Designated supervisory staff who have no direct responsibility for the individual’s case and who are not trained in mediation
9. Disability Determinations, Documentation and Requirements of Exempt Individuals

9.1 Disability Determination Process and Tools

a. The district's process for determining an individual's disabilities and/or work limitations must be in accordance with 18 NYCRR 385.2(d). Indicate below what the district's process is for determining an individual's disabilities and/or work limitations. (Select all that apply, and describe the process)

- District participates in the OTDA managed contract for independent medical evaluations.
- District contracts directly with a physician to provide independent medical evaluations.
- District accepts physician's statement provided by participant.
- District accepts physician's statement provided by participant but refers for an independent evaluation when deemed necessary
- Other process

Niagara County will adhere to the disability program requirements set forth in 18 NYCRR 385.2(d). The disability procedure will be followed whenever the applicant/recipient claims an inability to work, a work limitation or whenever the district worker suspects that an inability to work or a work limitation might exist. If the applicant/recipient has his/her own health care provider, he/she will be provided ten (10) calendar days to submit evidence in support of the claim to be unable to work or work-limited. In instances where it is not possible for the documentation to be provided within ten (10) calendar days, an extension may be granted at the discretion of the local district. Niagara County may wish to refer the individual to its own health care practitioner. This will be done when the individual does not currently have a primary care physician, or in instances where the medical documentation submitted is either incomplete or directly conflicts with medical documentation already on file. The local district's health care practitioner will be certified by the ODD. It is understood that an individual's health care provider may not be a physician or certified psychologist. However, the District reserves the right to require additional documentation from the individual when the documentation on file is insufficient for the District to make a determination on exempt/non-exempt status. NCDSS staff will review any documentation submitted by the individual to support his/her claim for exemption from work program requirements. The individual's past medical history, work limitations, prior work history and the availability of "light duty" worksites will be factors in determining the individual's exempt/nonexempt status. Niagara County will utilize the LDSS 4005 or 4005(a) to notify individuals of the District's determination regarding whether the individual is exempt, work-limited, or non-exempt. The individual retains the right to request a fair hearing should the issue not be resolved to his/her satisfaction.
b. Indicated below is the process for reviewing the medical documentation to determine if the individual is exempt, nonexempt, or work limited and describe the process by which the determination is made. (Select all that apply)

☐ District directs the contracted physician or individual’s physician to determine status.
☐ District review team reviews and determines status (described below).
☐ Specialized disability/medical staff or unit reviews and determines status (described below).
☒ Other

Medical documentation is submitted by applicants to the TA worker. The TA worker makes the initial determination regarding exempt/non-exempt or work-limited status of the individual (often in consultation with the Employment Case Manager). The medical information is attached to the Employment Unit referral. The Employment Case Manager reviews the documentation and any subsequent status redetermination is made by the Employment Case Manager. 9.3 Requirements for Exempt TA Participants (Reference 18 NYCRR 385.2 (e))

a. An exempt individual who has the potential to be restored to self-sufficiency through rehabilitation may be required to accept medical care to assist them in recovering from a mental or physical impairment, accept referral to and enrollment in a program of vocational rehabilitation, training, and/or other essential rehabilitation, and provide requested evidence that the individual is participating in the assigned program.

When an individual has indicated that they are unable to engage in activities due to a physical or mental health issue the agency will request that the individual's Health Care Practitioner complete an LDSS-4526. On this form the Health Care Practitioner will indicate the individual's condition, current treatment programs the individual is engaged in, limitations to work activities and how long they are expected to last and if the Health Care Practitioner feels a referral to a rehabilitation program is appropriate. This information is used by the Employment Case Manager to determine if rehab should be part of an Employment Plan.

Described below is the district’s procedure for determining if an individual, who is unable to work due to mental or physical impairment, has the potential through treatment or other rehabilitative activities to improve the ability to work. This determination is different from the determination of the individual's disability exemption as covered in Section 9.1 of this Plan. Indicate who makes or assists in this determination that an individual can restore or improve employability through treatment or other rehabilitative activities (e.g., medical practitioner, employment worker, TA worker, local review team, etc.). Also indicate the source and type of information used to make the determination (e.g., information from individual’s medical practitioner, district contracted provider, specialist evaluation obtained as result of district referral, etc.).

b. Described below is the district's procedure for developing a treatment plan and for referring the participant to appropriate treatment, etc.

All exempt individuals are called in to do Employment Plans. An individual who can improve their ability to engage in work activities through rehab will develop an Employment Plan along with their Employment Case Manager that spells out the steps the individual is to take. This would include actions such as contacting their primary care physician for appropriate referrals and time frames in which the action needs to be accomplished.

c. Described below is the district's procedure for tracking the participant’s compliance with their treatment plan, including who in the district is responsible for monitoring compliance. Include elements such as monthly confirmation of attendance at rehabilitation or other factors to judge participation and progress, along with how often the treatment plan is updated.

District staff will monitor attendance at rehabilitation programs monthly. We will require the individual to bring in proof of attendance at the end of every month. Employment Plans which spell out the treatment plan requirements are updated yearly or when a change in treatment is indicated whichever is earlier.
