b. Below is a description of the office(s) in and/or outside of the Department of Social Services that are involved in the operation of the district’s employment program and include the responsibilities of each office.

The Schenectady County Department of Social Services contracts with the Schenectady County Job Training Agency (SJTA) to maintain a TA/SNAP Employment Program that meets the employment service needs of all TA/SNAP applicants and recipients who are residents of the county. Schenectady Job Training Agency (SJTA) is a separate county department that provides those services and oversees the employment support needs of the local community. The Director of Workforce Development is responsible for the supervision of all the employment programs in Schenectady County. The Welfare-to-Work program has a program director that answers directly to the Director of Workforce Development.

1.2 TA and SNAP Employment & Training (SNAP E&T) Provider Agencies

a. Table 1 lists the local contracts or agreements with agencies to provide employment services to TA and SNAP clients. These activities and services may include, but are not limited to: employability determinations; development of assessment and employment plans; conciliation and grievance activities; provision of work activities such as job readiness training; education and job skills training; monitoring and support for compliance with treatment plans for exempt individuals with the potential for restoration to self-sufficiency; job development; job placement and retention services; and other employment related activities.

Each contract listed in Table 1 contains an assurance that the activities are not otherwise available from that provider on a non-reimbursable basis, and, if not a performance-based contract, a statement regarding use of a cost allocation methodology that satisfies Generally Accepted Accounting Principles, as well as the requirements of U.S. Office of Management and Budget Circulars A-122 for nonprofit organizations, A-21 for educational institutions, or A-87 for State and local governments. Districts must maintain proper monitoring and oversight to ensure that contractors perform in accordance with the terms, conditions, and specifications of their contracts.

a. Described below are the district’s strategies for reducing the need for TA:

One effective strategy has been enrolling our population into the Schenectady County Career Center. This process allows customers to access funding for training in marketable industries such as healthcare, construction, welding, and truck driving. Customers enrolled with the Career Center also have access to supportive services, resume assistance, and workshops provided by staff, and partner organizations such as SEFCU. Additionally, the Career Center offers businesses services. The Business Services Representative on staff works with businesses to create spotlight videos highlighting local companies, and recruits a wide range of businesses to participate in hiring events that are offered regularly. The Business Service Rep also connects with businesses on issues impacting customers such as the benefits cliff. SJTA partners with the Employer Resource Network, to offer retention services to employees. All SJTA staff are trained and retrained in Bridges out of Poverty constructs, which is a comprehensive, collaborative effort designed to help individuals, families, and communities transition from poverty to sustainability.

4.2 Job Development

a. Does the district conduct or access job development services to expand job opportunities for TA and SNAP participants?
   ☑ Yes
   ☐ No

If Yes, select how the district participates in job development activities.

District staff contacts employers to solicit jobs for TA and SNAP Participants. Describe below how this is done, including number of staff, frequency of contacts, etc.

N/A, see below

District contracts or has an agreement with another agency to contact employers and solicit jobs for TA and/or SNAP participants. Describe below how this is done, including number of staff, frequency of contacts, etc.

Schenectady County Job Training Agency works with the Business Services Representative from the Capital Region Workforce Development Board. These activities include recruitment assistance for hiring needs of local businesses, and hiring events. TA and/or SNAP recipients are sometimes mandated and always encouraged to attend all scheduled hiring events. Additionally, Counselors conduct one on one outreach to employers through the Employer Resource Network to identify openings recipients can apply for and support a customer’s retention in a position should they get hired.

4.3 Training Approval and Activity Enrollment Policies (Reference 18 NYCRR 385.9)

a. Described below is how the district identifies appropriate education program providers for services of Adult Basic Education, High School Equivalency (HSE) diploma preparation, and English Language Instruction that are available to clients whose assessment indicates such services would be an appropriate work activity assignment:

The district has a long standing relationship with the Washington Irving Educational Center (WIEC) in providing the services listed above. They have a proven track record working with our population to provide these services around core activities as needed. They consistently exceed the state benchmark numbers on the National Reporting System. The programs at WIEC are provided to our participants at no cost to the county or the participant. Several other area programs are utilized as needed to fit the structure and needs of an individual's employability plan.

b. Described below is how the district identifies appropriate program providers of Vocational Education and Job Skills Training programs that are available to clients whose assessment indicates such services would be an appropriate work activity assignment:

There are several locations available that provide vocational education and High School Equivalency Diploma programs. The Counselors refer to the NYS Eligible Training Provider List (ETPL) to find appropriate training programs that fit the client’s needs and career pathway.
c. Described below are the process and guidelines workers follow to ensure that individuals who have not attained a basic literacy level and/or have not attained a high school diploma are offered the opportunity to participate in an educational activity:

During the employment assessment, everyone who meets the above criteria will be afforded the option to engage in Adult Basic Education or High School Equivalency as part of their employment plan.

d. Described below are the district’s process and policy, including the guidelines workers follow, when determining whether participation in educational activities is approved for individuals who have not attained a high school diploma who are interested in participating in an educational activity. Include in this section instances when the district would deny participation in educational activities:

Everyone is offered and encouraged to complete Adult Basic Education or High School Equivalency at the initial employment assessment. SJTA hosts an afternoon High School Equivalency class on site to help those individuals that wish to pursue their High School Equivalency Diploma. Individuals that have a track record of not completing educational activities in the past would be reevaluated to see if this activity is appropriate or any individual that doesn't need Adult Basic Education or High School Equivalency to be employed in their particular field may not be approved for these activities.

e. Described below is the district’s process and policy for determining whether a participant is approved/assigned to participate in job skills or vocational education activities:

The recipients' need for education and/or training will be identified during the employment assessment and employability planning process. The recipient's willingness to engage in education/training will be considered. Trainings or degrees already obtained by an individual, as well as Labor Market Information (LMI) for the desired credential, will be factored into the decision to allow additional educational activities to take place. If an individual already possesses a skill that is marketable, then educational activities may not be supported. The ability to meet participation and still engage in these activities would be considered. Individuals that have a track record of not completing educational activities in the past would be evaluated to see if the activity is appropriate.

f. Described below are the standards by which education and training providers are evaluated:

1. Flexible hours of operation
2. Availability of public transportation or agency transportation
3. Labor Market Information (LMI)
4. Documentation of attendance

g. Described below is the district’s procedure for advising participants of approved training:

Employment counselors will advise recipients of training programs in the area that could fit their needs. Recipients will be given written instructions for accessing the program by their employment counselor. Additionally, the Career Center has connections with many local providers through the NYS Eligible Training Provider List (ETPL).
h. Described below is the district's procedure for notifying participants they are approved for training or enrollment in a work activity:

Written communication is provided to the recipient and the training program/work site documenting the approved start date, time and a contact person at the assigned work activity. This document is generated by the employment counselor in WTWCMS and maintained in the recipient’s file.

i. Described below is how the district will monitor the high school attendance for 16-18 year-olds in order for them to retain their TA exempt status:

The district will verify high school attendance of 16-18 year old individuals at time of application and at the time of recertification.

j. Described below is the district’s procedure for ensuring that an individual’s health related limitations are accommodated when assigning the individual to a work activity:

Reasonable accommodation will be made to ensure recipient safety while engaged in work activity. Work activity will be assigned based on client ability to access the activity site safely given his/her documented physical/mental limitations. Offering will include virtual and phone activities when possible. Written communication is provided to the recipient and the training program/worksite documenting the approved start date, time, contact person at the assigned work activity, and any accommodation needed. This document is generated by the employment counselor and maintained in the recipient's file.

4.4 Post-Secondary Education Approval and Enrollment Policies

a. Described below is the highest level of post-secondary level education that the district will approve as a work activity, up to a four-year college program:

The recipients need for education and/or training will be identified during the employment assessment and employability planning process. Recipients engaged in a two year Associates program or those that have less than two years remaining on a four year degree program will be permitted to continue as long as their program is being completed in the standard timeframe, their GPA remains in good standing, and their degree will lead them into a career that is considered to be an in-demand occupation.

b. Described below is how the district will ensure that enrollments in post-secondary education beyond the 12-month lifetime limit are combined with a weekly average of at least 20 hours in paid employment activities which may include work study, work experience or community service:

Upon enrollment into post-secondary education, the 12 month lifetime limit is reviewed with recipients. If the individual is not employed 20 hours per week, the individual will be concurrently assigned to a work experience activity beyond the 12 month lifetime limit. An individual may also participate in a community service activity for at least 20 hours per week to meet the requirement after the individual has reached the 12 month lifetime limit.
c. In accordance with 18 NYCRR 385.9(b), regardless of whether the college program is approved for the participant as an employment work activity, the district will approve as a work activity a work-study, internship, externship or other work placement that is part of a non-graduate student’s curriculum unless one or more of the following conditions applies as checked below (Select all that apply):

- It has been determined that the student voluntarily quit their job or reduced earnings to qualify for initial or increased TA.
- A job or on-the-job training position that is comparable to the work-study, internship, externship or other work placement cannot reasonably be expected to exist in the private, public or not-for-profit sector.
- The student is not maintaining a cumulative C average (or the equivalent). The district may disregard this provision if the student documents an undue hardship.
- The institution or student fails to monitor and report information regarding the student’s attendance and performance as required.
- The student fails to progress toward the completion of a course of study without good cause, as determined by the district.
- The student has previously enrolled in work-study, internship, or other work placement and failed to complete the work placement without good cause as determined by the district.
- Additional reasons as stated below:

5. Work Requirements

5.1 Meeting TA Work Requirements

a. Described below is how the district plans to meet federal and State TA participation rate requirements. Include in this description the weekly hours standard participation requirements for individuals in the different case and household types, along with the typical time period it takes for nonexempt individuals to be engaged in activities for both newly opened cases and individuals whose status changed from exempt to nonexempt. (Information regarding engaging exempt individuals is entered in Section 9).

All nonexempt individuals that receive Temporary Assistance will be engaged in a combination of core and non-core work activities, not to exceed 40 hours of total combined hours of activity per week, within two weeks of case opening or change in employment status. This two week period allows for establishment of reliable childcare and resolution of any transportation concerns. Assigned work hours may vary depending on circumstances.

b. Estimate the number of individuals expected to receive employment services for:

c. Described below is how the district uses work participation management reports available through COGNOS or other reports and activities to monitor district progress toward meeting work participation requirements and ensuring full engagement by adults in work or work preparation activities:

The TA Director and SJTA senior staff consistently review numerous Cognos reports regarding participation on a monthly basis. Information is shared with line staff to ensure that all employable clients are engaged to their full potential and that every client is coded properly and engaged in employable activities as required. The TA unit monitors cases claiming exemption and updates their assessments accordingly.

d. Does the district assign TA applicants to Job Search? If yes, describe the district procedure for Job Search, including the required number of job search contacts and hours per week assigned. f. Described below is the district’s process and policy used for determining whether participation in self-employment is approved as part of an individual's required work activities, including the guidelines workers follow. If the district always approves self-employment as part of an individual’s required work activities, please note this policy below.

Participation in self-employment may be approved as part of an individual's work activities if the individual submits documentation of this self-employment including hours employed, wages earned, and dates of employment. This employment may not be approved if it does not meet minimum wage or the customer cannot show progress toward self-sufficiency. The number of hours of work for a self-employed individual will be determined by dividing the gross income (less documented business expenses) by the federal minimum wage. The individual may have to participate in additional activities to maintain hourly participation requirements.
5.2 Meeting SNAP Work Requirements

a. Described below is the extent to which the district requires NTA SNAP recipients to participate in SNAP E&T work activities. (Please note: Case management services must be provided to all participants enrolled in SNAP E&T activity):

Schenectady County does not mandate Non-Temporary Assistance SNAP applicants and recipients to participate in SNAP E&T work activities but does offer individuals assistance with job search activities at each contact. SJTA will make a qualifying ABAWD activity available if requested. Qualifying activities will include employment, participation in an educational or training program or job search and job readiness activities through the Workforce Innovation and Opportunity Act.

b. If the district is offering Supervised Job Search as an E&T activity component, describe below how the job search activity will be supervised and tracked, including the frequency of monitoring the participant’s job search efforts.

N/A

c. If the district is not mandating SNAP E&T work activity assignments, please describe below how NTA SNAP work registrants are informed of the services available, upon request, for assistance with job search activities. (Please note: At a minimum, districts are required to offer job search assistance to NTA SNAP applicants and recipients):

The district will offer job search assistance to NTA SNAP applicants and recipients. SJTA regularly distributes the Schenectady County Workforce Development flyer to all individuals including the NTA population. The flyer includes a variety of free Workforce Development resources brought to you by a host of Schenectady County partner organizations. SJTA also distributes a monthly workshop calendar that includes information about free virtual offerings such as virtual job fairs, online resume development, and interview preparation. Additionally, SJTA develops a quarterly newsletter. All of these resources are updated and made available on the district's website.

6. Quality Assurance/Work Verification

6.1 Quality Assurance Process - Random Case Sampling

Consistent with New York State’s approved Work Verification Plan (WVP), and in accordance with the requirements established by the United States Department of Health and Human Services, districts must develop a quality assurance plan to ensure that the data reported, from which their work participation rates are derived, are accurate. The plan must include the district’s procedure for monitoring reported scheduled and actual attendance in paid employment and unpaid work activities and the controls in place to ensure that reported exemption statuses resulting in federal exclusions from the work participation rate calculation are accurately made, work eligible individuals are correctly identified, hours of attendance reported are accurate and documented, data entry is accurate and that the district and its providers adhere to the approved work activity definitions and the determination of countable excused absences and holiday reporting within federal limits. Each district must maintain the documentation to verify what is being reported to NYS OTDA.
Each district must describe how it will conduct periodic self audits to determine that system entries are consistent with documentation in case files. The district must also explain how it will choose the sample size, select sample cases and establish the review period (no less frequently than semi-annually). The plan must indicate the district will maintain documentation on all pertinent findings produced through its self audit process and that case records for all reviewed cases will be available for State and other auditors in their review of the local work verification system for the standard 6 year period associated with such reviews.

The district will sample cases from each month within the (6 month) semi-annual period. The October to March review will be due by May 20th. The April to September review will be due by November 20th. The results of these audits will enable the district to identify policies, processes or cases that may need corrective action.

After each self audit is completed, the district must submit a summary of findings to OTDA A&QI at AQI.WV.SelfAudits@otda.ny.gov for State review including specific information on each of the errors identified. In addition, when monitoring reveals substantial problems, the district must describe the corrective action it will take.

The Quality Assurance (QA) plan must include the following elements:

- Ensure that documentation of wages and actual hours of employment is verified and accurately projected/reported and present in the case file, is actual and is projected correctly;
- Ensure that the documentation for actual hours, supervision/attendance, excused absences, and holidays in other activities is present in the case file;
- Assess whether participation in the work activities reported for work eligible individuals meets the approved federal definition for the activity;
- Assess that the data entered into either WTWCMS, NYCWAY or other automated systems used for reporting work activities is accurate, including actual hours, excused absences and holidays; and is based on documentation in the case record; and
- Ensure that documentation necessary to determine an individual to be exempt due to being the parent caretaker of a disabled household member (Employability Code 38 or 48), and/or parent or caretaker relative of a child in the household under 12 months of age, (Employability code 31), is present in the case file and that individuals meet the exempt status based on the required documentation.

Below is the number of random sample cases in which a case member is reported as an TA employability code 38 – “Parent needed in the home full time to care for an incapacitated/disabled household member” or TA employability code 48 – “Needed in the home to care for an incapacitated child full time – time limit exemption”. Refer to the Instruction Guide for the minimum number of cases per district and guidance regarding review requirements.
3 cases

d. Below is the number of random sample cases in which a case member is reported as an employability code 31 – “Parent or caretaker relative of a child under 12 months of age”. Refer to the Instruction Guide for the minimum number of cases per district and guidance regarding review requirements.
3 cases

The district will review district worker or approved provider/vendor collected documentation and data entry of the above listed elements. The district will assess and verify that participation in the reported work activities listed above meet the State approved definition for the activity.

6.2 Use of Outside Providers/Vendors

a. Does the district utilize outside providers/vendors to collect documentation and enter data directly into WTWCMS?
   □ Yes
   ☒ No

b. Indicated below are the services the district will use to assist those participants who need transportation to and from an approved work activity site, including any applicable mileage reimbursement rate, and the method used by the district to arrive at that reimbursement rate. OTDA policy establishes a mileage reimbursement rate of no less than the IRS established rate for medical/moving purposes. In all instances, should the actual cost of transportation needed to participate in an assigned work activity exceed the reimbursement rate determined by the district, the district will reimburse for the actual costs based on reasonable documentation submitted by the work activity participant. (Select all that apply)

If an individual is claiming a medical limitation or stating that they are unable to work at all, they are given an agency medical form to be filled out by their physician. The individual is not engaged in any work activities until employability status can be determined and the individual is notified of the agency’s determination. When the agency medical is received by the agency, it is reviewed by a TA Examiner and a Senior Examiner. If the agency medical is not clear about the limitation(s), a referral to the agency’s contracted physician, Industrial Medical Associates, (IMA) may be requested in order to help determine employability status.

e. Describe below the procedure the district uses if the screening tool warrants a mental health evaluation referral
9.3 Requirements for Exempt TA Participants (Reference 18 NYCRR 385.2 (e))

a. An exempt individual who has the potential to be restored to self-sufficiency through rehabilitation may be required to accept medical care to assist them in recovering from a mental or physical impairment, accept referral to and enrollment in a program of vocational rehabilitation, training, and/or other essential rehabilitation, and provide requested evidence that the individual is participating in the assigned program.

Described below is the district's procedure for determining if an individual, who is unable to work due to mental or physical impairment, has the potential through treatment or other rehabilitative activities to improve the ability to work. This determination is different from the determination of the individual's disability exemption as covered in Section 9.1 of this Plan. Indicate who makes or assists in this determination that an individual can restore or improve employability through treatment or other rehabilitative activities (e.g., medical practitioner, employment worker, TA worker, local review team, etc.). Also indicate the source and type of information used to make the determination (e.g., information from individual's medical practitioner, district contracted provider, specialist evaluation obtained as result of district referral, etc.).

Schenectady County works with recipients to determine if a disabled individual has the potential to be restored to self-sufficiency by reviewing the medical documentation submitted by the recipient. This decision is made by the Examiner and TA Supervisor. District will refer recipients to IMA for physical and behavioral evaluation to assist in determining the potential for employability. The Temporary Assistance Unit continually monitors the recipients coded 70, 41, 42, and 43 to update as deemed appropriate.

b. Described below is the district’s procedure for developing a treatment plan and for referring the participant to appropriate treatment, etc.

Schenectady County reviews cases and obtains medical documentation in implementing treatment plans in accordance with the medical practitioner's treatment plan recommendation. The plan is discussed with the individual along with their responsibility to attend the treatment program. Referrals to treatment programs come from the TA Examiner and/or SJTA Employment Counselor.

c. Described below is the district’s procedure for tracking the participant’s compliance with their treatment plan, including who in the district is responsible for monitoring compliance. Include elements such as monthly confirmation of attendance at rehabilitation or other factors to judge participation and progress, along with how often the treatment plan is updated.

A TA Supervisor monitors participant compliance with the treatment plan by reviewing case notes, requesting medical documentation from providers, calling recipients into the Department to review and document their treatment participation at time of re-certification or at the completion of a treatment program. We require that all applicants for and recipients of Public Assistance take all necessary action to reduce their need for assistance and participate in any rehabilitative treatment that will restore full or partial employability.
10. District Certification

10.1 Certification

As a condition of the receipt of federal and State funds the Local District Commissioner of Schenectady County Department of Social Services submits this Temporary Assistance (TA) and Supplemental Nutrition Assistance Program (SNAP) Employment Plan (Plan) to the New York State Office of Temporary and Disability Assistance. The Plan outlines the administration of employment services for TA and SNAP applicants and recipients for the period January 1, 2022 through December 31, 2023.
