(Attachments must be uploaded to the system through the “Documents” screen prior to submitting the plan. Use the textbox below to provide any additional information.)

Organizational chart is attached.

b. Below is a description of the office(s) in and/or outside of the Department of Social Services that are involved in the operation of the district’s employment program and include the responsibilities of each office.

a. Table 1 lists the local contracts or agreements with agencies to provide employment services to TA and SNAP clients. These activities and services may include, but are not limited to: employability determinations; development of assessment and employment plans; conciliation and grievance activities; provision of work activities such as job readiness training; education and job skills training; monitoring and support for compliance with treatment plans for exempt individuals with the potential for restoration to self-sufficiency; job development; job placement and retention services; and other employment related activities.

Each contract listed in Table 1 contains an assurance that the activities are not otherwise available from that provider on a non-reimbursable basis, and, if not a performance-based contract, a statement regarding use of a cost allocation methodology that satisfies Generally Accepted Accounting Principles, as well as the requirements of U.S. Office of Management and Budget Circulars A-122 for nonprofit organizations, A-21 for educational institutions, or A-87 for State and local governments. Districts must maintain proper monitoring and oversight to ensure that contractors perform in accordance with the terms, conditions, and specifications of their contracts.

Literacy Volunteers TALL/TEL electronically send reports to the Employment Principal Welfare Examiner quarterly that obtain client names and attendance. These are then reviewed by the Employment Principal Welfare Examiner.

4.2 Job Development

a. Does the district conduct or access job development services to expand job opportunities for TA and SNAP participants?

☐ Yes
☒ No

If Yes, select how the district participates in job development activities.

District staff contacts employers to solicit jobs for TA and SNAP Participants. Describe below how this is done, including number of staff, frequency of contacts, etc.

District contracts or has an agreement with another agency to contact employers and solicit jobs for TA and/or SNAP participants. Describe below how this is done, including number of staff, frequency of contacts, etc.
4.3 Training Approval and Activity Enrollment Policies (Reference 18 NYCRR 385.9)

a. Described below is how the district identifies appropriate education program providers for services of Adult Basic Education, High School Equivalency (HSE) diploma preparation, and English Language Instruction that are available to clients whose assessment indicates such services would be an appropriate work activity assignment:

There are a limited number of providers in our area for program services of Adult Basic Education, TASC/HSE preparation, and English Language Instruction. WIOA identifies these programs for DSS.

b. Described below is how the district identifies appropriate program providers of Vocational Education and Job Skills Training programs that are available to clients whose assessment indicates such services would be an appropriate work activity assignment:

There is difficulty in identifying providers for this service in our area due to the limited resources and limited transportation to the resources available. Again WIOA is responsible to evaluate and recommend any available programs.

c. Described below are the process and guidelines workers follow to ensure that individuals who have not attained a basic literacy level and/or have not attained a high school diploma are offered the opportunity to participate in an educational activity:

During the initial assessment, education level and educational activities are discussed. Appropriate referrals are completed by the Employment Specialist to begin the engagement to the educational activity.

d. Described below are the district’s process and policy, including the guidelines workers follow, when determining whether participation in educational activities is approved for individuals who have not attained a high school diploma who are interested in participating in an educational activity. Include in this section instances when the district would deny participation in educational activities:

All recipients who do not have a high school diploma or TASC/HSE are scheduled to attend the BOCES program to prepare and obtain a HSE which is located at our Career Center. Recipients have to score at a certain level when being TABE tested before they are scheduled to attend HSE classes. If the score is below then remedial educational opportunities, if available, are offered. There are no instances we would not approve educational activities. If it was determined an individual did not have the basic skills necessary to be successful in HSE classes they would be referred to Adult Basic Ed or Literacy Volunteers.
e. Described below is the district’s process and policy for determining whether a participant is approved/assigned to participate in job skills or vocational education activities:

Approved training shall fall into two categories, Self-Initiated Trng and Center-Initiated Trng:

1. Self-Initiated shall be defined as education/training activities in which the individual has enrolled without the prior approval of DSS staff. A mtg is conducted between the Empl Spec and the SSWE and/or PWE. During this mtg previous compliance/non-compliance is reviewed along with the current educational level of the client. Also reviewed is whether or not the activity they are currently in will lead to a specific job which is a demand occupation located on the NYSDOL website. If the approval is granted, the recipient must participate in the full range of other work activities that may be assigned, including, but not limited to: job search, job development and placement, community service, work experience, and unsubsidized employment. 2. Center initiated education/training activities are defined as those assigned by DSS staff as part of the empl plan. Assignment to education/training activities will include an evaluation of recipient skills, abilities and needs and will be based on the availability of funds and programs in the community. If the approval is granted, the recipient must participate in the full range of other work activities that may be assigned including but not limited to: job search, job development and placement, community service, work experience, and unsubsidized employment. Note: Work experience will be assigned in conjunction with education/training work activities up to a level enabling the district to count the recipient as participating as defined by State/Federal regulations. Persons participating in approved Center-Initiated education/trng work experience will be required at a level to count as participating for Federal/State participation rates. The hrs that an indi may be assigned to work experience is limited to no more than the hrs derived by dividing the public assistance grant plus SNAP allotment by the higher of the federal or state minimum wage or may be excused from participation in work experience in such instances where the individual’s ability to participate successfully in trng would be negatively impacted by participation in work experience, and such exemption would not affect the individual’s status as counting for federal and State participation levels. Each case’s participation level will be determined separately. The Director of E&TS or designee will have final sign-off on such exemptions.

f. Described below are the standards by which education and training providers are evaluated:

Training providers are limited in our area and we essentially utilize our local BOCES. We evaluate our providers and the services that they offer according to the program curriculum, have performance based contracts, provide outcome measures that are in keeping with the program purpose and who are willing to enroll and support the clientele that we serve.

g. Described below is the district's procedure for advising participants of approved training:

Employment Specialist verbally advises the participant of any approved training providers during the employment plan appointment. If the client engages in any of those activities then that is added in their Employment Plan.
h. Described below is the district's procedure for notifying participants they are approved for training or enrollment in a work activity:

The district shall notify, in writing, all recipients of approval or disapproval for enrollment in work activities. The individual employment plan will indicate activities assigned and a copy will be provided to each applicant/recipient. Approval or disapproval of education/training work activities shall be provided in writing in the same manner.

i. Described below is how the district will monitor the high school attendance for 16-18 year-olds in order for them to retain their TA exempt status:

Staff will utilize state prescribed form LDSS-3708 which is requested from the head of household at initial eligibility and at recertification to monitor attendance. Satisfactory school attendance will be defined as meeting local school district(s) policy for attendance and performance. LDSS-3708 is mailed directly to school districts every October of each year, every mid-January of each year and every mid-March of each year.

j. Described below is the district's procedure for ensuring that an individual's health related limitations are accommodated when assigning the individual to a work activity:

Staff will rely on the medical/psychiatric information given to them by the professional that assessed or evaluated the individual's condition when assigning work activities. Staff notifies the worksite via email or written referral of any/all limitations of said client.

4.4 Post-Secondary Education Approval and Enrollment Policies

a. Described below is the highest level of post-secondary level education that the district will approve as a work activity, up to a four-year college program:

Associates Degree and only one year of a vocational education program will be approved as vocational education.

b. Described below is how the district will ensure that enrollments in post-secondary education beyond the 12-month lifetime limit are combined with a weekly average of at least 20 hours in paid employment activities which may include work study, work experience or community service:

Recipient will be assigned to work experience, see 4.3e above.
c. In accordance with 18 NYCRR 385.9(b), regardless of whether the college program is approved for the participant as an employment work activity, the district will approve as a work activity a work-study, internship, externship or other work placement that is part of a non-graduate student’s curriculum unless one or more of the following conditions applies as checked below (Select all that apply):

- ☒ It has been determined that the student voluntarily quit their job or reduced earnings to qualify for initial or increased TA.
- ☒ A job or on-the-job training position that is comparable to the work-study, internship, externship or other work placement cannot reasonably be expected to exist in the private, public or not-for-profit sector.
- ☒ The student is not maintaining a cumulative C average (or the equivalent). The district may disregard this provision if the student documents an undue hardship.
- ☒ The institution or student fails to monitor and report information regarding the student’s attendance and performance as required.
- ☒ The student fails to progress toward the completion of a course of study without good cause, as determined by the district.
- ☒ The student has previously enrolled in work-study, internship, or other work placement and failed to complete the work placement without good cause as determined by the district.
- ☐ Additional reasons as stated below:

5. Work Requirements

5.1 Meeting TA Work Requirements

a. Described below is how the district plans to meet federal and State TA participation rate requirements. Include in this description the weekly hours standard participation requirements for individuals in the different case and household types, along with the typical time period it takes for nonexempt individuals to be engaged in activities for both newly opened cases and individuals whose status changed from exempt to nonexempt. (Information regarding engaging exempt individuals is entered in Section 9).

Employment Center staff work with each individual to assess and meet the needs of that individual. Assignments to activities are done in keeping with goals of the individual’s employment plan. Applicants are engaged in activities from the date of application and this continues until the goal of engagement in f/t employment occurs; Recipients whose status changes from exempt to non-exempt are re-engaged within 10 business days. Standard hours of assignment for work activities are 20 hours for households with a child under 6, 35 hours for a household with children over age 6, up to 40 hours for intact 2 parent households and 35 hours for SN individuals. All non-exempt individuals are assigned up to 40 hours weekly.

c. Described below is how the district uses work participation management reports available through COGNOS or other reports and activities to monitor district progress toward meeting work participation requirements and ensuring full engagement by adults in work or work preparation activities:

The Employment Supervisor reviews all management reports that are available daily to ensure/monitor progress of full engagement and participation. If during the review a client is identified as being under-enrolled in activities the Employment Supervisor contacts the worker via email and directs them to fully engage the client.

d. Does the district assign TA applicants to Job Search? If yes, describe the district procedure for Job Search, including the required number of job search contacts and hours per week assigned. f. Described below is the district’s process and policy used for determining whether participation in self-employment is approved as part of an individual’s required work activities, including the guidelines workers follow. If the district always approves self-employment as part of an individual’s required work activities, please note this policy below.

Tioga county accepts self-employment as part of an individuals’ required work activities. Their income is verified via their yearly taxes or if just starting their business, a 3 month self-employment worksheet must be completed quarterly. For TANF a review of earnings/hours worked is conducted every 180 days. For SNA a review of earnings/hours worked is conducted every 90 days. If their gross income is less than minimum wage, the worker then calculates what work experience hours are needed in order to meet participation; after the hours are calculated, if they aren’t working enough hours to meet participation, in addition we assign them to WEP. Absent other documentation of the hours of self-employment the number of hours are divided by the individuals net income after subtracting certain allowable (as described in 95 INF-33) business expenses (this is the amount counted as temporary assistance gross income before earned disregards in the ABEL budget) by the federal minimum wage.

5.2 Meeting SNAP Work Requirements

a. Described below is the extent to which the district requires NTA SNAP recipients to participate in SNAP E&T work activities. (Please note: Case management services must be provided to all participants enrolled in SNAP E&T activity):

Tioga County does not currently mandate SNAP E&T work activities for the NTA SNAP population.

b. If the district is offering Supervised Job Search as an E&T activity component, describe below how the job search activity will be supervised and tracked, including the frequency of monitoring the participant’s job search efforts.

N/A
c. If the district is not mandating SNAP E&T work activity assignments, please describe below how NTA SNAP work registrants are informed of the services available, upon request, for assistance with job search activities. (Please note: At a minimum, districts are required to offer job search assistance to NTA SNAP applicants and recipients):

All NTA SNAP applicants/recipients are given the opportunity to utilize our Career Center services as well as our employment unit Staff for job search activities. When screened for TA benefits or interviewed for NTA/SNAP benefits, clients are informed of assistance with job search activities and locally available job search resources is available via Tioga Career Center.

6. Quality Assurance/Work Verification

6.1 Quality Assurance Process - Random Case Sampling

Consistent with New York State’s approved Work Verification Plan (WVP), and in accordance with the requirements established by the United States Department of Health and Human Services, districts must develop a quality assurance plan to ensure that the data reported, from which their work participation rates are derived, are accurate. The plan must include the district’s procedure for monitoring reported scheduled and actual attendance in paid employment and unpaid work activities and the controls in place to ensure that reported exemption statuses resulting in federal exclusions from the work participation rate calculation are accurately made, work eligible individuals are correctly identified, hours of attendance reported are accurate and documented, data entry is accurate and that the district and its providers adhere to the approved work activity definitions and the determination of countable excused absences and holiday reporting within federal limits. Each district must maintain the documentation to verify what is being reported to NYS OTDA.

Each district must describe how it will conduct periodic self audits to determine that system entries are consistent with documentation in case files. The district must also explain how it will choose the sample size, select sample cases and establish the review period (no less frequently than semi-annually). The plan must indicate the district will maintain documentation on all pertinent findings produced through its self audit process and that case records for all reviewed cases will be available for State and other auditors in their review of the local work verification system for the standard 6 year period associated with such reviews.

The district will sample cases from each month within the (6 month) semi-annual period. The October to March review will be due by May 20th. The April to September review will be due by November 20th. The results of these audits will enable the district to identify policies, processes or cases that may need corrective action.

After each self audit is completed, the district must submit a summary of findings to OTDA A&QI at AQI.WV.SelfAudits@otda.ny.gov for State review including specific information on each of the errors identified. In addition, when monitoring reveals substantial problems, the district must describe the corrective action it will take.

The Quality Assurance (QA) plan must include the following elements:
• Ensure that documentation of wages and actual hours of employment is verified and accurately projected/reported and present in the case file, is actual and is projected correctly;
• Ensure that the documentation for actual hours, supervision/attendance, excused absences, and holidays in other activities is present in the case file;
• Assess whether participation in the work activities reported for work eligible individuals meets the approved federal definition for the activity;
• Assess that the data entered into either WTWCMS, NYCWAY or other automated systems used for reporting work activities is accurate, including actual hours, excused absences and holidays; and is based on documentation in the case record; and
• Ensure that documentation necessary to determine an individual to be exempt due to being the parent caretaker of a disabled household member (Employability Code 38 or 48), and/or parent or caretaker relative of a child in the household under 12 months of age, (Employability code 31), is present in the case file and that individuals meet the exempt status based on the required documentation.

a. Below is the number of random sample cases of participation in paid work activities the district will review semi-annually. Refer to the Instruction Guide for the minimum number of cases per district and guidance regarding review requirements.
   6 cases

b. Below is the number of random sample cases of participation in unpaid work activities the district will review semi-annually. Refer to the Instruction Guide for the minimum number of cases per district and guidance regarding review requirements.
   6 cases

c. Below is the number of random sample cases in which a case member is reported as an TA employability code 38 – “Parent needed in the home full time to care for an incapacitated/disabled household member” or TA employability code 48 – “Needed in the home to care for an incapacitated child full time – time limit exemption”. Refer to the Instruction Guide for the minimum number of cases per district and guidance regarding review requirements.
   3 cases

d. Below is the number of random sample cases in which a case member is reported as an employability code 31 – “Parent or caretaker relative of a child under 12 months of age”. Refer to the Instruction Guide for the minimum number of cases per district and guidance regarding review requirements.
   3 cases

The district will review district worker or approved provider/vendor collected documentation and data entry of the above listed elements. The district will assess and verify that participation in the reported work activities listed above meet the State approved definition for the activity.

6.2 Use of Outside Providers/Vendors

a. Does the district utilize outside providers/vendors to collect documentation and enter data directly into WTWCMS?
   ☐ Yes
   ☒ No
b. If Yes, does the district’s provider/vendor documentation collection, data entry and management of WTWCMS follow the same process that would be used by the district worker?
☐ Yes
☐ No

c. If No, describe below the process used:

7. Supportive Services

7.1 TA and Non-TA SNAP Applicants and Recipients in Work Activities Approved by the District

a. The district must provide childcare in accordance with the childcare section of the district’s Child and Family County Services Plan. The district will also provide the following expenses, which the district deems necessary for the individual to participate in orientation, assessment, employment planning, approved work activities and activities to restore self-sufficiency:

Actual costs of items needed for supported job search. Reimbursement for mileage in use of personal vehicles where public transportation is not available or appropriate at the current AAA rate. Participants must provide verification of actual mileage to receive reimbursement. If the actual cost of gas necessary to meet the assigned participation requirement exceeds the current AAA rate, we will increase the reimbursement to meet the actual fuel cost. Automotive repairs or insurance premiums where necessary to allow the individual to obtain/retain employment. Up to 3 estimates may be required. Purchase of essential items such as clothing, footwear, tools, etc. when necessary for the individual to obtain employment. Up to 3 estimates may be required. Payment for licensure, testing fees and other costs related to Federal, State or local certification requirements for specific employment goals. Verification may be required. Please note that this may fluctuate if the AAA rate changes. Note: Any/all possible limitations pertaining to the above supportive services are reviewed and determined on a case-by-case basis by the Employment Supervisor. Any/all supportive services over $1,000 must receive Commissioner or Administration approval.

b. Indicated below are the services the district will use to assist those participants who need transportation to and from an approved work activity site, including any applicable mileage reimbursement rate, and the method used by the district to arrive at that reimbursement rate. OTDA policy establishes a mileage reimbursement rate of no less than the IRS established rate for medical/moving purposes. In all instances, should the actual cost of transportation needed to participate in an assigned work activity exceed the reimbursement rate determined by the district, the district will reimburse for the actual costs based on reasonable documentation submitted by the work activity participant. (Select all that apply)
☐ Bus pass/token
☒ Gas card/voucher
☐ Mileage reimbursement at IRS Business rate (effective 1/1/21 is 56 cents/mi)
☐ Mileage reimbursement at IRS Medical/Moving rate (effective 1/1/21 is 16 cents/mi)
Other mileage rate (please explain methodology used to establish reimbursement rate):

The district has opted to use the current AAA mileage rate for reimbursement.

c. OTDA policy establishes a distance not to exceed two miles as the maximum distance that the district can require a participant to walk to a work activity assignment or to access public transportation. Describe below the distance an individual may be required to walk, each way, to a work activity or to access public transportation:

The maximum distance is 2 miles by foot which coincides with our definition of reasonable distance outlined in the Consolidated Services Plan regarding Daycare issues. Participants with physical limitations will be accommodated.

d. Described below are the services the district will provide to assist individuals at risk of needing TA to improve their opportunities for employment or to maintain their employment:

See section 7.1 (a) & (b)

7.2 Post-Employment/Transitional Supportive Services

a. Described below are the supports and strategies the district will provide to support job retention:

See Section 7.1 (a) & (b) including transitional SNAP benefits, Medicaid, child care and any other supportive services that an individual could receive. The district will provide the above support services, for up to 90 days after case closing, to individuals whose TA cases have closed due to employment; see Section 7. Such services will be provided on a case-by-case basis, requiring verification as necessary to establish need.

b. Described below are the support services (for up to 90 days after case closing) the district will provide to individuals whose TA cases have closed due to employment:

If eligible under the TANF Services 200% of poverty eligibility guidelines, the district will provide services described in section 7 to individuals to maintain employment.

7.3 Extended Support Services

8. Conciliation, Sanction and Dispute Resolution Procedures

8.1 Conciliation

a. The district’s conciliation process for TA applicants and recipients must be conducted in accordance with 18 NYCRR 385.11(a). Indicate below how conciliations are conducted. (Select all that apply and describe the procedure below).

- In person
- By phone
- By mail

A conciliation notice is generated via WTWCMS and mailed to the recipient. During the conciliation meeting, which consists of the Employment Specialist, the Mediator and the client, the conciliation notification form (LDSS-4230) is reviewed and explained, specifically the good cause and exemptions area of the form. The Mediator begins the meeting by explaining the conciliation meeting process and their specific role. During this process the good cause and exemptions are once again discussed to possibly lead to a positive resolution. After the conciliation procedure takes place, the Supervisor reviews CMS, along with the typed summary of the actual conciliation and any other supportive documentation from either the worker or the Recipient; the review takes place to identify a possible pattern of unwillingness to comply with necessary Federal/State work rules. The Supervisor makes determinations, on a case-by-case basis. The steps that the Recipient takes to address issues within the Recipient’s control which prevent him/her from complying with the necessary employment requirement(s) are also explored in each instance on non-compliance.

b. Who makes the TA good cause/willfulness determination? (Select all that apply)

- The client’s employment worker
- A supervisor in the district
- A separate entity (describe below):

complying with the necessary employment requirement(s) are also explored in each instance on non-compliance.

d. Who makes the SNAP E&T good cause/willfulness determination? (Select all that apply)
   - [ ] The client’s employment worker
   - ☒ A supervisor in the district
   - [ ] A separate entity (describe below):

e. Described below is the district’s procedure for engaging SNAP recipients in a work activity to demonstrate compliance to avoid a SNAP E&T related sanction:

The client is notified in writing of the non-compliance issue and is given 10 days to respond to the conciliation notice. When the conciliation notice is mailed to the client, included is a job search log along with the option to avoid notice that explains the required amount of job searches that need to be submitted to avoid the pending sanction. If the client feels there is good cause for their noncompliance that determination is made during the conciliation appointment. If the client does not have good cause for their non-compliance, the client can still avoid a SNAP sanction demonstrating compliance via job search or WEP. If they choose job search they must have 10 job contacts within a 5 consecutive business day period; this will be worker-supervised. If they choose WEP then the Employment Specialist would assign them to a work experience site for a 5 consecutive business day period.

8.2 Sanction

a. Described below is the district’s procedure for determining compliance for those TA recipients who wish to end their employment sanction (18 NYCRR 385.12, 385.13), including the time period established for demonstrating compliance to the satisfaction of the district:

This is dependent on the reason for the sanction and its duration. The client has to either show willingness to comply by participating in the previous activity that was originally assigned or any other activity as assigned by the district; provide verification of compliance (i.e. sign-in sheets or collateral contact with the assignment verifying customer participation/completion of assignment); the client must show compliance for 5 full days and wait for time durations to expire. Temporary Assistance benefits are restored retroactive to the date the individual indicated a willingness to comply (but no earlier than the expiration of the minimum duration period).

b. Describe below the district’s procedure for determining compliance for those SNAP recipients who wish to end their employment sanction (18 NYCRR 385.12, 18 NYCRR 385.13), including the time period established for demonstrating compliance to the satisfaction of the district:

Recipients must request to be added back to the case after the minimum duration has ended and comply with work requirements as assigned by the district. Clients comply via job search or WEP. If they choose job search they must have 10 job contacts within a 5 consecutive business day period; this will be worker-supervised. If they choose WEP then the Employment Specialist would assign them to a work experience site for a 5 consecutive business day period. Those who document an exemption may have their SNAP sanction
lifted before the end of the durational sanction period.

8.3 Dispute Resolution

a. The district’s procedure for individuals who wish to dispute their work activity assignments, including individuals who dispute the district’s response to their request for health-related accommodations must be conducted in accordance with 18 NYCRR 385.11(c). Indicate below who mediates the grievance.

☐ An independent entity which has an agreement with the district
☐ Supervisory staff who are trained in mediation and who have no direct responsibility for the individual’s case
☒ Designated supervisory staff who have no direct responsibility for the individual’s case and who are not trained in mediation

9. Disability Determinations, Documentation and Requirements of Exempt Individuals

9.1 Disability Determination Process and Tools

a. The district’s process for determining an individual’s disabilities and/or work limitations must be in accordance with 18 NYCRR 385.2(d). Indicate below what the district’s process is for determining an individual’s disabilities and/or work limitations. (Select all that apply, and describe the process)

☒ District participates in the OTDA managed contract for independent medical evaluations.
☐ District contracts directly with a physician to provide independent medical evaluations.
☐ District accepts physician’s statement provided by participant.
☒ District accepts physician’s statement provided by participant but refers for an independent evaluation when deemed necessary
☐ Other process

The client is required to obtain a completed medical form (LDSS 4526) indicating disability determination from their physician that must state diagnosis, prognosis and length of time; client must provide it to our office. We then will accept that determination or, if deemed necessary, refer to our contracting agency, Tioga Opportunities, Inc. and their disability liaison, for an independent evaluation.

b. Indicated below is the process for reviewing the medical documentation to determine if the individual is exempt, nonexempt, or work limited and describe the process by which the determination is made. (Select all that apply)

☒ District directs the contracted physician or individual’s physician to determine status.
☐ District review team reviews and determines status (described below).
☐ Specialized disability/medical staff or unit reviews and determines status (described below).
☐ Other
9.2 Mental Health Screening and Assessment

a. In addition to screening for a disability as part of the application or disability determination process, does the district administer a screening tool for TA participants to help determine whether a referral for a mental health evaluation is warranted?
   ☐ Yes  ☑ No

b. Describe the district’s policy for determining when a program participant is offered a mental health screen:

c. What screening tools does the district use? (Select all that apply)
   ☐ LDSS 5009 - Mental Health Screening Tool
   ☐ The computer assisted version of the Modified Mini Screening tool (MMS)
   ☐ Other Screening tool (describe below)

d. If using the MMS, indicate below the district's cutoff score (7, 8 or 9) for referral to a mental health evaluation.

e. Describe below the procedure the district uses if the screening tool warrants a mental health evaluation referral

9.3 Requirements for Exempt TA Participants (Reference 18 NYCRR 385.2 (e))

a. An exempt individual who has the potential to be restored to self-sufficiency through rehabilitation may be required to accept medical care to assist them in recovering from a mental or physical impairment, accept referral to and enrollment in a program of vocational rehabilitation, training, and/or other essential rehabilitation, and provide requested evidence that the individual is participating in the assigned program.

Described below is the district’s procedure for determining if an individual, who is unable to work due to mental or physical impairment, has the potential through treatment or other rehabilitative activities to improve the ability to work. This determination is different from the determination of the individual’s disability exemption as covered in Section 9.1 of this Plan. Indicate who makes or assists in this determination that an individual can restore or improve employability through treatment or other rehabilitative activities (e.g., medical practitioner, employment worker, TA worker, local review team, etc.). Also indicate the source and type of information used to make the determination (e.g., information from individual’s medical practitioner, district contracted provider, specialist evaluation obtained as result of district referral, etc.).

1. DSS Employment/Eligibility Staff, and Program Supervisors may make the determination individually or as a group.  2. Determinations are made based on information provided by the individuals medical/psychiatric provider or by an independent medical and/or psychological review/evaluation.  3. LDSS 4005/4005(a) is issued to the individual.  4. Individuals may be assigned to or be engaged in treatment or other rehabilitative activities that accommodate identified need. The individual will then be observed and their progress monitored and assessed. If the evidence supports that the individual is making progress toward restoration to self-sufficiency then that path is continued. If the individual is not
making progress we utilize the observation and information to establish a path toward disability (SSI).

b. Described below is the district’s procedure for developing a treatment plan and for referring the participant to appropriate treatment, etc.

The district relies on information and suggestion from the individuals medical/psychiatric provider or the independent review/evaluations in developing treatment plans or referring to treatment.

c. Described below is the district’s procedure for tracking the participant’s compliance with their treatment plan, including who in the district is responsible for monitoring compliance. Include elements such as monthly confirmation of attendance at rehabilitation or other factors to judge participation and progress, along with how often the treatment plan is updated.

The district reviews individual employment plans (which include compliance with specified treatment plans) on a bi-weekly basis. This is done individually and providers are contacted so that attendance, participation, and progress are monitored and so noted.

10. District Certification

10.1 Certification

As a condition of the receipt of federal and State funds the Local District Commissioner of Tioga County Department of Social Services submits this Temporary Assistance (TA) and Supplemental Nutrition Assistance Program (SNAP) Employment Plan (Plan) to the New York State Office of Temporary and Disability Assistance. The Plan outlines the administration of employment services for TA and SNAP applicants and recipients for the period January 1, 2022 through December 31, 2023. Submission of this Plan certifies that the district has read and accepts the terms of this certification and hereby affirms that employment services programs will be administered in accordance with all applicable federal and State policies, laws, regulations and provisions of this Plan.
