a. Table 1 lists the local contracts or agreements with agencies to provide employment services to TA and SNAP clients. These activities and services may include, but are not limited to: employability determinations; development of assessment and employment plans; conciliation and grievance activities; provision of work activities such as job readiness training; education and job skills training; monitoring and support for compliance with treatment plans for exempt individuals with the potential for restoration to self-sufficiency; job development; job placement and retention services; and other employment related activities.

3.1 Federal “Engaged in Work” Requirement (Reference 18 NYCRR 385.2 (f))

a. Federal requirements state that parents or caretakers must be engaged in work as soon as the district determines they are ready, but no later than within 24 months of receiving federally funded assistance. The district’s definition of “Engaged in Work” is:

Compliance with assessment, employment planning, all activities included in the individual’s Employment/Self-Sufficiency plan, including any need to attend treatment/rehabilitation programs, or any of the work activities listed in Section 4.1. Also included is pursuit of other forms of income such as SSI and SSDI.

b. Described below is additional information regarding the district’s “Engaged in Work” requirements:

Rensselaer County Department of Social Services requires individuals to look for and secure appropriate childcare, any medical, substance abuse treatments, ESL classes, HSE classes in order to reduce barriers to employment and increase the potential for self sufficiency at the earliest point in time. Rensselaer County Department of Social Services assists the client in this process with a referral to Bright Side Up, Capital District Educational Opportunity Center, Questar III-BOCES, or Literacy Volunteers of Rensselaer County, as appropriate. The individual is responsible for securing medical and substance abuse treatments.

3.2 Strategies/Procedures for Accommodating Individuals with Limited English Proficiency

a. Described below is how the district accommodates non-English speaking participants’ access to employment activities and services:

Rensselaer County Department of Social Services has a contract with All Language Translations. This provider allows the district to communicate with all of the different languages the agency has encountered. Also, this provider can have sign language interpreters available to the agency. We have also used translators from the U.S. Committee for Refugees and Immigrants (USCRI) when necessary. Rensselaer County also accommodates individuals who do not speak English and prefer to have a family member or community friends act as an interpreter.
3.3 Strategies/Procedures for Increasing Program Attendance

a. Described below are the district policies and/or procedures used to reduce the number of times participants fail to participate in work activities. This includes absences with good cause:

Individuals are counseled about the importance of reporting to paid or unpaid work on time and the relationship of attendance and success in the work place. Clients are advised during the assessment and employment plan process of having a reliable back up plan for childcare and to do their upmost on scheduling appointments when they are not at the workplace. The agency acquires school schedules from many of the county's school systems and daycare systems so the workers can remind clients to pre-plan for those dates.

3.4 Strategies/Procedures for Engaging Sanctioned TA Participants

a. Select all that apply:

☑ Described below are the strategies the district uses to attempt to engage sanctioned participants as soon as they are sanctioned:

The district attempts to engage the individual that has been referred for sanction to increase their job search efforts to obtain employment as certain support services such as childcare and transportation assisting are still available to them. Individuals are encouraged to go to the Rensselaer County One Stop located at 1600 7th Ave., Troy, NY to review online employment opportunities and receive specific job referrals. Workers discuss with their clients how to avoid future sanctions, provide information on childcare (Brightside Up) and the Career Center, etc.

☑ Described below are the strategies the district uses to attempt to engage sanctioned participants when the durational period of the sanction is completed:

Workers make phone calls to the individual if the participant has a viable phone number. Otherwise, the district mails scheduled appointments approximately 30 days before the durational period ends and will continue making the effort on a 30 day basis from that point on. Project HIRE will notify the TANF and SAFETY NET MOE units that when a client reports for recertification, the Project HIRE worker needs to meet with the client also.

☑ Described below are the strategies the district uses to attempt to engage sanctioned participants during different times in the sanction period:

Workers start mailing scheduled appointments and making phone calls, if the district has viable phone numbers, approximately 2 weeks to 30 days before the durational period ends.

3.5 Strategies for Reducing the Need for TA

a. Described below are the district’s strategies for reducing the need for TA:

Individuals at time of application are asked about applying for NYS Unemployment
Insurance, NYS Disability claims and payments, Workers Compensation, SSI/SSD applications and payments, child or spousal support and if housing, childcare or transportation could be potentially provided by a relative or friend. Clients are asked to do job searching at time of assessment. Referrals to appropriate community-based assistance are made available to the individual. Documentation of utility shut off, eviction notices, or a client requesting specific assistance, such as moving expenses, when accompanied by written documentation of means of continued support, can be utilized for reducing the need of Temporary Assistance.

### 4.2 Job Development

a. Does the district conduct or access job development services to expand job opportunities for TA and SNAP participants?

- Yes
- No

If Yes, select how the district participates in job development activities.

District staff contacts employers to solicit jobs for TA and SNAP Participants. Describe below how this is done, including number of staff, frequency of contacts, etc.

4.3 Training Approval and Activity Enrollment Policies (Reference 18 NYCRR 385.9)

a. Described below is how the district identifies appropriate education program providers for services of Adult Basic Education, High School Equivalency (HSE) diploma preparation, and English Language Instruction that are available to clients whose assessment indicates such services would be an appropriate work activity assignment:

Rensselaer County Department of Social Services refers individuals for the above mentioned services to Questar III BOCES, Educational Opportunity Center, and Literacy Volunteers of Rensselaer County. These three agencies have positive outcomes with individuals receiving HSE certifications and English secondary language skills. Rensselaer County Department of Social Services does not have formal agreements with Questar III-BOCES, Capital District Educational Opportunity Center, or Literacy Volunteers of Rensselaer County, but these agencies serve the same population as the Rensselaer County Department of Social Services and provide the required services, thereby making them the best available option for individuals working with Rensselaer County Department of Social Services.

b. Described below is how the district identifies appropriate program providers of Vocational Education and Job Skills Training programs that are available to clients whose assessment indicates such services would be an appropriate work activity assignment:

Rensselaer County Department of Social Services refers individuals to the Capital District Educational Opportunity Center and Hudson Valley Community College; these two providers are part of the SUNY system. The Department also uses Questar III-BOCES part of NYSED. Also, the Rensselaer County Career Center is used for potential WIOA Title I training funds. All trainings are approved and on the New York State eligible provider list. These programs provide positive outcomes in terms of certificates, degrees, and hands-on-training at costs that are more affordable for individuals working with the Department as compared to available alternatives.
c. Described below are the process and guidelines workers follow to ensure that individuals who have not attained a basic literacy level and/or have not attained a high school diploma are offered the opportunity to participate in an educational activity:

At the time of assessment and development of the employment plan, workers discuss the need in this job market to have at a minimum of a HSE certificate. The individual is offered the opportunity to participate in the Questar III and Capital District Educational Opportunity programs to obtain a HSE certificate.

d. Described below are the district’s process and policy, including the guidelines workers follow, when determining whether participation in educational activities is approved for individuals who have not attained a high school diploma who are interested in participating in an educational activity. Include in this section instances when the district would deny participation in educational activities:

Individuals are given encouragement and supportive services to foster an opportunity for success in obtaining their HSE equivalency. Our workers will evaluate past attempts and try to identify reasons for the individual not being successful, such as an undiagnosed learning disability, transportation and childcare support. The plan that is developed would need the individual to accept the added responsibility and commitment to this new opportunity. Individuals with multiple past instances of not following through with goals of previous attempts would be assigned other work activities until they show forth they are willing to complete and commit to this new educational opportunity.

e. Described below is the district’s process and policy for determining whether a participant is approved/assigned to participate in job skills or vocational education activities:

The individuals are identified at the time of assessment and an employment plan is development. Workers discuss with the clients their interest in obtaining skills through education to become self sufficient and the commitment on their part for success in this endeavor. Review of necessary supportive services will be done for the success of the individual and must be adequate. Individuals with multiple past instances of not following through with the goals of previous attempts would be assigned other work activities until they show forth they are willing to completely commit to this new educational opportunity.

f. Described below are the standards by which education and training providers are evaluated:

Providers are evaluated by their institutional accreditations, rating of placements of graduates in positions that are directly related to the given courses of training and the amount of indebtedness the individual will be left with versus the quality of the program.

g. Described below is the district's procedure for advising participants of approved training:

Discussions take place with participants during the assessment formation of the employment plan. Individuals are given literature that is available from the approved training providers when available. Clients are also advised to visit the provider in person and talk to the representatives about their programs.
h. Described below is the district's procedure for notifying participants they are approved for training or enrollment in a work activity:

The employment plan is developed in person between the individual and their Project HIRE worker with both parties signing off on the plan. Also, additional documents of referrals, participant's rights and obligations, scheduled appointments and program schedules are signed by the individual and the client's worker. If an in person contact cannot happen, a phone interview could take place with any documents developed which are mailed to the client to be signed and returned to Rensselaer County Department of Social Services by mail, fax, email or NYDocSubmit within 10 days.

i. Described below is how the district will monitor the high school attendance for 16-18 year-olds in order for them to retain their TA exempt status:

Rensselaer County Department of Social Services monitors the high school attendance of 16-18 years old by verifying at time of application and recertification with written proof of enrollment in a high school.

j. Described below is the district's procedure for ensuring that an individual's health related limitations are accommodated when assigning the individual to a work activity:

Rensselaer County Department of Social Services will provide written documentation to the individual's limitation and need of an accommodation to the work activity provider.

4.4 Post-Secondary Education Approval and Enrollment Policies

a. Described below is the highest level of post-secondary level education that the district will approve as a work activity, up to a four-year college program:

An associates degree in a career specific field which would qualify the individual for employment in a job that is reasonably obtained in this area.

b. Described below is how the district will ensure that enrollments in post-secondary education beyond the 12-month lifetime limit are combined with a weekly average of at least 20 hours in paid employment activities which may include work study, work experience or community service:

Rensselaer County Department of Social Services refers individuals to the Capital District Educational Opportunity Center and Hudson Valley Community College; these two providers are part of the SUNY system. The Department also uses Questar III-BOCES part of NYSED. Also, the Rensselaer County Career Center is used for potential WIOA Title I training funds. All trainings are approved and on the New York State eligible provider list. These programs provide positive outcomes in terms of certificates, degrees, and hands-on-training at costs that are more affordable for individuals working with the Department as compared to available alternatives.
c. In accordance with 18 NYCRR 385.9(b), regardless of whether the college program is approved for the participant as an employment work activity, the district will approve as a work activity a work-study, internship, externship or other work placement that is part of a non-graduate student’s curriculum unless one or more of the following conditions applies as checked below (Select all that apply):

- It has been determined that the student voluntarily quit their job or reduced earnings to qualify for initial or increased TA.
- A job or on-the-job training position that is comparable to the work-study, internship, externship or other work placement cannot reasonably be expected to exist in the private, public or not-for-profit sector.
- The student is not maintaining a cumulative C average (or the equivalent). The district may disregard this provision if the student documents an undue hardship.
- The institution or student fails to monitor and report information regarding the student’s attendance and performance as required.
- The student fails to progress toward the completion of a course of study without good cause, as determined by the district.
- The student has previously enrolled in work-study, internship, or other work placement and failed to complete the work placement without good cause as determined by the district.
- Additional reasons as stated below:

5. Work Requirements

5.1 Meeting TA Work Requirements

a. Described below is how the district plans to meet federal and State TA participation rate requirements. Include in this description the weekly hours standard participation requirements for individuals in the different case and household types, along with the typical time period it takes for nonexempt individuals to be engaged in activities for both newly opened cases and individuals whose status changed from exempt to nonexempt. (Information regarding engaging exempt individuals is entered in Section 9).

All non-exempt applicants in Rensselaer County participate in job searching. As the client’s cases become active, they continue with supervised job searching until they are assessed and an employment plan is developed. At that time, a comprehensive strategy of vocational education, supervised job searching, work experience, and job readiness training will be assigned to the client in order for the client to reach their goal of self sufficiency and for the district to meet Federal and State participation goals. The minimum district standard for single parent/caretaker of a child under six years old is 20 hrs/wk, for a single parent with a child six years of age and older is 30 hrs/wk, a two parent household would be 35 hrs/wk for each parent and a single individual without children would be 35 hrs/wk. Typically, the time period between cases opening and engagement in activities is 30 days.

c. Described below is how the district uses work participation management reports available through COGNOS or other reports and activities to monitor district progress toward meeting work participation requirements and ensuring full engagement by adults in work or work preparation activities:

Rensselaer County Department of Social Services uses reports that can be generated from the COGNOS and WTWCMS systems on a monthly basis. Those individuals who are engaged but not meeting participation rates are given appointments so that staff can verify activity hours, review employment plans and alternatives to enhance participation rates.

d. Does the district assign TA applicants to Job Search? If yes, describe the district procedure for Job Search, including the required number of job search contacts and hours per week assigned. **f.** Described below is the district’s process and policy used for determining whether participation in self-employment is approved as part of an individual's required work activities, including the guidelines workers follow. If the district always approves self-employment as part of an individual’s required work activities, please note this policy below.

Rensselaer County Department of Social Services approves self-employment as a work activity. The hours will be determined by taking client's written documentation of gross income (after subtracting certain allowable business expenses) divided by the federal minimum wage. The client may be assigned other activities to ensure the client meets the hours required for participation.
5.2 Meeting SNAP Work Requirements

a. Described below is the extent to which the district requires NTA SNAP recipients to participate in SNAP E&T work activities. (Please note: Case management services must be provided to all participants enrolled in SNAP E&T activity):

Rensselaer County Department of Social Services does not mandate Non-Temporary Assistance SNAP applicants or recipients to participate in SNAP E&T work activities. The agency does offer individuals assistance with supervised job search efforts through the Rensselaer County One Stop office at 1600 7th Ave. Troy, NY. The agency will provide job leads and access to Project HIRE’s employment board as requested by the individual.

b. If the district is offering Supervised Job Search as an E&T activity component, describe below how the job search activity will be supervised and tracked, including the frequency of monitoring the participant’s job search efforts.

c. If the district is not mandating SNAP E&T work activity assignments, please describe below how NTA SNAP work registrants are informed of the services available, upon request, for assistance with job search activities. (Please note: At a minimum, districts are required to offer job search assistance to NTA SNAP applicants and recipients):

The agency offers individuals assistance with supervised job search efforts through the Rensselaer County One Stop office at 1600 7th Ave, Troy, NY. The agency will provide job leads and access to Project HIRE’s employment board.

6. Quality Assurance/Work Verification

6.1 Quality Assurance Process - Random Case Sampling

Consistent with New York State’s approved Work Verification Plan (WVP), and in accordance with the requirements established by the United States Department of Health and Human Services, districts must develop a quality assurance plan to ensure that the data reported, from which their work participation rates are derived, are accurate. The plan must include the district’s procedure for monitoring reported scheduled and actual attendance in paid employment and unpaid work activities and the controls in place to ensure that reported exemption statuses resulting in federal exclusions from the work participation rate calculation are accurately made, work eligible individuals are correctly identified, hours of attendance reported are accurate and documented, data entry is accurate and that the district and its providers adhere to the approved work activity definitions and the determination of countable excused absences and holiday reporting within federal limits. Each district must maintain the documentation to verify what is being reported to NYS OTDA.

Each district must describe how it will conduct periodic self audits to determine that system entries are consistent with documentation in case files. The district must also explain how it will choose the sample size, select sample cases and establish the review period (no less frequently than semi-annually). The plan must indicate the district will maintain documentation on all pertinent findings produced through its self audit process and that case records for all reviewed
cases will be available for State and other auditors in their review of the local work verification system for the standard 6 year period associated with such reviews.

The district will sample cases from each month within the (6 month) semi-annual period. The October to March review will be due by May 20th. The April to September review will be due by November 20th. The results of these audits will enable the district to identify policies, processes or cases that may need corrective action.

After each self audit is completed, the district must submit a summary of findings to OTDA A&QI at AQI.WV.SelfAudits@otda.ny.gov for State review including specific information on each of the errors identified. In addition, when monitoring reveals substantial problems, the district must describe the corrective action it will take.

The Quality Assurance (QA) plan must include the following elements:

- Ensure that documentation of wages and actual hours of employment is verified and accurately projected/reported and present in the case file, is actual and is projected correctly;
- Ensure that the documentation for actual hours, supervision/attendance, excused absences, and holidays in other activities is present in the case file;
- Assess whether participation in the work activities reported for work eligible individuals meets the approved federal definition for the activity;
- Assess that the data entered into either WTWCMS, NYCWAY or other automated systems used for reporting work activities is accurate, including actual hours, excused absences and holidays; and is based on documentation in the case record; and
- Ensure that documentation necessary to determine an individual to be exempt due to being the parent caretaker of a disabled household member (Employability Code 38 or 48), and/or parent or caretaker relative of a child in the household under 12 months of age, (Employability code 31), is present in the case file and that individuals meet the exempt status based on the required documentation.

a. Below is the number of random sample cases of participation in paid work activities the district will review semi-annually. Refer to the Instruction Guide for the minimum number of cases per district and guidance regarding review requirements.

c. Below is the number of random sample cases in which a case member is reported as an TA employability code 38 – “Parent needed in the home full time to care for an incapacitated/disabled household member” or TA employability code 48 – “Needed in the home to care for an incapacitated child full time – time limit exemption”. Refer to the Instruction Guide for the minimum number of cases per district and guidance regarding review requirements.

3 cases

The district will review district worker or approved provider/vendor collected documentation and data entry of the above listed elements. The district will assess and verify that participation in the reported work activities listed above meet the State approved definition for the activity.

6.2 Use of Outside Providers/Vendors

a. Does the district utilize outside providers/vendors to collect documentation and enter data directly into WTWCMS?

☐ Yes
☒ No

b. If Yes, does the district’s provider/vendor documentation collection, data entry and management of WTWCMS follow the same process that would be used by the district worker?

☐ Yes
☐ No

c. If No, describe below the process used:

7. Supportive Services

7.1 TA and Non-TA SNAP Applicants and Recipients in Work Activities Approved by the District

a. The district must provide childcare in accordance with the childcare section of the district’s Child and Family County Services Plan. The district will also provide the following expenses, which the district deems necessary for the individual to participate in orientation, assessment, employment planning, approved work activities and activities to restore self-sufficiency:

Rensselaer County Department of Social Services will provide supportive services for clothing or tools up to a limit of $175 per 12 month rolling period to those individuals where Rensselaer County Department of Social Services referred the individual to a specific employer or work experience site or in other instances on a case-by-case basis as deemed necessary or appropriate by Rensselaer County Department of Social Services. When a client does not have access to their own computer, laptop, internet service or smart phone with enough available minutes to participate in Work Activities, they are referred to the EOC Attain Lab or the Rensselaer County One Stop Center.

Also, the district uses a variety of means to assist an individual to obtain transportation to and from employment. This assistance is custom-designed for each individual based on the availability of public transportation and the availability of a vehicle they have access to.
Monthly per ride bus pass/tokens are provided either at the Project Hire office or funds placed on the client's EBT card. Two ride bus tokens are also available for clients as needed. If no public transportation is available to the individual and they are starting paid employment and the individual has access to an uninsured motor vehicle, the agency may pay the first month's installment of the insurance up to $200. Vehicle repairs up to $650 will be done on a case-by-case basis if the client is employed and either does not work or live on a bus route that is within the two mile walking regulation. The agency will base car repair expenses on the repair estimate, age of the vehicle (less than 12 years old) and accumulated mileage of less than 175,000 miles. These insurance and car repairs are only once during a 12 month rolling time period.

b. Indicated below are the services the district will use to assist those participants who need transportation to and from an approved work activity site, including any applicable mileage reimbursement rate, and the method used by the district to arrive at that reimbursement rate. OTDA policy establishes a mileage reimbursement rate of no less than the IRS established rate for medical/moving purposes. In all instances, should the actual cost of transportation needed to participate in an assigned work activity exceed the reimbursement rate determined by the district, the district will reimburse for the actual costs based on reasonable documentation submitted by the work activity participant. (Select all that apply)
   - ☒ Bus pass/token
   - ☐ Gas card/voucher
   - ☐ Mileage reimbursement at IRS Business rate (effective 1/1/21 is 56 cents/mi)
   - ☒ Mileage reimbursement at IRS Medical/Moving rate (effective 1/1/21 is 16 cents/mi)
   - ☐ Other mileage rate (please explain methodology used to establish reimbursement rate):

c. OTDA policy establishes a distance not to exceed two miles as the maximum distance that the district can require a participant to walk to a work activity assignment or to access public transportation. Describe below the distance an individual may be required to walk, each way, to a work activity or to access public transportation:

   Rensselaer County Department of Social Services abides by the two mile, one way walking limit established by OTDA policy. This walking requirement may be adjusted downward on a case-by-case basis because of medical limitations, or when a parent/caretaker walking with a small child or infant during periods of inclement weather conditions.

d. Described below are the services the district will provide to assist individuals at risk of needing TA to improve their opportunities for employment or to maintain their employment:

   Rensselaer County Department of Social Services may provide to eligible families the following services: childcare, transportation assistance, employment counselling and referral of the individual to other services available from community based organizations. These services are issued through the Employment Unit (Project HIRE), Family Assistance, Safety Net MOE and the Safety Net Unit. 9. Disability Determinations, Documentation and Requirements of Exempt Individuals

9.1 Disability Determination Process and Tools

a. The district’s process for determining an individual’s disabilities and/or work limitations must be in accordance with 18 NYCRR 385.2(d). Indicate below what the district’s process is for determining an individual’s disabilities and/or work limitations. (Select all that apply, and describe the process)

☒ District participates in the OTDA managed contract for independent medical evaluations.
☐ District contracts directly with a physician to provide independent medical evaluations.
☒ District accepts physician’s statement provided by participant.
☒ District accepts physician’s statement provided by participant but refers for an independent evaluation when deemed necessary
☐ Other process

If a client claims they have a disability or limitations that prevents them from being employed, the district will issue a LDSS-4526 to the client to be completed and returned to the district within 10 days. If the client can demonstrate good cause for needing an extension due to physician being unable to evaluate an extension of up to 30 days may be granted.

b. Indicated below is the process for reviewing the medical documentation to determine if the individual is exempt, nonexempt, or work limited and describe the process by which the determination is made. (Select all that apply)
☐ District directs the contracted physician or individual's physician to determine status.
☒ District review team reviews and determines status (described below).
☒ Specialized disability/medical staff or unit reviews and determines status (described below).
☐ Other

When medical documentation is received by the TANF, SAFETY NET MOE or SAFETY NET NON MOE unit's, the examiner assigned to the case will review the information and, if the client's ability to be employed or assigned to other activities, or the extent of any limitations is clearly documented, make the necessary determination of exempt, non-exempt, or work limited. The unit's examiner would process employment code changes to accurately reflect the client's current condition and process the necessary 4005 or 4005a form. If additional review of the documentation is needed, then a Senior Examiner or the unit's Principal II would make the determination as to the client's exempt, non-exempt, or work limitations. If a determination still cannot be made by the Examiner II or Employment Specialist, the individual would be referred to Industrial Medical Associates (IMA) for clarification.

When Project HIRE initiates the medical review for employment status, the documentation received is reviewed by the Senior Examiner assigned to the case for determination of exempt, non-exempt, or work limited; the 4005 and 4005a are processed accordingly. If additional review of the documentation is needed, then a Senior Examiner II or the Employment Specialist (Supervisor) would make the determination as to the client's exempt, non-exempt, or work limitations. If a determination still cannot be made by the Senior Examiner or Principal II, the individual would be referred to Industrial Medical Associates (IMA) for clarification.

9.2 Mental Health Screening and Assessment

☒ No

c. What screening tools does the district use? (Select all that apply)
   - LDSS 5009 - Mental Health Screening Tool
   - The computer assisted version of the Modified Mini Screening tool (MMS)
   - Other Screening tool (describe below)

d. If using the MMS, indicate below the district’s cutoff score (7, 8 or 9) for referral to a mental health evaluation.

e. Describe below the procedure the district uses if the screening tool warrants a mental health evaluation referral

9.3 Requirements for Exempt TA Participants (Reference 18 NYCRR 385.2 (e))

a. An exempt individual who has the potential to be restored to self-sufficiency through rehabilitation may be required to accept medical care to assist them in recovering from a mental or physical impairment, accept referral to and enrollment in a program of vocational rehabilitation, training, and/or other essential rehabilitation, and provide requested evidence that the individual is participating in the assigned program.

   Described below is the district’s procedure for determining if an individual, who is unable to work due to mental or physical impairment, has the potential through treatment or other rehabilitative activities to improve the ability to work. This determination is different from the determination of the individual’s disability exemption as covered in Section 9.1 of this Plan. Indicate who makes or assists in this determination that an individual can restore or improve employability through treatment or other rehabilitative activities (e.g., medical practitioner, employment worker, TA worker, local review team, etc.). Also indicate the source and type of information used to make the determination (e.g., information from individual’s medical practitioner, district contracted provider, specialist evaluation obtained as result of district referral, etc.).

   The determination as to whether an individual will respond to treatment or other rehabilitation to improve or restore their ability to be employed or participate in other activities is governed by the client’s personal medical practitioner, specialist, or OTDA’s managed contract for independent evaluations. This information would be contained in the reports received by the District from the various professionals that have been consulted either by the client or the agency. The treatment plan is updated bi-weekly when possible but at least monthly.

b. Described below is the district’s procedure for developing a treatment plan and for referring the participant to appropriate treatment, etc.

   For TANF and SAFETY MOE individuals, the Project HIRE Senior Examiner assigned to the case would follow up with the appropriate plan developed by the medical practitioner. For the SAFETY NET NON MOE client the safety net examiner would follow-up with the appropriate plan developed by the medical practitioner. The district would assist with appropriate supportive services to support the rehabilitation process. As the client progresses in this process, referrals to other agencies will be done as warranted including, but not limited to, Access-VR, Northeast Career Planning, Unity House PROS, and Samaritan PROS.
c. Described below is the district’s procedure for tracking the participant’s compliance with their treatment plan, including who in the district is responsible for monitoring compliance. Include elements such as monthly confirmation of attendance at rehabilitation or other factors to judge participation and progress, along with how often the treatment plan is updated.

The Rensselaer County Department of Social Services worker assigned to the case in the applicable unit oversees the treatment plan. This would include compliance with the plan, attendance records, and progress of the client. After reviewing the monthly documentation or recertification documentation, updates are made to the client's case as needed according to medical documentation.
